BEREAVED WOMEN — Escorted by Secret Service agents, the widow and daughter of Harry S. Truman leave the family home. Mrs. Margaret Truman Daniel, the Truman's only child, holds her mother's cane and lends an arm for the brief walk to the car at Independence, Mo. (AP Wirephoto)

Vietnam air raids continue

SAIGON (AP) — U.S. bombers kept up saturation air attacks against the Hanoi and Haiphong areas today, and the U.S. Command announced the loss of two more B52 bombers and a big rescue helicopter.

Six men were reported missing in one of the B52s, raising to at least 81 the total number of Americans missing, killed or captured in the air attack on the North Vietnamese heartland that began Dec. 18. Two other Americans were killed aboard a Navy destroyer hit by shore fire.

The attack on the heavily defended Hanoi and Haiphong areas resulted in the heaviest weekly American casualties in nearly two years. The U.S. Command's weekly casualty summary today said seven Americans were killed in action last week, 73 were missing and 29 were wounded. Four of the dead were killed in air operations in Laos, the Command said.

North Vietnam said again that it would not yield to the heaviest air assaults of the war, which have left much of greater Hanoi and Haiphong in flames and rubble, according to a bomb-damage report by the U.S. Command.

The North Vietnamese Foreign Ministry said waves of B52 bombers and fighter-bombers carried out more "extermination" raids Wednesday night against many densely populated areas, including Hanoi and Haiphong and their suburbs.

Novosti, a Soviet press agency, said in Moscow that its office in Hanoi was destroyed during a raid Wednesday. The agency said it did not know if any of its employes were killed or injured.

***

WASHINGTON (AP) — Congress should get a full report from the White House on peace negotiations before it tries to legislate an end to the Vietnam war, says Speaker of the House Carl Albert.

The Oklahoma Democrat, who has supported President Nixon's war policies in the past, said he doesn't think "we should pull the rug out from under him if there is hope for success."

But Albert said Wednesday that Congress should be told "why Kissinger was so far off when he made the statement the war seemed to be about over."

In addition to presidential adviser Henry Kissinger, Albert said others that should be called include outgoing Secretary of Defense Melvin R. Laird and Secretary of State William P. Rogers.

Albert said if Congress were to act against the step-up in bombings over North Vietnam, the only effective way would be to cut off funds.

An appropriation bill must be passed before the end of February because the 92nd Congress deadlocked on foreign aid and funded it on a stopgap basis until then.

Simplicity marks rites for Truman

INDEPENDENCE, Mo. (AP) — After simple funeral services devoid of eulogy, former President Harry S. Truman is to be buried today in the courtyard of the Truman Library.

Only 250 guests were invited, few of them of national renown, in keeping with the unpretentious solemnity that has marked the days since his death Tuesday.

Truman's widow, Bess, who had been secluded in her grief in the house they shared for 53 years, was to be at the final rite for the nation's 33rd president and to receive the flag that draped the coffin.

As the nation began a day or mourning proclaimed by President Nixon, thousands still were paying their respects to Truman, lying in state in the marble lobby of the library.

They had lined up on the drives leading to the hillside building before military pallbearers placed the coffin on a catafalque draped in black silk.

Richard M. Nixon and Lyndon B. Johnson had separate, private moments at the coffin of the man who had preceded them in the nation's highest office.

Once the doors were opened, people of all ages streamed past the coffin in eloquent, silent tribute. They moved through at the rate of nearly 2,000 per hour, and the line still stretched for a quarter mile after midnight.

Margaret Truman Daniel, her husband, Clifton, and their four boys were at the brief ceremonies that preceded the lying-instate. So were 60 others who had been part of Truman's unofficial life—such as the family maid, a long-time guard and Rose Conway, who for many years was Truman's secretary.

Truman's gravesite is just outside the library office where the former president wrote his three books, prepared the lectures he delivered on college campuses and where he received diplomats and schoolboys.

Official Washington and the international community will have a memorial service Jan. 5 in the National Cathedral. And there was to be another service in nearby Kansas City today for those who wanted but could not get into the courtyard in Independence.

IN TRIBUTE — Fayette Countians paused today in respect to former President Harry S. Truman whose death occurred Tuesday. The flag at the Courthouse (above) was one of many flying at half-staff as final rites were held in Independence, Mo., for the man who wanted to be known as "The People's President".

Rising food prices hamper wage-price control changes

WASHINGTON (AP) — The Nixon administration is planning changes in its wage-price controls, but it still doesn't know what to do about rising food costs.

Treasury Secretary George P. Shultz said Wednesday that if it weren't for rising food prices, inflation would have subsided enough to justify a wage increase guideline lower than the current 5.5 per cent.

Economics officials said the administration probably will change the profit-margin rule, phase out rent controls and change the coverage of the wage-price control program.

Administration officials are consulting with labor and business leaders in advance of the changes.

But rising food prices apparently have everyone baffled.

"If you had to pick one theme running through the consultations, there were three problems mentioned—food, food and food," said Donald Rumsfeld, director of the Cost of Living Council.

A high council source said that whatever decisions are made on food costs, controls on farm products probably would be avoided.

Shultz said the administration would try to increase food supplies while keeping farm incomes steady.

Among the measures being considered, a source said, are increased acreage allotments, revised farm subsidy policies, and changes in tariffs and import quotas.

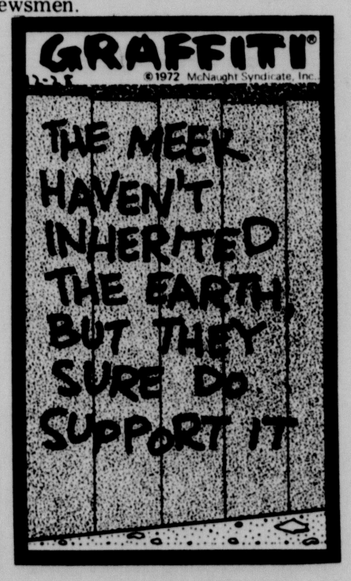
Shultz said any single action would not solve the problem.

How the profit-margin rule will be changed was not disclosed, but the council source said the existing rule can't be retained.

It provides that a company cannot exceed its percentage of profit recorded during the best two of the three fiscal years prior to the August 1971 wageprice freeze.

Businessmen have complained that profits were not good in those years, which leaves them in a low profit position now.

While profit margins may become a little more liberal, the administration is reluctant to do anything about controlling interest rates, Shultz told newsmen.



Nixon shuts off funds for disaster help

No farm loss loans!

COLUMBUS, Ohio (AP) — Ohio farmers who have been expecting low interest federal loans to help them over their losses from the wet fall harvest, apparently are out of luck.

Federal officials say the money for loans isn't there, and the Nixon Administration's order Wednesday shutting off emergency disaster loans has virtually eliminated chances that Ohio counties hard hit by recent rains will be added to the disaster list.

The state asked emergency status for 71 counties to make their farmers eligible for emergency loan assistance. The applications were forwarded to Washington by the Farmers Home Administration's local office last month.

The requests for aid came too late, according to Ralph Stacy, chief of the Farmers Home Administration's farmer programs here. The $135 million allocated for emergency farm loans by the Office of Management and Budget is already spoken for.

The administration announced the emergency loan shut off as a move to keep federal spending below the $250-billion ceiling the President has imposed.

Farmers hurt by storms and flooding earlier in the fall will also be denied emergency loans, at least for the time being, Stacy said.

They include farmers in seven counties designated emergency areas after Hurricane Agnes hit the Ohio River, three more added to the list after a September storm and another five placed on emergency footing by the Lake Erie storm last month.

At least some of those 15 counties failed to submit loan applications in time to get in on the $135 million.

Stacy said so far 800 counties around the country have asked to be eligible for the farm loans, and it has been estimated their requests will total $750 million.

As of last month, he said, the Farmers Home Administration had $100 million in approved loan requests and only $55 million with which to fund them remaining from the $135 million.

State Agriculture Director Eugene Abercrombie indicated there wasn't much he could do but continue to press for money which is not there.

"I call them every day," Abercrombie said. "It's frustrating when you get a bushel of mail every day. My hair is getting grayer, you know."

State agriculture officials and the Ohio Farm Bureau Federation now estimate Ohio farmers will get $300 million less for their corn and soybeans than they would have with normal fall weather.

"Young farmers with a sizable debt are going to be wiped out," federation executive secretary C. William Swank said. "A few farmers who got their crops in early are going to make some money since the prices have gone up."

"The ones that concern me most," Abercombie said, "are the ones operating a little thin who had contracted for their grain by a certain date. Many of them are now under penalty contracts. And the quality of their crops is low and they're being docked for that."

The only good news farmers had this week was an easing of the propane gas shortage, which had threatened to keep many farmers from operating their crop dryers.

Abercrombie said gas companies in Ohio have agreed to release about 1.5 million gallons immediately and more as their reserves are replenished from out of state.

He also said it appears more gas will be shipped up from Texas by pipeline, which had earlier been clogged with heavy traffic demands.

"It appears the gas crisis will be easing in the next week or two," Swank agreed.

"The whole industry's been just wonderful about this," Abercrombie said. "Even if we just get the gas gradually, I think we'll be okay."

Arabs hold Israelis hostage in Thailand

BANGKOK, Thailand (AP) — Four Arab terrorists took over the Israeli embassy today, seizing six hostages, but government sources said the invaders agreed nine hours later to release the hostages in return for a safe conduct out of Thailand.

The hostages included Shimon Avimor, Israeli ambassador to Cambodia.

Thai police entered the embassy tonight.

The government negotiated with Pan American World Airways to take the Arabs to their unknown destination.

In the first of today's events, the Arabs gained access to the compound. Two wore formal white tie and tails, as if they were going to attend today's investiture of Prince Vajiralongkorn as heir to the throne.

They were granted ready access and were joined by two other armed Arabs, who climbed a wall.

The invaders threatened to kill the hostages and blow up the embassy unless 36 Palestinian prisoners were released from Israeli prisons.

About 400 Thai police and army troops with guard dogs surrounded the compound.

The terrorists earlier had vowed to "fight to the end" rather than release the hostages.

The Thai government offered the Arabs safe conduct out of the country if they would release the hostages.

Details of what evolved from this were not immediately clear.

One report was that Thai officials and the Egyptian ambassador reached agreement with the Black September terrorists guaranteeing them safe passage if they released the hostages unharmed. But Pan American had refused to carry the Arabs if they were armed, police said.

The Israeli government had said it would not submit to blackmail and release prisoners.

Two of the terrorists wore white tie and tails, posing as diplomats returning from the investiture today of the crown prince of Thailand.

They walked through the embassy gate and "bowed and smiled to me," said Pvt. Sunchai Pienkana, the policeman on guard there.

Sunchai said he then saw two other men climb over a side wall of the embassy compound.

"They had leather-type jackets on that looked like bulletproof jackets we use in the police force," he reported.

These two were carrying submachine guns, and the two in evening dress apparently had guns under their coats.

Ex-Canadian Minister Lester Pearson is dead

OTTAWA (AP) — Lester B. Pearson—the quiet, likeable diplomat who won the Nobel Peace Prize and was prime minister of Canada for five years, died Wednesday night of cancer at his Ottawa home. He was 75.

Plans were made for a state funeral in Ottawa's Christ Church Anglican Cathedral, with burial at Wakefield, Que., near the summer home of Canada's prime ministers.

The date of the funeral was to be announced later.

Pearson and his wife, Maryon, were in Florida shortly before Christmas but flew home when his condition worsened. Cancer caused removal of one eye in 1970, and doctors said the disease spread to his liver.

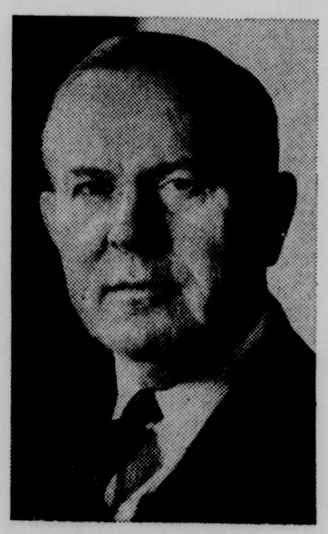
"He was a man of ability and good will who worked a greater part of his life to make the world a better place for others," said his successor, Prime Minister Pierre Elliott Trudeau.

Pearson's diplomatic career reached its high point when he received Canada's only Nobel Peace Prize for his work in forging the U.N. Peacekeeping Force in the Middle East in 1956. The uneasy peace collapsed in the six-day war of 1967 shortly before Pearson retired from politics.

As prime minister of a Liberal party government that lacked a majority in the Canadian House of Commons, Pearson still put through a succession of welfare and reform measures. They included national medical care insurance, special recognition for Quebec, trial abolition of capital punishment and adoption of the red-and-white Canadian maple leaf flag replacing the Red Ensign bearing the British Union Jack.

The new flag emphasized Canada's emergence as a middle power, more independent from both Britain and the United States, although political foes charged Pearson was subservient to Washington.

He also was attacked for advocating nuclear arms for Canada but replied the country must live up to its commitments in the Atlantic Alliance.



LESTER B. PEARSON

Born April 23, 1897, in Toronto, Pearson studied at the University of Toronto and at Oxford. He served in an ambulance unit in World War I, then transferred to the flying corps.

He married Maryon Ellspeth Moody of Winnipeg in 1925, then began a career in diplomacy when he joined the government's external affairs department in 1928.

Coffee Break . . .

A THIEF with strange tastes added insult to injury . . .

He made off with a city parking meter, post and all, from in front of the Sunshine Laundry, 122 E. East St., Tuesday night . . .

The heist was reported to police Wednesday by Hugh Patton, proprietor of the laundry . . . Patton is chairman of City Council which earmarks the money for meter purchases . . .

Close Golan Heights to civilian traffic

TEL AVIV (AP) — The Israeli army closed the occupied Golan Heights of Syria today to civilian traffic. No reason was given.

A military spokesman said there were no incidents since Israeli jets hammered an Arab guerrilla camp and Syrian army positions across the cease-fire line Wednesday.

Weather

Cloudy through Friday with a chance of snow late Friday in the northern counties. Highs Friday in the mid 30s to the low 40s; lows tonight in the upper 20s and low 30s.

Crime statistics 'balance out'

COLUMBUS, Ohio (AP) — It was the best of times and the worst of times for crime in Ohio in 1971-72, show FBI crime statistics released today in Washington.

While grand larceny in Cleveland showed a decrease of 962 from 1971, the same crime increased by 967 in Toledo, the report showed.

At the same time, auto thefts in Dayton increased by 281 from 1971 to 1972 and decreased in Akron by 321.

Serious crime in the nation increased one per cent during the first nine months of 1972— the smallest increase since the FBI began issuing quarterly reports in 1960, U.S. Atty. Gen. Richard Kleindienst announced.

During the same period of 1971, serious crime increased six per cent, Kleindienst said. The rate of increase has been in a downward trend since 1968.

Akron, Cleveland, Columbus and Parma were among 83 major cities in the United States recording decreases in serious crime in 1972.

Across the U.S., violent crimes increased only 3 per cent, compared with a 10 per cent increase in 1971, and property crimes showed no increase, compared with a 6 per cent increase in 1971.

Cities of more than 100,000 population showed a 3 per cent decrease in serious crime in 1972, while suburban crime increased 4 per cent. Suburban crime increased 11 per cent in 1971. Crime in rural areas increased 6 per cent during 1972.

The latest crime figures were contained in the FBI's Uniform Crime Reports, a nationwide collection of police statistics supplied by local law enforcement agencies.

Here are the crime statistics for Ohio cities over 100,000 population. The first figure is for 1971, the second for 1972:

MURDER, NON-NEGLIGENT MANSLAUGHTER — Akron, 24-17; Canton, 8-10; Cincinnati, 58-55; Cleveland, 194-231; Columbus, 54-43; Dayton, 58-64; Parma, 3-0; Toledo, 19-24 and Youngstown, 13-16.

FORCIBLE RAPE — Akron, 73-83;

Deaths, Funerals

Mrs. William T. Scott

Mrs. Celestia C. Scott, 66, of 1136 E. Temple St. died at 11 p.m. Wednesday in Memorial Hospital, where she had been a patient two weeks. She had been in failing health four years.

A native of Fayette County, she was a member of McNair Presbyterian Church and was well known as a practical nurse.

She is survived by her husband, William T. Scott; three daughters, Miss Janice and Miss Nancy Scott, at home, and Mrs. Randall (Betty) Shears, of Hammond, Ind.; five sons, Carl, of Whiting, Ind., Thomas, of Hammond, Glenn, of 110 E. Paint St., Raymond, of St. Francisville, Ill., and Mark, at home; 23 grandchildren; a great-grandson; a brother, S. Robert Speakman, 419 E. Third St.; and five sisters, Mrs. Glenn Trimmer, 526 Campbell St., Mrs. Wayne Windon, of Gahanna, Mrs. Wilbur Rayburn, 117 E. Ohio Ave., Mrs. Carl Cooper, of Hebron, Ind., and Mrs. Virginia Harper, of E. Temple St.

Services will be held at 1:30 p.m. Saturday in the Kirkpatrick Funeral Home here, where friends may call after 4 p.m. Friday. Burial will be in Washington Cemetery.

Alfred H. Graves

Alfred H. Graves, 86, of Grove City, a former resident of Fayette County, died at 6 p.m. Wednesday in the Monterey Nursing Inn, Grove City, where he had been a patient six months. He had been in failing health two years.

He was born in Ross County but spent most of his life as a farmer on Glaze Road before he retired. He was a member of the First Presbyterian Church here.

His wife, Anna, died in 1967. He is survived by two daughters, Miss Martha Graves, of Grove City, and Mrs. John (Donna) Eddy, of Mesa, Arix.; two great-grandchildren; and a sister, Miss Minnie Graves, 633 Willabar Dr.

Services will be held at 10 a.m. Saturday in the Kirkpatrick Funeral Home here with the Rev. Gerald Wheat, pastor of the Presbyterian Church, officiating. Burial will be in Washington Cemetery. Friends may call at the funeral home after 4 p.m. Friday.

James W. Grabill

MOUNT STERLING — James W. Grabill, 38, Rt. 3, Mount Sterling, died unexpectedly at his home Wednesday.

Mr. Grabill was a farmer and a member of the Derby Methodist Church and U. S. Trotting Association.

He is survived by his parents, Lloyd and Mary Grabill, Rt. 1, Orient; his wife, Verna; two daughters, Judith and Janet, and two sons, James and Jeffery, all at home; and a sister, Carol Dilley, of Orient.

Services will be held at 1:30 p.m. Saturday in the Porter Funeral Home with the Rev. Kenneth Chapin, pastor of the Derby Methodist Church, officiating. Burial will be in Pleasant Cemetery.

Friends may call at the funeral home after 1 p.m. Friday.

MRS. ROBERT SPEAKMAN — Services for Mrs. Myrtle Speakman, 55, of 419 E. Third St., were held at 2:30 p.m. Wednesday in the Kirkpatrick Funeral Home here with the Rev. Don Baker, pastor of the First Christian Church, officiating.

Mrs. Speakman, wife of Sherman Robert Speakman, died Saturday in Memorial Hospital after a three-year illness. Pallbearers for the burial in Washington Cemetery were Robert Seymour, Milbourne Flee, Mac Dews Sr., Kenneth Blair, Allen Dunlap and Paul Maughmer.

JOHN W. PENWELL — Services for John W. Penwell, 74, of 766 High St., were held at 1 p.m. Wednesday in the Gerstner-Kinzer Funeral Home with the Rev. Don Baker, of First Christian Church, officiating. Mr. Penwell, a retired construction worker, died Saturday.

Allen Dunlap was the vocalist, accompanied by Mrs. Keith Wooley at the organ. Pallbearers for the burial in Washington Cemetery were Joe and Richard Taylor, Paul Morris, Charles Grieves, Mike Smidley and Eli Williams.

HOMER W. KUEHN — Services for Homer W. Kuehn, 65, owner and operator of the Sabina Farmers Exchange, were held at 10:30 a.m. Wednesday in the Littleton Funeral Home with the Rev. Robert Miller, of the Sabina United Methodist Church, officiating. Mrs. Walter Stackhouse was at the organ. Mr. Kuehn died Saturday.

Pallbearers for the burial in Sabina Cemetery were Howard Perrill, Joe Palmer, Russell Allen, Jim Ellis, Jack Wolfe, Homer Wilson and Charles D. Glass.

BUS WRECKAGE IN WHICH 19 DIED — This is what remained of a bus in which 19 members of an Austin, Tex., church youth group died in a collision with a cattle truck near Fort Summer, N. M. The bus body was torn from it frame. The two vehicles collided while crossing a narrow bridge. (AP Wirephoto)

Stubborn wienie war erupts again over additives use

WASHINGTON (AP) — A stubborn wienie war, which even spread in the White House once, could flare up again when hotdog eaters and makers tangle over new labeling requirements.

The Agriculture Department is under pressure to streamline hotdog labels and ban such unappetizing animal byproducts as lips, snouts and spleens.

Consumer pressures, court decisions and the meat industry's slow acceptance of new rules have highlighted hotdog struggles for the past four years.

The latest USDA proposal, which is open for public comment until Feb. 21, bows to recent court rulings that the "allmeat" labels on hotdogs contain up to 15 per cent poultry and non-meat ingredients are misleading.

Byproducts now are not allowed in all-meat hotdogs, but are permitted, along with cereals and dried milk, in plain types.

Under the proposal, the allmeat designation would be dropped in favor of "frankfurter" or "bologna." These could include only muscle tissue or red meat plus up to 15 per cent poultry meat.

Sausages with additives such as dry milk, soy protein and similar ingredients would have to be labeled "frankfurter, nonfat dry milk added."

The latest proposals could result in the most physically fit hotdogs since President Nixon intervened in a 1969 dispute over how much fat should be allowed in them.

Until three years ago, there was no federal lid on fat in hotdogs, and some contained up to 50 per cent fat.

Consumer groups were pushing then to get the government to set a 25 per cent maximum fat limit. The Agriculture Department, under pressure from meat companies, urged a limit of 33 per cent.

But the White House spread the word that Nixon supported a 30 per cent limit, and that percentage was adopted.

COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Weather Service:

Cloudy skies spread slowly southward across Ohio today, following a brief break in the cloudiness Wednesday afternoon.

A storm approaching from the northwest will spread a heavy cloud blanket over the entire state tonight and Friday. Some rain is forecast Friday in northern counties. The rain should reach southern Ohio by Friday night.

Temperatures will be in the 40s across most of the state Friday.

Highs today were expected to reach the 30s and low 40s, compared with readings from 30 at Youngstown to 40 at Cincinnati Wednesday.

Lows early today were generally in the upper 20s and 30s.

Youngstown reported a few snow flurries overnight, but no other precipitation was reported across the state.

There will be a chance of rain daily Saturday, Sunday and Monday with highs in the upper 30s and 40s Saturday warming to the upper 40s and 50s on Monday. Lows will be in the 30s and low 40s.

Report condition of crash victims

Mrs. Janice Sue Kelley, 24, is listed in satisfactory condition at Mount Carmel Hospital, Columbus, following an accident Tuesday involving a car driven by her husband, Paul Kelley, and one driven by Roger Philip Bihl, 22, Rt. 5, on U. S. 22 at Stuckey Rd. Other members of the Kelley were treated and released at Fayette Memorial Hospital.

Paul Kelley Jr., 6, complained of pain in the back and was X-rayed; Johnny Kelley, 4½, was treated for glass imbedded in his head. Michael Eugene Kelley, 2½, was treated for a swollen hand. Anthony Ray Kelley, 2 months, was treated for a bump on the head.

The father, Paul Kelley Sr., 24, was treated for a head injury, scalp and chin lacerations and a fractured bone in the hand. Mrs. Kelley was transferred to Mount Carmel for treatment of a fractured jaw and lacerations of the mouth.

Bihl is in "guarded" condition at Memorial Hospital. He suffered head lacerations, possible internal injuries, fractured ribs and a punctured lung.

Unordered material may be retained

COLUMBUS, Ohio (AP) — Atty. Gen. William J. Brown said today that Ohioans receiving unwanted merchandise in the mail during the holidays may keep it under state law.

Death bridge replacement was overdue

FORT SUMNER, N.M. (AP) — The New Mexico Highway Commission has disclosed that the narrow bridge on which 19 persons died and 16 others injured in a bus-truck crash had been scheduled for replacement since 1965 but lack of money pushed the replacement date to 1974.

Fort Sumner Mayor V. J. Rogers said the collision near here should be on the conscience of Highway Commission members.

"The Highway Department took a survey through here four years ago, and they declared it unsafe," he said.

The accident occurred Tuesday night when a cattle truck driven by Erby Wilmeth, 52, of Clovis, N.M., sideswiped the bridge railing as the truck and bus passed on the 20-footwide bridge. The truck's trailer then slammed into the bus.

Wilmeth was released from a hospital Wednesday but declined to talk with newsmen.

The chartered bus was carrying members of a church youth group from Austin, Tex.

Nine of those injured on the bus were still hospitalized today. Others suffering injuries were able to return to Austin.

Bodies of the dead were taken to Austin by an Air Force plane.

Those who died were on one of two buses carrying about 60 from a youth group at the Woodland Baptist Church in Austin to an outing and religious retreat in the mountains of northern New Mexico.

The department made public a list of the 10 most dangerous bridges in the state. The Fort Sumner bridge was No. 9.

Cleveland Trust increases rates

CLEVELAND, Ohio (AP) — Cleveland Trust Co., the largest bank in Cleveland, has increased its prime lending rate to 6 per cent.

The prime lending rate is the minimum rate charged to its biggest borrowers.

Other Cleveland banks are expected to follow suit. The boost in prime lending rates began Friday with the First National City Bank of New York. The nation's largest commercial bank, Bank of America, then followed suit.

Rodents can move their jaws sideways as well as up and down.

3 cars involved in city mishap

Three automobiles were involved in a chain-reaction collision on N. North Street Wednesday.

Police said Earl Smith, 84, of 614 Washington Ave., was driving south on North Street near Temple Street when he swerved to avoid an approaching vehicle and collided with a parked car belonging to Ann Garringer, 1126 Lakeview Ave.

The force of the impact threw the Garringer automobile into the back of an automobile belonging to John W. Fisher, 736 Van Deman St., which was also parked at the side of the street. All three cars were moderately damaged.

Other accidents investigated were:

POLICE

WEDNESDAY, 11:15 a.m. — Rosemary Straley, 36, of 1020 Gregg St., had stopped for a red light on Court Street at Fayette Street when a truck driven by Roy Kingery, 57, Ohio 729, and owned by the Ohio State Highway Department approached from the rear and because of brake failure, struck the rear of the Straley vehicle. Damage to the Sraley car was moderate.

WEDNESDAY, 4:55 p.m. — Leroy E. Mongold, 18, of 527 High St., struck the rear of a car driven by Betty E. Boggs, 66, of 635 Oakland Ave., which had stopped for a red light at Main and Court streets.

WEDNESDAY, 3:21 p.m.—Robert T. Alkire, 53, Mount Sterling, had stopped to make a left turn into a private drive when his car was struck in the rear by one driven by Gregory L. Cowman, 20, of 510 High St. Cowman claimed brake failure as the cause of the accident. Damage was minor.

SHERIFF

WEDNESDAY, 10:55 a.m. — Cathy I. Lambert, 21, Gallipolis, had stopped behind an auto driven by Eugene H. Barbery, 29, Rt. 1, Jeffersonville, and then pulled forward, striking the rear of the Barbery car. The mishap occurred on U. S. 35 at Ohio Route 753.

WEDNESDAY, 12:35 p.m. — Burkhart R. Lehman, 24, Xenia, was following Donald C. Schinkle, 16, Chillicothe, when Schinkle slowed for traffic. Lehman failed to slow in time and struck the rear of the Schinkle auto. The accident occurred on U. S. 35-S at the Paint Creek Bridge.

WEDNESDAY, 3:15 p.m. — Lenora D. Morris, 15, Jeffersonville, was involved in a minor accident on Bush Road which damaged three rods of fence belonging to Roscoe Haines.

Top scientist expected to quit at Pentagon

WASHINGTON (AP) — The Pentagon's top scientist and weapons expert, Dr. John S. Foster Jr., is expected to resign within a few weeks, The Washington Post reported today.

Foster has occupied his Defense Department post since 1965 and has been a central figure in the development of sophisticated weapons, including missiles, warheads and bombers.

The Post also quoted administration sources as saying J. Fred Buzhardt has agreed to remain as the Pentagon's general counsel.

Buzhardt is reported to be a leading candidate for appointment as a second deputy secretary of defense. This would make him the third-ranking Pentagon official behind Elliot L. Richardson, who has been nominated for secretary of defense, and William P. Clements Jr., Richardson's deputy.

Mainly About People

Carson L. Carter, a 1969 Miami Trace High School graduate and a 1972 graduate of Clark Technical School, has accepted a position with John W. Galbreath & Co., Columbus.

Karen W. Webb, daughter of Mr. and Mrs. Wilson Webb, Rt. 4, is in satisfactory condition at Mount Carmel Medical Center (West) Columbus. She is in Room 755 and may now have visitors. Miss Webb was in an auto accident Dec. 20 near South Solon.

Andy Hill, 1318 Nelson Place, returned home Wednesday from Mount Carmel Hospital, Columbus, where he had been a medical patient.

Mary Alice (Polly) Wood, daughter of Mr. and Mrs. Donald E. Wood, 409 Van Deman St., a sophomore at the College of Wooster, left Thursday morning for Kennedy Airport from where she will fly to Passeau, Germany, to study for the next 12 weeks at the Goethe Institute. While in Passeau, she will study German history and culture and the German language, to fulfill requirements in the language department at Wooster.

Whee! Oh what fun it is to welcome in a bright New Year with the folks we like so much. For the patronage shown us we extend thanks.

New Labor secretary faces quiz on minorities issue

NEW YORK (AP) — Union leader Peter J. Brennan, President Nixon's choice for secretary of labor, has been subjected for years to criticism that the hard-hat unions he oversees have made little real effort to open their ranks to minorities.

The criticism, certain to be aired when the Senate takes up Brennan's nomination, comes at a time when minority membership in New York's construction unions is estimated by union sources at two per cent.

In Brennan's 250,000-member New York City Building and Construction Trades Council— an alliance of 40 craft unions ranging from plumbers to steeplejacks in hundreds of locals—two per cent would be about 5,000 blacks and Puerto Ricans.

A 1965 U.S. Department of Labor study said New York construction unions reported 2,916 minority members, about one per cent of the union's 200,-000 total membership at the time. New York City is about one-third black and Puerto Rican.

A comparison of the union estimates and federal statistics indicates union membership in the past seven years has risen by 50,000, while minority membership has doubled—though leaving blacks and Puerto Ricans a fraction of the work force.

Part of the problem is that construction unions traditionally, though unofficially, have maintained restricted memberships. Most of the openings were reserved for members' relatives. Moreover, small memberships mean more work for more money in New York's booming construction industry.

Brennan, 54, whose strength as a labor leader rests to a large extent on the fact that his men earn the highest building wages in the nation, denies he ever has supported exclusionary policies. He says his unions are autonomous and he does not "run or control any of the unions. I don't have the power to put people in or keep people out."

Questions about Brennan's minority record have arisen anew with issuance of a federal report expressing disappointment over a minority training program which Brennan helped formulate two years ago.

The program, the so-called "New York City Plan," was designed to provide on-the-job training for 800 blacks and Puerto Ricans annually. It was found to have "serious defects" in a study compiled for the U.S. Civil Rights Commission by its New York branch.

Brennan refuses to give an opinion of the plan or its implementation. A spokesman for Brennan says that "it would be presumptious of him to get into it, now that he is secretary-oflabor designate." Furthermore, the spokesman added, Brennan no longer has any connection with the program.

If fully implemented and if all the trainees were admitted into the unions, the plan would increase minority membership in the unions by about fourtenths of one per cent a year.

The plan was devised by Brennan and Donald Rodgers, a local union official who is now a labor adviser in the White House. It was approved by the city government and contractor and minority representatives.

Ask reinstatement for Judge Heitzler

CINCINNATI (AP)—The Ohio Supreme Court has been asked to reinstate outed Hamilton County Domestic Relations Court Judge George S. Heitzler until his appeal is decided by the U. S. Supreme Court.

Attorneys for Heitzler made the appeal for a stay of execution Tuesday in Columbus. The appeal to the U. S. Supreme Court is being prepared they said.

Power line plans changed by protests

CINCINNATI (AP) — The Cincinnati Gas & Electric Co. will seek other methods to erect power lines across the Ohio River to Kentucky after abandoning a plan to string it over the riverfront area.

The decision was announced Tuesday shortly before a public hearing scheduled by a Cincinnati City Council committee to hear protests to the plan.

Opinion And Comment

Terror in the name of peace

It is an irony and an agony that after all the recent talk of peace being "at hand" or at any rate imminent the United States has now launched some of the most devastating bomber attacks on North Vietnam since the start of the war.

The most charitable view one can take of this onslaught is that President Nixon hopes thus to force Hanoi to return to the negotiating table and accept terms of settlement agreeable to the United States.

With all due respect to the President and to Henry A. Kissinger and his other advisors, we conclude that this is not likely to work. It has not worked before, and the odds are against its gaining the desired end this time. Moreover, the world will rightly see this resumption of heavy bombing as an acknowledgement that our policy is bankrupt.

It will be thought (and how can this be denied?) that the United States is in effect saying: We cannot get the settlement we want at the conference table, so we will blast and burn until we do get it.

A great many Americans question most seriously whether this is the role their country should play. As a people we pride ourselves on our compassion and humane concern. After all these years of war some still cling to the thought that the profligate spending of blood and treasure will in the end somehow benefit the people of Vietnam. But many have been wondering for a long time whether this was indeed true.

The question must now be asked with renewed insistence as American thunderbolts are hurled once more at a small and backward Asian country whose government we have not been able to bend to our will.

There is another question to be raised in terms of common humanity: What significant interest of the United States is served by the terror we are raining down on North Vietnam in the name of seeking peace?

WASHINGTON CALLING . . . by Marquis Childs

Acupuncture and the U.S.

WASHINGTON. One of the great events of 1972, with consequences far into the future, was the opening to China. Out of that opening benefits are only just beginning to flow.

Some, such as the sale of American planes, are obvious. With a continuing exchange we could in the long run learn much from the practice and philosophy of an ancient people.

The National Institutes of Health are about to authorize a serious study of the pros and cons of acupuncture, the medical practice used throughout China for many centuries. Those at NIH who have taken a preliminary look are convinced that acupuncture, the use of needles as nerve blocks, deserves thorough and impartial examination, since it could become an asset in the American medicine chest.

As is customery NIH will commission outside specialists to do the research and provide the answers. Proposals now being reviewed have already come from eight different groups. Reports to NIH tell of sufferers from the extreme pain of advanced arthritis given relief by acupuncture.

VISITORS to China during the new year now ending have brought back reports of the seemingly miraculous results of acupuncture. American physicians have observed abdominal operations in which acupuncturists provided the only anaesthetic. The patients were not only conscious but apparently in good humor, joking and laughing with the surgeon as the operation proceeded.

The Chinese are said to be concerned lest acupuncture be seized on in this country as a fad and exploited with harm to all concerned. Acupuncture is only one part of the approach to medicine in China. Herbs used in accord with formulae centuries old have an equally important place. The whole is wrapped up in a philosophical concept of conflict between the forces of darkness and evil and the forces of light and goodness, the ying and the yang.

In the two most populous states, California and New York, acupuncture has stirred controversy. In New York City an acupuncture clinic was headed by an internist, a licensed M.D., who turned his patients over to four acupuncturists. The fees were said to be high.

THE CLINIC was closed down because of New York State's licensing requirements. Many letters of protest to the White House and NIH followed this action.

In the city's Chinatown the folk practice of acupuncture has long been winked at. Inspectors who put on old clothes would drop in for a treatment to make sure the needles were sterile.

Only a licensed physician may now practice acupuncture in the state and, since few, if any, physicians are trained for a procedure more complex than it appears, the treatment is all but precluded.

As standardized following its introduction into Russia from China, there are between 800 and 1,000 points of insertion classified as primary, secondary and tertiary.

California has ruled that acupuncture is a "medical treatment." It may be performed under a number of conditions, including a medical school or a hospital and under the supervision of a licensed physician. Several Oriental practitioners in Los Angeles are said to have had near miraculous results with arthritis and seemingly incurable headaches.

HANDLED in an orderly way and cutting through the jealous prerogatives of the medical profession and the complexities of state licensing laws, this could be a valuable addition to American medicine. It is but one element of the wealth of learning that can come from the opening to China.

Despite all the upheavals of war and civil war, much of the classical past remains. It is embedded in a civilization older than any on earth. Surely, we are now mature enough to show that we can learn from a people so long closed away.

Letters To The Editor

EDITOR, RECORD-HERALD:

Here I am, just one man 12,000 miles away from home in a land called Vietnam.

And I am a member of one the biggest orgainzations in the world, the United States Army, Yes I am a lonely soldier.

And now my friend, as I sit here on top of this mountain, I am king, for this is my mountain and as I look out over this vast distance of land that is spread out before me, I can see the mountains and valleys and villages and the lake, and I know that danger lurks behind every tree and around every bend in the road, but I fear no evil for I know that God is with me and I know that He and only He will help me to return to my home land as a victor and a better man and not as one who has been defeated in the face of the enemy.

An now I say to those of you that may have your doubts about this war it is not a war for just the United States, for this war is against Communists and it concerns every man, woman and child that call themselves Americans, yes you and I.

I do believe that you and all the rest that protest the war, stop and think about it and start having a little bit of respect for the good old Red, White and Blue and for the men behind the guns.

Yes, these are truly men of a strange variety, they fight the war and a lot of them die hard, but they are men and these men fight while you and most of the rest protest.

And now let me tell you no man likes to die, but I have seen many of them die and as a very goof friend once told me with his last breath, "tell mother that it was for God and country and her."

"So now my life is complete and now I must go and meet my Maker for he has prepared a place for me and he was gone," he said.

The Lord giveth and the Lord taketh away. But those words that he said to me on that day so long ago, will never die, but will live on in the memories of many of us forever.

An now I say to you, search your mind and then tell me if you can still say that I am wrong, for I know that what has been said is true, for I am that lonely soldier that is thinking about home. And my wife and the baby that is on the way and I cannot say that any of this is wrong. Can you?

A soldier in Viet Nam
(Gregory Bowsher
1025 Dayton Ave.)

Clipped comment

Everyone's so busy blaming someone else for the breakdown of peace talks that there's not time left for talking about peace.

That GM test to keep drunks from driving sounds fine. But what prevents a steadier friend from taking the test and sending the drunk on his merry way?

The two Germanys each officially recognize that the other exists. It's like two people jammed in a small closet admitting each others' presence.

Thousands of tons of explosives are dropped on North Vietnam in a renewal of bombing. The dove of peace is laying strange eggs these days.

Production records for steel industry

PITTSBURGH (AP) — Steel mills in the United States may set new production records in 1973 — if a predicted increase in exports materializes, says Iron Age Magazine.

In its latest issue, the industry publication said a sharp increase in scrap exports in recent weeks is "one indicator that world steel producers are gearing for more than normal growth."

The tuatara, a lizard-like reptile, is found only on some small islands near New Zealand.

From The Files

TWENTY-FIVE YEARS AGO

Mrs. Clara Snider Reed, who was fatally injured by an automobile while crossing the highway in front of her home, left $2,000 to the board of trustees of the Fayette County Memorial Hospital in a codicil to her will.

Karl J. Kay, sponsor of the Washington High School Future Teachers Club, was made a member of the statewide nominating committee for the sponsors' association.

Homer Kessler, 72, lifelong resident of Fayette County, died.

The Blue Lions won a victory over the Red Raiders of London at London, 36 to 28.

It was announced that the King Kash Furniture store would re-open in the facilities then occupied by Enslen Dot Foot Store on Court Street.

William J. Hilty was selected a member of the Ohio Educational Association's educational council.

Bill Lovell, high school junior and president of the Washington C. H. Methodist Youth Fellowship, was attending a four-day Youth Fellowship conference in Cleveland.

Mr. and Mrs. Charles M. Clifton of the New Holland - Good Hope Road announced the birth of a daughter, Mary Elizabeth.

Rev. Allen W. Caley, Frank A. Jean, Max Lawrence, George Finley and Father Otto Guenther were inducted into the Rotary Club.

The offices of the Fayette County Health Department were being remodeled.

Larry A. Hunter purchased the New Holland Leader, weekly newspaper, from Earle Hickle. He had been a linotype operator for The Record Herald for a year.

A small tornado lashed across Fayette County causing considerable damage on Broadway in Washington C. H.

LEGAL NOTICE
OF
INTENT TO VACATE ALLEY

Notice is hereby given that the Council for the City of Washington, Fayette County, Ohio by Resolution 21-72, passed November 22, 1972 has declared its intention to vacate a portion of the alley running parallel to the rear property lines of Lots 160, 159, 158, and 157, fronting on Campbell Street, and parallel to the rear property lines of Lots 151, 152, and 153, fronting on Western Avenue, a distance of approximately 202.5 feet northeasterly; and that the vacation is now pending before said Council and final action thereon according to law will be taken on and after January 10, 1973.

PATRICIA F. WEST,
Clerk of Council
Nov. 30-Dec. 7, 14, 21, 28 - Jan. 4

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Dec. 28, the 363rd day of 1972. There are three days left in the year.

Today's highlight in history:

On this date in 1836, Spain recognized the independence of Mexico.

On this date:

In 1694, Queen Mary II of England died.

In 1846, Iowa was admitted to the Union as the 29th state.

In 1856, the 28th U.S. president, Woodrow Wilson, was born in Staunton, Va.

In 1869, William Semple of Mount Vernon, Ohio, was granted a patent on chewing gum.

In 1942, in World War II, Japanese planes bombed Calcutta, India.

In 1968, Israeli commandos raided the airport at Beirut, Lebanon, and destroyed 13 Arab aircraft.

Ten years ago: There was heavy fighting between U.N. forces and rebel troops in the rebellious province of Katanga in the Congo.

Five years ago: It was disclosed that the New York World's Fair in 1964 and 1965 had lost more than $21 million.

One year ago: The United States carried out its heaviest bombing raids in three years against North Vietnam.

Today's birthdays: Pianist and songwriter Earl Hines is 67. Comedian Sam Levenson is 61.

Pitcairn Island without policeman

GLENDALE, Calif. (AP) — The 84 residents of remote Pitcairn Island in the South Pacific are without a cop.

Tom Christian, 35, the one-by-two mile island's radio officer, reported Tuesday that Pitcairn's lone policeman has quit and will not be replaced.

In a weekly radio message monitored here, Christian said the island's jail was empty throughout 1972.

Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FRIDAY, DEC. 29

ARIES
(March 21 to April 20)

Some tricky situations to handle. Don't leave anything to chance. Look for some unexpectedly pleasant news in a personal matter.

TAURUS
(April to May 21)

Avoid haste and rashness in the mistaken notion that you will get ahead more quickly. Easy does it now. Some distant goals can be brought closer.

GEMINI
(May 22 to June 21)

You do not like stagnant conditions, yet waiting out certain results is often wiser than forcing issues. Be fervent, but also calm, outwardly, INWARDLY.

CANCER
(June 22 to July 23)

Do not let a personal disappointment mar your overall perspective. Continue to aim for high goals. Your adeptness, know-how and intuition should be potent now.

LEO
(July 24 to Aug. 23)

A few delays likely. Also, your powers or authority may be challenged. Here is a spot for your quick thinking, acumen and general good judgment.

VIRGO
(Aug. 24 to Sept. 23)

Care needed in travel, production, educational matters. There's a tendency toward carelessness which could lead to needless errors.

LIBRA
(Sept. 24 to Oct. 23)

Recipe for this day: Take carefully deliberated steps, make well calculated agreements, ask for advice where it will help. Don't spend foolishly, nor stint: Follow the sound middle road.

SCORPIO
(Oct. 24 to Nov. 22)

Don't step out of the frying pan into the fire — in speech, actions, plans. This can be a red-letter day if you are tactful, foresighted and accurate.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Trend is toward the unusual. Rightly handled, this can be profitable, challenging. The conservative course, however, should not be underestimated.

CAPRICORN
(Dec. 22 to Jan. 20)

Introduce a new note (perhaps a new purpose) to bring added success to this day. Output will substantially increase by doing so.

AQUARIUS
(Jan. 21 to Feb. 19)

Use your fine talents toward attainment if presently vital issues. No wishful thinking about times to come. Daydreaming is all right in its place, but right now concentration is essential.

PISCES
(Feb. 20 to March 20)

Tricky in spots, day will demand close attention to plans, good follow-through, efficient methods and a careful eye to details. Avoid making rash promises.

YOU BORN TODAY are endowed with a fine intellect, a delightful personality and great versatility. You have less faith in yourself than you should under the circumstances. Usually, your trouble stems from the fact that you tend to live within yourself, to brood and denigrate your capabilities. Bolstering your self-confidence may be practically a lifetime job for you, but keep at it since, once having achieved this faith, there is nothing to stand in the way of your accomplishment. Your talents are many and you could succeed in the fields of literature, science, the law, statesmanship, education or diplomacy. Develop your appreciation of the arts, if only as a hobby — as an outlet for your deep emotions.

Dear Abby:

By Abigail Van Buren

And it's all over an ugly refrigerator

DEAR ABBY: Six months ago a married couple we know split up. The wife sold all the furniture, so we bought their large new refrigerator, and I let her have my older, smaller one.

Five weeks later this couple went back together again. The wife had told her husband that we had agreed to return their refrigerator if they ever decided to reconcile. (This is not true.)

Well, we didn't want to make a big stink, so we agreed to return their refrigerator and take our old one back.

I had theirs delivered, and when ours arrived I was horrified! The wife had painted, "I AM UGLY" on the door of the refrigerator in bright blue enamel.

I called her up and asked her about it. She said, "Go to h-, you fat b-!"

Abby, we didn't have to sell her refrigerator back to her, we did it as a favor to her. Now, we've been getting vulgar letters and crank phone calls from her, and when we pass her on the road she makes obscene gestures. (She's 22 years old.)

The police suggest we sign a complaint against her. We are easy-going people and don't want to cause trouble. We just want to be left alone. Don't say, "talk to the husband." He's henpecked.

Any suggestions?

Mrs. M.

DEAR MRS. M.: If she's annoying you, by all means sign a complaint. The poor woman sounds disturbed to me.

DEAR ABBY: Something has bugged me for a long time. Maybe you can put me straight on it.

It irritates me when my grown, married children who have their own homes just walk right in without knocking or calling —and sometimes without even speaking.

I would not do that to them as I respect their privacy enough to knock on their door.

Am I just a selfish person to resent this invasion of my privacy? And why do grown children do this?

NO NAME, PLEASE

DEAR NO NAME: It's habit. Since your home was once THEIR home, even now, they feel that what's yours is still theirs. If you are bugged by their lack of consideration for your privacy, why not lay it on the line and get it over with?

CONFIDENTIAL TO S.J. IN HONOLULU: Some wives insist that their husbands wear wedding rings because they think it will stop the circulation.

Now claim Bormann long dead

FRANKFURT, Germany (AP) — A dental technician who assisted in treating Martin Bormann has recognized his handiwork in the dentures of a skull recently unearthed in Berlin and believed to be that of Hitler's long-missing deputy, Frankfurt Chief Prosecutor Wilhelm Metzner said today.

But Metzner said he will need more than the dental evidence before he can conclusively close the files on Bormann, who disappeared in the final days of World War II.

Further evidence is expected to come from the Institute of Dental Medicine in West Berlin, which is comparing the dentures of the skull with a sketch of Bormann's teeth made from memory by his dentist, a Dr. Blaschke. The dentist, who is now dead, made the sketch right after the war at the request of allied authorities.

"The original X-rays were lost," Metzner said in an interview. "When one has to rely on memory, there is a certain instability factor."

Nevertheless, the prosecutor emphasized, much of the evidence gathered to date tends to support a conclusion that the skull—one of two unearthed Dec. 8—is that of Bormann.

Joachim Richter, Metzner's assistant and a Bormann specialist, told The Associated Press last week that one skull "very probably" was Bormann's and the other that of Dr. Ludgwig Stumpfegger, the last physician in Hitler's bunker.

Thomas Coffman takes bride in Richmond, Virginia

MR. AND MRS. THOMAS N. COFFMAN

Miss Kathryn Ann Nelson, daughter of Mr. and Mrs. Carl J. Nelson, Richmond, Va., became the bride of Thomas Nathan Coffman, son of Mr. and Mrs. Dwight Coffman, 700 Van Deman St. Dec. 22.

Dr. Stanley Touissaint performed the candlelight double-ring ceremony at 7 p.m. in the Immanuel Baptist Church in Richmond, Va., before an altar enhanced with Christmas greenery and poinsettias. Hurricane lamps lighted the pews and candelabra was in the background.

Rev. David Colburn, organist, and Arie Vlardingabroek, vocalist, presented nuptial music.

Given in marriage by her father, Miss Nelson wore a formal length gown of bridal satin with scoop neckline edged in lace and lace bodice on the empire skirt. Her long full sleeves ended with wide cuffs. The lace edged mantilla was long and flowing. The bride carried an arrangement of white roses and stephanotis on a Mother-of-Pearl Bible.

Miss Christine Nelson was maid of honor for her sister. Miss Linda Goodrich was bridesmaid. Both attendants wore red velvet formal length gowns with puff sleeves with lace insertion. They carried white fur muffs with red velvet bows.

Mr. Coffman served as best man for his son. David Nelson, brother of the bride, and George Coffman, brother of the groom, seated the wedding guests.

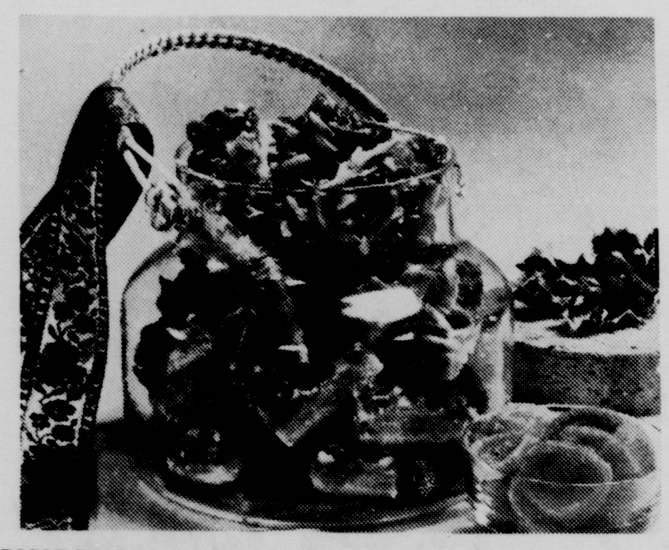
Mrs. Nelson chose for her daughter's wedding a lime green dress and a white orchid. Mrs. Coffman wore a red dress with gold accessories and a white orchid.

Hostesses for the reception held in the home of the bride's parents were Miss Diane Woolard, Mrs. Elizabeth Underwood and Miss Jo Fisher, all of Richmond.

The young couple will be at home at 3800 E. North St., Greenville, S. C, after a wedding trip to Afton Mountain, Va. They are now visiting in Washington C. H.

The new Mrs. Coffman is a junior majoring in education at Bob Jones University, Greenville, S. C., and her husband majoring in the Bible. He has been accepted at graduate school there.

Apricot bars are a holiday treat



APRICOT SHORTCAKE BARS — They taste so good and look so attractive that they're great for holiday giving and to serve to guests.

By CECILY BROWNSTONE
Associated Press Food Editor

We recommend these Apricot Shortcake Bars for the coming holidays because they are delicious and look so attractive. The combination of golden apricots, creamy almonds and red glace cherries that go into their topping produce a festive effect.

But it's the dried apricots that give these cookie bars their special flavor — a great combination of sweet and tart. By the way, dried apricots are an excellent source of vitamin C and are especially rich in iron and copper. Good to give, straight from the package, to your youngsters for snacks.

APRICOT SHORTCAKE BARS

1 cup butter
¼ teaspoon salt
1-3 cup granulated sugar
1½ cups unsifted flour
3 eggs
¼ teaspoon ground ginger
1 teaspoon grated lemon rind
½ cup firmly packed light brown sugar
1 cup finely diced dried apricots
½ cup toasted blanched slivered almonds
¼ cup red glace cherries, quartered

To prepare bottom layer for bars, in a medium mixing bowl cream butter, salt and granulated sugar; beat in flour, mixing thoroughly. Spread mixture evenly with a small metal spatula over bottom of buttered 13 by 9 by 2 inches baking pan. Bake in a preheated 350-degree oven until edges start to brown — 25 minutes.

Meanwhile prepare topping. In medium mixing bowl beat together until well mixed the eggs, ginger, lemon rind and brown sugar. Stir in apricots, almonds and cherries. Spoon topping over partially baked layer in pan. Return to the 350-degree oven until topping is set — 25 minutes. Cool thoroughly. Cut into bars. Slide small metal spatula under each bar before removing from pan to prevent sticking. Store in a tightly covered tin box with transparent plastic wrap or wax paper between layers.

Couple to wed in February

Mr. and Mrs. Louis Naret Baer, 421 E. Market St., announce the engagement of their son, William Douglas, to Miss Margaret Traver, daughter of Mr. and Mrs. Albert Traver, of Watertown, Conn.

The wedding will be an event in February in Watertown.

The couple will reside in Columbus, where Mr. Baer is associated with the Horton Company.

Miss Shoemaker completes plans

Miss Jamie Ellen Shoemaker has completed plans for her marriage to James Allen Teeters, which will be an event of 3:30 p.m. Saturday in First Presbyterian Church. The Rev. Gerald Wheat will perform the double-ring ceremony.

Miss Shoemaker has asked Mrs. Michael Stackhouse to be her matron of honor. Steven R. Jennings, of Portsmouth, will serve as best man for Mr. Teeters. The ushers will be Jeffrey D. Teeters, of Portsmouth, brother of the prospective groom, and David C. Cook, of New Holland.

Hostesses for the reception in Persinger Hall following the wedding will be Miss Carol Rowland and Miss Judith McCoy, both of Columbus, and Mrs. Bonnie Slagle, sister of the bride-elect.

Miss Garel Cockerill, niece of Miss Shoemaker, will preside at the guest book.

Miss Shoemaker is the daughter of Mr. and Mrs. James H. Shoemaker, 819 Washington Ave., and Mr. and Mrs. M. Dale Teeters, of Rt. 5, are parents of Mr. Teeters.

Cherry rum balls recipe

By CECILY BROWNSTONE
Associated Press Food Editor

Browsing among our collection of cookbooks, we found a delightful Christmas and New Year offering — Cherry Rum Balls. This recipe comes from the Acadian Bi-centennial Cook Book, published in 1955 by The Louisiana Acadian Handicraft Museum in Jennings, La.

These Cherry Rum Balls, if refrigerated, may be stored for weeks and weeks so they can be made ahead of holiday time. Because they are centered with red maraschino cherries complete with stems they are amusing as well as deliciously attractive. Here is our adaptation of the recipe.

CHERRY RUM BALLS

1 jar (8 ounces) and 1 jar (4 ounces) red maraschino cherries with stems
2 cups finely crushed vanilla wafer crumbs
2 tablespoons unsweetened cocoa
1 cup finely chopped nuts
½ cup light corn syrup
3 to 4 tablespoons light or dark (80 proof) rum

Coatings: flakes coconut, finely chopped walnuts, grated (medium-fine) semi-sweet chocolate squares or confectioners' sugar.

Drain cherries — syrup may be used in cold fruit beverages.

In a medium mixing bowl stir together the wafer crumbs and cocoa; stir in nuts, then corn syrup. Stir in just enough rum to hold mixture together, mixing well.

Form mixture into a long roll about 1½ inches in diameter. Cut into slices (40 to 48) to equal the number of cherries. Press each slice around a cherry, leaving stem exposed. Roll each ball in one of the coatings — if using confectioners' sugar, apply just before serving.

Store in a covered container, with wax paper between layers, in refirgerator. Keeps for weeks. In serving, flatten bottoms so the stems of the Cherry Rum Balls can stand straight up.

Makes about 4 dozen.

Wedding set for Dec. 31

MISS BEVERLY JONES

Mr. and Mrs. Harry Jones, Rt. 1, Greenfield, announce the engagement and approaching marriage of their daughter, Beverly, to Gary Riley, son of Mr. and Mrs. Kenneth Riley, of Bloomingburg.

The couple will be married at 5 p.m. Dec. 31, in the home of the Rev. and Mrs. Arthur George, 1130 S. Hinde St., by the Rev. Mr. George.

A reception is planned following the wedding at the home of Bonnie Mae Williams, 1153 Gregg St.

The bride-elect is a graduate of Wilmington Senior High School and the prospective groom is a graduate of Miami Trace High School. He is employed at Randall in Wilmington.

PERSONALS

Mr. and Mrs. John Klappert, of Cincinnati, were guests of Mrs. Mabel Louis, in New Holland, Wednesday.

Active dry yeast stays fresh if stored in the refrigerator or some other cool place, but the expiration date on the package should be observed.

A thin type of penetrating floor sealer with a tung oil base is good to use on slate that has become dulled and gray.

Engaged

MISS SANDRA FRYER

Mr. and Mrs. Robert Fryer, Rt. 3, Mount Sterling, announce the engagement of their daughter, Sandra Ellen, to Kenneth William Black, son of Mr. and Mrs. Frank Black, Rt. 1, Washington C. H.

Miss Fryer, a 1969 graduate of Plains High School, is a graduate of Mount Carmel School of Nursing, and is presently employed as a registered nurse at Mount Carmel Medical Center in Columbus.

Mr. Black, a 1968 graduate of Miami Trace High School, recently completed a four-year tour with the USAF. He is engaged in farming.

An open-church wedding is planned for 1:30 p.m. March 24 in First Presbyterian Church here.

Mrs. Kirk's Kitchen

By GLADYS KIRK

Buying a fondue pot with Christmas gift money? This type of tabletop cookery is very popular now. Many types are available. Just be sure that it is a safe one — fondue pots do present some hazards. An open flame, boiling liquid or hot oil, an inattentive or districted cook may lead to an accident with serious and painful injuries.

As you select a fondue pot, think about safety features. The Food and Drug Administration's Bureau of Product Safety lists these ideas:

Look for a fondue pot with a permanently bonded, heat resistant handle. Wooden handles can be dangerous — the wood may char and split, causing the handle to break away from the pot.

Don't buy a fondue pot which has the handle attached with rivets or screws. Rivets may loosen or soften with heat; screw-on handles loosen as the screw threads wear with use. Any loose handle can turn or come off completely, spilling the pot's scalding contents.

Select a fondue pot with covers for both the pot and the burner unit.

Check the general design of the utensil. The taller, graceful looking pot bases are pretty but dangerous because they tip so easily. Select a fondue pot with a broad-based stand for increased stability. Remember that earthenware pots may crack with intense heat.

Consider the type of fuel, too. Liquid alcohol has an almost invisible flame, so there is the danger of thinking the flame is out when it's not. If more fuel is added to a hot or still burning unit, there may be a flare-up and explosion. Solid alcohol is safer to use, but it has an open flame that's a hazard to the cook in a fluffy party dress or to the curious child. An electric pot calls for an outlet nearby — an extension cord running across the floor and table is a hazard.

A fondue pot should be used on a tray to catch spillage and provide insulation for the tabletop.

BE CAREFUL!!

The Yuletide Season is always a joyful time of the year, however, don't let your holidays be spoiled by an accident. Statistics show that more accidents occur in December than in any other month. Be wary of those hazards the holidays bring. When driving, make safety your number one job. Be courteous and respect the rights of pedestrians and other drivers. Allow extra time for heavy traffic and slippery roads, and slow down in rain, darkness, and congested areas. Stay alert for the driver who has over-accelerated or over celebrated, and expect the unexpected from pedestrians, too!

When walking remember the extra dangers of slippery, crowded streets and early darkness. Use proper walking shoes to get maximum traction, and remember, it takes longer for cars to stop on ice and snow. This holiday season, keep these lines in mind:

You don't buy good citizenship — You exercise it.

You don't acquire alertness — You practice it.

You don't purchase safety — You earn it.

On the road, courtesy is more than just a social grace . . . . . it is a moral responsibility. How about making courtesy your code of the road this holiday season.

To flambe means to sprinkle with brandy or a liqueur and ignite.

Never fill muffin cups more than 2-3 or ¾ full.

Mrs. Campbell 'Miss Inspiration'

Mrs. Beryl Smith conducted the OH TOPS chapter 669 meeting held in Eastside School Tuesday evening, when it was announced that Mrs. Emmett Campbell had been voted "Miss Inspiration" for the year. The "greatest improvement" award went to Mrs. Dorothy Riley, and Miss Kay Riley was best loser for the week.

Candy is the 'forbidden' food for next week.

Mrs. Homer Chaney and Mrs. Walter Haines will audit the books for the chapter, and the group will meet on Tuesday of next week at Eastside School, due to New Year's falling on Monday.

Members are asked to bring two white elephant items sometime in January.

To scald milk means to heat the milk to just under the boiling point or until tiny bubbles appear around the edge.

Hal Boyle . . . *New Year's resolutions*

NEW YORK (AP) — We have a different problem this New Year's.

Usually that is the day when everyone does a lot of soulsearching, and decides what to give up. Usually, if we are honest, we find much to give up.

This year, inflation and the course of events already have taken from us more than we feel we can afford to lose. The problem is to find something we can hold on to with both hands. However, despite the uneasy feeling I have that I am being robbed in some mysterious way — a feeling I suppose you have, too — I find there are still left to me a few things I might be better off without. They are mostly some picayune faults and bad habits — things we all have in plentiful supply.

So help me Hannah, I hereby resolve in 1973 to:

—Quit having so many late dates with Phyllis Diller. They are only making her yawn and putting dark circles under her bright eyes.

—Offer fewer possible winning plays to the Green Bay Packers pro football team. They are only helping the other teams to victory.

—Go to night clubs only during matinees. Then I can get home at dusk instead of dawn.

—Stop reading the last pages of mystery novels first. This only leaves me more connused when I get around to reading the whole book.

—Compose no more puppy love poems while under the influence of martinis. The only make my cat sick when I read them to her.

—Write my congressman more short letters and fewer long telegrams.

—Make no phone calls of free advice except to people who are glad to take them collect.

—Quit asking the check girl at the Metropolitan Museum of Art, "What's a pretty girl like you doing in a joint like this?"

—Stop snarling to strangers who step on my toes in the subway, "What's the trouble with you anyway, Mac, Do you need four feet to walk on — or the whole floorful?"

—Make no more last wills and testaments when I'm angry at youth and in which I leave all my money to my cat and a frozen beef kidney to my daughter.

—Write no more anonymous letters to the boss asking for a merit raise.

—Ask God or the world for nothing in 1973 I can't digest, wear or profit my soul and heart with.

So help me Hannah!

Hand-set weekly newspaper folds

CAMBRIDGE, Iowa. (AP) — A newspaper whose type was set by hand, one of the last such papers in Iowa, went quietly to oblivion earlier this year with the retirement of its owner, Lafayette O. Langford.

Langford was reporter, editor and composing staff, succeeding his father as publisher of the weekly Cambridge Leader, a newspaper that survived through 64 years of reverses and tight economics.

When the end came, the paper closed simply because "there was nobody to take out place," and the paper's subscription and business lists were dissolved into those of the nearby Slater News.

The Cambridge Leader was established in 1889, but Langford's father did not publish it until 1906. The elder Langford, who once owned the Slater News, was elected to a local office in 1902, but lost re-election in 1906 and promptly took off for Nevada, where he purchased the Nevada "Watchman."

When the Cambridge Leader burned down later that year, the town Community Club pleaded with Langford to "bring your plant" to Cambridge and re-establish the paper.

Until 1908, he published the paper out of an old barn. The Langford children, including Lafayette, helped with the chores around the gasoline-powered cylinder press.

When the paper was locked up, the elder Langford would hum "The Battle Hymn of the Republic," Lafayette said. "He felt he had gotten a big job done."

During the first World War, Langford sold the paper twice, but the new owners were unable to meet the $15 rent payments on the building and he got the paper back. With the family's other five sons in college, Langford agreed with his father to jointly run the paper. They published it together until 1938, when Lafayette took over.

He recalls a special issue in 1946 as being "the biggest and best thing we have ever done."

It was a big job because even for an average issue, it took three or four days to put all the type together by hand.

Another issue, in 1971, was particularly memorable, but for altogether different reasons.

"One gate of the handset front page wasn't closed," Langford said. The type—hundreds of carefully-placed metal words, letters, punctuation marks, spacing lead—days of work—fell out on the floor in a gray clutter of petrified alphabet soup.

It was publication day. The paper was put to press with a front page that was blank except for the masthead and a headline that said "BAD LUCK," with two lines of explanation. Langford sorted the news out from the jumble on the floor and published it a week later.

John Provenzano, jazz musician, dies

NEW ORLEANS, La. (AP) — "Offer everybody a drink on me," jazzman John Provenzano said in one of his last words to his family.

The veteran clarinetist died here Tuesday at 75.

Medical supplies sufficient in Managua, officials report

MANAGUA, Nicaragua (AP) — Foreign doctors say enough medical personnel and supplies are on hand to ward off any typhoid or typhus epidemic in the earthquake-devastated Nicaraguan capital.

"There is no epidemic in Managua today," said Dr. Juan Jose Chiari of Panama. "We are probably going to avoid an outbreak of diseases."

U.S. relief officials expressed satisfaction with the arrival of tons of grain, flour and powdered milk. Nicaraguan officials said more trucks were needed to get the food to 19 distribution points set up outside the city to draw persons away from the ruins.

They said supplies were piled up at the airport and even in the front yard of Gen. Anastasio Somoza, the country's ruler.

Lt. Col. Frank Simons, in charge of the U.S. relief program, praised the food distribution plan set up by Somoza.

"We would have had the same problems if this happened in any country in the world," he said. "The Nicaraguans are doing a marvelous job."

Maj. Dennis Bulger, commander of the U.S. 518th Combat Engineer Co., said although many of the city's water lines had been ruptured and some of the cisterns around the city had been cracked by the quake Saturday, some 20 million gallons a day could still be provided for the greater Managua area.

He said about 78,000 gallons were brought into the city Wednesday, "enough to provide each person with half a gallon."

This indicated that bout 150,000 persons—or half the normal population—were still in the city despite orders for everyone to evacuate the area. Authorities continued to appeal at frequent intervals for evacuation, but many obviously were ignoring the effort.

Residents were warned to avoid an area of 450 blocks in the hardest hit sector that was designated an epidemic zone. Doctors said the title was precautionary and did not indicate presence of an epidemic.

Somoza, whose family has run Nicaragua for 35 years, said in a statement broadcast hourly that looters were being arrested and some had been shot.

The latest official estimate of casualties from the quake is 3,000 to 6,000 dead and up to 20,000 seriously injured.

5 West Virginians sentenced for courthouse destruction

BEAVER, Pa. (AP) — Five Weirton, W. Va., men, including three brothers, have been sentenced in connection with the bombing of the Beaver County Courthouse here last Sept. 11.

Ronald, Thomas and Robert Ball each was sentenced Wednesday to serve from 4½ to 12 years in prison and fined $750 on charges of malicious mischief by explosives and conspiracy.

Also sentenced on the same charges were Daniel Gonzales and David Link. They drew prison terms of from 4½ to 12 years and were fined $750 each.

None of the defendants had contested the charges, authorities said.

In issuing the sentences, Beaver County Judge H. Beyrl Klein commented that the maximum penalty allowed by law for the offenses "is not as great as I think it should be."

"This is no ordinary act and no ordinary building but an assault on all the people of Beaver County," he said.

A wicker basket containing dynamite exploded along an outside wall of the old stone courthouse, ripping a gaping hole in the side of the three-story complex.

Authorities theorized the building was bombed to delay the Balls' trials on armed robbery charges stemming from a holdup at a grocery store.

Klein sentenced Robert to eight to 20 years in prison and Ronald and Thomas were ordered to serve 7½ to 20 years. In addition, each was fined $750 on the robbery charges.

Meanwhile, a sixth man charged in the courthouse bombing, Robert Samaras, also of Weirton, remained lodged in Lawrence County Jail pending a motion for a new trial. He was convicted of malicious mischief by explosives in the case.

Nicaraguan earthquake no surprise to scientists

By RICHARD SALTUS
Associated Press Writer

LOS ANGELES (AP) — The earthquake that ripped Managua, the capital of Nicaragua, was a catastrophic disaster in human terms, but to scientists the jolt was neither unexpected nor unusually severe.

The fact that it wrecked the city and killed thousands resulted not from extraordinary force but from three factors:

—It was centered very close to, or within, the city.

—The quake originated close to the surface of the city's loose, ashy land base.

—Few of Managua's buildings apparently were designed or built to withstand such temors.

Seismographs at various California points indicated Saturday's jolt had an intensity of 6.25 to 6.4 on the Richter Scale. Thus it was somewhat less intense than the 6.6 quake in February 1971 that rocked the San Fernando Valley north of Los Angeles and killed 65 persons.

Dr. Don Anderson, director of the seismology laboratory at the California Institute of Technology, said Tuesday a quake is not classified by scientists as "major" unless it reaches 7.5 on the Richter Scale.

The great San Francisco quake of 1906 was estimated at 8.25.

He said many quakes as strong as Saturday's occur frequently in Central America but go unreported because they are in remote areas.

The particular earthquake-prone feature of Central America, Anderson said, is an offshore trench. Here the Pacific Ocean floor is moving toward and under the mainland mass, causing great compressional forces.

Dr. Robert Brown of Menlo Park, Calif., a seismologist at the U.S. Geological Survey's National Center for Earthquake Research, noted that Managua is particularly vulnerable because it is built on loosely compacted volcanic debris. This material is shaken even more violently by a quake than a base of solid rock would be, he said.

Frost nips wide areas

By THE ASSOCIATED PRESS

Frost nipped wide areas of the Deep South today and dropped temperatures into the 40s as far south as the interior of southern Florida.

Most of the nation enjoyed fair skies. However, there was occasional snow from the Great Lakes to New England. The snow was mixed with freezing drizzle or freezing rain over parts of New York and Pennsylvania.

Scattered rain and snow fell mostly at higher elevations west of the Rockies. The heaviest precipitation was along a front from northern Idaho to the mountains of central California.

Temperatures before dawn ranged form 1 at Alamosa, Calif., to 58 at Los Angeles, Calif.

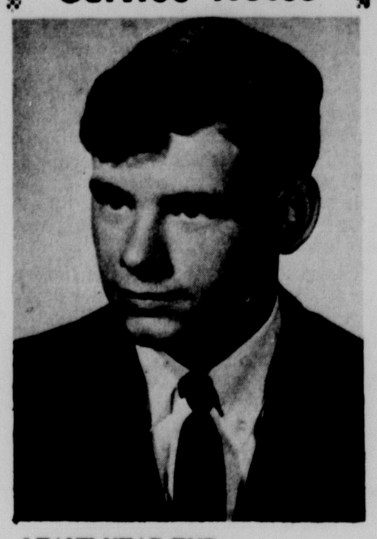
Relief fraud case bared

CLEVELAND, Ohio (AP)—A 50-count fraud indictment has been returned by the Cuyahoga County grand jury against Nunzio Calvo, a member of the County Soldiers Relief Commission.

Calvo was indicted last August on 47 other counts charging larceny by trick. The new indictments returned Wednesday accuse him of fraud and conspiracy to defraud the state of $5,000 in relief funds.

Indicted with Calvo ten counts of filing false housing relief claims totaling $1,493 was Dominic Ticchione, owner of a furniture store on Cleveland's East Side.

Service Notes



LEAVE NEAR END —
Sam Hatmacher, who is spending a Christmas leave with his parents, Mr. and Mrs. Harold Hatmacher, 9117 Allen Rd., will report back to his ship, the USS Constellation CVA 64 on Jan. 3. He is a Naval Air Force jet mechanic attached to the carrier. The Constellation will leave Jan. 5 for a 10-month Pacific cruise. His address is: Sam E. Hatmacher ADJ 3, VF 96 Power Plants, FPO San Francisco, Calif. 96601.

New assignment

Sgt. **Herbert R. Harrison**, son of Mr. and Mrs. Ted A. Harrison, 317 Bereman St., has been graduated at Sheppard AFB, Tex., from the Air Force aircraft mechanic course conducted by the Air Training Command.

Sgt. Harrison, who learned to maintain and service turboprop aircraft, is being assigned to Eglin AFB, Fla., for duty with a unit of the Tactical Air Command which provides air support for combat units of U.S. ground forces. He is a 1966 graduate of Miami Trace High School. His wife, Donna, is the daughter of Mr. and Mrs. Richard Ball, of Lawton, Okla.

Basic completed

Coast Guard Seaman Recruit **David C. Philips**, son of Mr. and Mrs. Donald P. Philips, and husband of the former Miss Jill A. Clyburn, all of Greenfield, has been graduated from basic training at the Coast Guard Training and Supply Center at Alameda, Calif.

He is a 1968 graduate of Greenfield McClain High School and a 1972 graduate of Ohio State University.

Enlists in Navy

Miss Alicia Jeax Bailey, a 1971 Washington Senior High School graduate, has enlisted in the U. S. Navy and plans to enter a career in nursing. She will leave in February for basic training.

Miss Bailey is the daughter of Mr. and Mrs. Frank Bailey, of Middletown, but made her home with her grandmother, Mrs. Ruby Bailey, here while in high school.

Couple faces neglect charges in tot's death

CINCINNATI, Ohio (AP) — A Cincinnati teen-ager and his wife have been charged with juvenile delinquency — child neglect — in the death of one of their 2-month-old twins Dec. 17.

The charge was filed Wednesday against Richard Naegele, 17, and his wife, Debbie, 16, after the Hamilton County coroner ruled the death of Shane Naegele a homicide.

The coroner said death was caused by a type of pneumonia brought on by malnutrition and emaciation.

Authorities said that Shawn Naegele, 2 months old, was being treated at Children's Hospital here for undernourishment.

Stock Exchange seeking 'image'

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — All things considered, the company that projects an identifiable image collects the sale. It is for this reason that so many companies today attempt to sell not just their product but a concept with it.

Cigarettes are identified with fresh air. Soft-drink makers associate themselves with healthy, constructive youngsters. Beer and hard liquors are sold as symbols of hospitality and conviviality.

Many companies like to remind you that they are the biggest, the suggestion being that they got that way because their products are so good.

The most subtle and sometimes most effective image-conjurer is understatement. A country club in the Boston area has for years assumed a haughty and unwarranted dominance by calling itself "The Country Club."

And now the New York Stock Exchange, the largest but only one of many securities exchanges around the country, has begun referring to itself as The Exchange. There has been no official name change, only the suggestion of it.

A couple of weeks ago the statements emanating from the NYSE news bureau referred to it as the New York Stock Exchange or NYSE. A recent 12-paragraph release used "The Exchange" or "Exchange" 19 times. Moreover, a new logotype has been "especially handcrafted by Lippincott & Margulies," a firm that has designed many of the most popular trademarks and developed many corporate identity programs.

In explanation, the Big Board stated that after extensive research and testing, "It was discovered that hardly anyone says 'NYSE.'" They say "New York Stock Exchange,' or just 'The Exchange'."

But there is more to the story. As the NYSE commented in its announcement, "The insignia is progressive, yet it retains the feeling of stability. And it illustrates an awareness of the challenges of the future."

To explain further: There is currently under way a vast shakeup of the securities markets, the outcome of which might be one vast central market for stocks and bonds. It would be a monumental change from the present.

As of now, there are exchanges spotted in various parts of the country—in Boston, New York, Philadelphia, Chicago, Salt Lake City, San Francisco, for example. Someday, it is foreseen, they will be more closely tied to each other.

Whether or not these ties actually will bind them into one exchange is at this time hypothetical. While it might happen, all that can be stated positively is that they will at least be more interrelated.

There is, therefore, a good deal of jockeying for position. The NYSE is by far the biggest, most powerful of these exchanges and it hopes to stay that way in any reshuffling. It is, in its own view, The Exchange, among exchanges.

The view is vigorously disputed by the so-called regionals and by the American Stock Exchange, who maintain that many innovations originated with them and were later accepted by NYSE.

Predict 23 road deaths

COLUMBUS, Ohio (AP) — Traffic during the three-day New Year's holiday weekend in Ohio will claim 23 lives, according to the State Highway Safety Department.

That's two less than last year's New Year's toll and four less than the 27 killed in Ohio over the recent Christmas holiday.

Director Peter O'Grady said the prediction is lower this year because the holiday falls on a Sunday when motorists may have less access to open bars.

The holiday period starts at 6 p.m. Friday and extends until midnight Monday.

Alligators and crocodiles eat nothing but meat.

State continues struggle with ambulance service

CLEVELAND, Ohio (AP) — The funeral home hearse that doubles as an ambulance may be the last of a dying breed— Ohio funeral directors say they're anxious to get out of the ambulance business.

Most say they have always lost money on ambulance services, and a number say proposed state regulations requiring mandatory ambulance standards and training for attendants will make costs prohibitive.

The state Health Department conducted a poll last spring and found that 64 per cent of the funeral directors contacted wanted out of the business.

"I never made a poll, but from talking to others and from my own experience, I know most of us would get out if we could," said Charles R. Boring, president of the Ohio Funeral Directors Association.

Most funeral homes are in the business now because their hearses are the only available vehicles in many areas that can carry patients lying down, he said.

"We can't get out of it because there is nothing to take our place. Until ambulance service is taken over by local government, I am stuck with it."

The federal Highway Safety Act of 1966 demanded that every state write minimum standards for ambulance service but state officials in Ohio say they already have postponed that until at least 1976.

Without any state requirements on the books, there's nothing to stop anyone with a station wagon and a cot from going into the ambulance business, admitted Dr. Thomas A. Gardner of the Health Department.

But it's "a matter of deciding whether any ambulance service is better than no ambulance service at all."

"If strict standards were written as they have been in a couple of states, you would have chaos—either because the rural funeral homes would have to pull out, or the law would contain complicated exceptions."

The immediate answer will be upgrading local fire and rescue squads to handle the load, he said. That has already begun.

During the last three years, the state has channeled $2.5 million in federal funds to rural Ohio areas to upgrade ambulance services.

"In three years, we've bought 124 ambulances, fitted them with thousands of dollars in medical equipment and supplies and set up vehicle and base radio communications," he said.

Mark Hodge again jailed for assault

FINDLAY, Ohio (AP)—Mark Hodges of Leipsic who was arrested and charged Wednesday with assault with intent to kill a young Findlay woman Dec. 22, is being held under $50,000 bond here.

Hodges, 31, is charged with assaulting a woman in her late teens or early 20s on a southern Hancock County road.

Sheriff William Bell said Hodges used a red light on top of his car to pull the woman over to the side of the road and take her from the car. She was injured in the scuffle that followed.

Hodges was arrested in Putnam County, Wednesday and taken to Findlay where acting Municipal Court Judge Robert T. Walker set the bond.

Hodges is the same man charged in November 1970 with the killing of Karen Kern of Sylvania, the niece of AFL-CIO chief Frank King. He was acquitted.

He was charged, too, at about that same time with shooting with intent to kill Denise Fortner, 17. Miss Fortner was riding a motorbike when she was forced off the road by a car. The driver of the car returned and shot her. That trial ended in a hung jury. A second trial resulted in Hodges' acquittal.

He was acquitted two years ago of assault on a female in Union County.

Hong Kong is a Crown colony of Britain, situated alongside China at the mouth of the Canton River.

Tourism conference slated at Salt Fork

COLUMBUS, Ohio (AP) — The Governor's Conference on Tourism will meet for three days starting Jan. 16 at Salt Fork Lodge near Cambridge to seek ways to increase Ohio's tourist trade.

Pay bill signing set

COLUMBUS, Ohio (AP) — A bill raising the pay of state legislators, county officials, township trustees and clerks probably will be signed by Gov. John J. Gilligan later this week.

Gilligan's office said Wednesday that the governor would probably sign the bill Friday or Saturday before leaving Sunday for the Rose Bowl in Pasadena.

The bill has to take effect prior to Jan. 1 when most of the officials whose salary would be increased take office for new terms. The Ohio Constitution prohibits in-term increases.

Legislators would get an increase from $12,750 to $14,000 annually, county officials would receive from 20 to 22 per cent more, and township officials would receive varying amounts depending on the dollar size of the budgets they handle.

The measure carries an emergency clause that gives it immediate effect.

O'Neill to take oath

COLUMBUS, Ohio (AP) — C. William O'Neill, 25, will be sworn in by his father Jan. 1 as a member of the Ohio House of Representatives for the state's new 28th District.

His father is Chief Justice C. William O'Neill of the Ohio Supreme Court. The ceremony will be in the municipal building in suburban Upper Arlington.

GE DEALER RECOGNIZED — Dick Davies, co-owner of Robinson Road Appliance and Service Co., Fayette County's General Electric dealer, has been recognized by the manufacturing company as an outstanding dealer in a recent promotional sale. Davies sold 10 pairs of GE home laundry units in a span of a week for which he was recognized with a plaque (left.) Davies also was named an outstanding GE merchandizer, basically for advertising promotions, for which he received a commemorative plaque (right) symbolizing the flights of Mercury, Gemini and Apollo missions in the United States' space program. The plaque was designed by Claude Rose, manager of GE's advertising department in Cincinnati.

General Telephone hikes area budget

WILMINGTON — General Telephone Co. of Ohio today announced a record-breaking $1,374,816 construction budget for 1973 in the Wilmington district.

T. R. O'Neil, district commercial manager, said the major portion of the budget will be used to expand call-switching equipment and cable networks throughout the district.

"The goal of limiting new urban residential service to one- and two-party, and the reduction of rural lines to four-party service by year-end 1976 necessitates expenditures of this size," O'Neill noted.

The completion of a major $128,000 call-switching equipment addition here is under way. Completion is scheduled for early 1973. Another equipment addition will then be started. This $135,000 job is scheduled for completion late in 1973.

A total of $270,000 has been budgeted for the addition of aerial and buried cable facilities throughout the Wilmington exchange area.

"Other area exchanges also are to get major additions," O'Neil noted. "Blanchester is earmarked for two major cable jobs totaling $26,700. Greenfield exchange has additions of cable and switching equipment scheduled totaling $24,000, and Lynchburg exchange will have a major $33,000 plant addition.

"All exchanges within the Wilmington district will benefit in some way through the major additions planned for 1973," O'Neil explained.

The Wilmington district is comprised of 11 exchanges: Wilmington, Blanchester, Clarksville, Greenfield, Leesburg, Lynchburg, Martinsville, New Vienna, Port William, Sabina and New Burlington.

These exchanges serve 20,715 phones in a 746.5-square-mile area of Clinton, Highland and Ross counties.

Policemen stationed to prevent robberies

MINNEAPOLIS, Minn. (AP) — Plainclothes policeman armed with sawed-off shotguns have been stationed by the Police Department at various businesses in an effort to curb holiday season robberies.

Deputy Chief Carl Johnson said more than a dozen policemen will remain stationed at various city liquor stores, grocery stores and all-night gas stations through the first of the year.

Traffic court

Only one traffic case was heard in Municipal Court Wednesday by Acting Judge Walter Seifried.

Charlene E. Langley, 53, of 1349 Meadow Dr., was fined $35 and costs for failure to yield the right of way. She was cited by the Fayette County Sheriff's Department.

Rose Bowl bits

When you think of the Rose Bowl do you see the Southern California Trojans running all over the famed Pasadena turf?

If not, you should because Southern Cal's star-studded teams have been to the Rose Bowl so many times we suspect they have a permanent lease on the Pasadena field.

The upcoming New Year's Day classic which matches the unbeaten and top-ranked Trojans against the third-ranked Ohio State Buckeyes will mark the Southern Cal's 18th Rose Bowl appearance.

BESIDES ALL of Southern California's appearances in the New Year's Day classic, the Trojans own so many Rose Bowl records that most of them may never be equaled, much less surpassed.

Since the Big Ten and Pacific Eight became partners back in 1947, the Midwest teams have won 17 games. Of the nine wins copped by the West Coast schools, USC owns four.

When the Trojans went to the Rose Bowl for the 1970 shootout with Michigan, John McKay became the first coach ever to make four consecutive trips to the Pasadena saucer.

On his five appearances McKay won three, beginning with the Wisconsin scoring orgy in 1963. He also beat Indiana 14-3 in 1968, and Michigan in 1970. He lost to Purdue 14-13 when he refused to try for a tie in 1967 and was dumped by Ohio State 27-16 in 1969.

Five times USC has sent unbeaten teams to the Rose Bowl and they lost once. The loss came in 1969 to Woody Hayes to supply McKay with a revenge motive if needed for this New Year's Day clash.

McKay's personal coaching record against Big Ten opponents in 13 years at USC is 33-17-2. The Trojans are unbeaten in 16 straight games dating back to the last game in the 1971 season when UCLA tied them 7-7.

Southern California stands 4-4 against the Big Ten at Pasadena since the Rose Bowl became a private party in 1947. The 1952 Trojan version snapped a Big Ten winning streak by nudging Wisconsin 7-0 in 1953.

But, the Big Ten's overall Rose Bowl record is well ahead of the Pacific-Eight.

THE BIG TEN'S 17-9 series edge is doubly impressive when you recall that until two years ago the Big Ten would not permit any school, champion included, to make the trip two consecutive years. Three times the runnerup school got the trip ticket and three times the No. 2 team defeated the Pac-8 champ.

This will be Woody's fourth Rose Bowl adventure. The crafty Buckeye veteran has stacked up a 3-1 record and two of those wins were at the expense of Southern Cal.

Ohio State topped the Trojans 20-7 in 1955 and returned three seasons later to shade Oregon by a 10-7 score. In 1969, Hayes registered the aforementioned 27-16 verdict over USC, before being upset by Stanford 27-17 in the 1971 game.

Holiday tournament action keeps Ohio cagers busy

By THE ASSOCIATED PRESS

Holiday tournament action kept many Ohio college basketball teams busy Wednesday night, but Cincinnati in a non-tourney game gained the greatest glory, upsetting No. 8 ranked Penn and knocking the Quakers from the ranks of the unbeaten.

The Bearcats, now 5-2, used a needling zone press and a well-balanced offense to defeat Penn 71-65 and remain undefeated on their home court.

The tactics forced Penn into 23 turnovers and was its first loss in the last 20 games.

Cincinnati led most of the second half, often with leads of as much as eight points, and with a great assist from Loyd Batts who got 12 of his team-high 18 points in the last half. Guard Dan Murphy also had 11 of his 13 points in the final period and made four clutch free throws late in the game.

In out-of-state tournament action Miami of Ohio won over Florida 88-72, a victory that gave Miami the consolation game in the Gator Bowl Tournament.

At Findlay's holiday tournament, Rio Grande lost to favored Erskine, S.C. 63-57 while Babson, Mass., was defeating the host squad, 77-69. The winners and losers will meet tonight in two games.

Host Urbana defeated Huntington, Ind. 88-75 in its tournament and will meet Georgetown, Ky., tonight for the championship. Georgetown moved into the final game with an 88-86 squeaker over Northwood.

In an easy victory in the Muskingum Shrine Tournament, Muskingum beat Bluffton 62-52 while Mansfield State, Pa., edged by Elmhurst, Ill., 79-75.

In the Colonial City Class at Mt. Vernon, host Kenyon defeated Washington and Jefferson 67-53 and Wright State romped by Denison 72-58. The winners will meet for the championship tonight while the losers vie in the consolation.

Baldwin-Wallace had an easy time winning over Tusculum, Tenn., 75-46, in the Mt. Union Tournament but Hiram just barely edged by Mt. Union 84-83. A free throw by Larry McCall with 12 seconds left provided the margin.

Host Ashland also narrowly won over Geneseo State, 81-80, in its holiday tournament and will now meet West Virginia tonight for the championship. West Virginia knocked Earlham into the consolation round tonight with a 99-88 victory.

In other Ohio college action Ohio State easily defeated Yale 83-62, Ohio Northern romped past Adrian 63-43, and Norfolk State moved over the century mark in its 112-91 victory over Central State.

Grays bomb Blues, 27-15 in grid tilt

MONTGOMERY, Ala. (AP) — "We made mistakes and the Grays didn't. It was that simple," Coach Vince Gibson said after his Blue squad lost 27-15 in the annual Blue-Gray football game.

One of those mistakes came during the first minute of play. Defensive back Ken Phares of Mississippi State intercepted a pass from Tony Adams of Utah State and ran it back 34 yards for a Gray touchdown.

Quarterback Don Strock of VPI, who gained more yardage than any other college back this year, led the South to victory Wednesday night and was named the game's most valuable player.

Strock, who was also tops in passing, couldn't connect with a scoring pass in the game, but did pilot the South in their touchdown drives.

"Coach Charlie Coffey's squad was well prepared and played nearly flawless football. But we lost three interceptions and our receivers dropped too many passes and those blunders killed us," the North coach from Kansas State said.

Adams, who ranked just behind Strock nationally in total offense during the regular season, put together one scoring drive and climaxed it with a 16-yard touchdown pass to Doug Winslow of Drake in the first period.

The North's backup quarterback Dennis Morrison of Kansas State engineered another scoring march in the final two minutes with Martin Januszkiewicz of Syracuse diving over from the four.

Rice's Mark Williams kicked two field goals for the Grays besides booting two extra points.

Phares was selected as the Grays' most valuable defensive player.

The Blues have not won the college all-star classic since 1967 but the North and the South tied in 1969. The Grays lead the series 20-13-1.

Marquette edges Widcats

By THE ASSOCIATED PRESS

"I'll tell you something that might shock you. I personally wish the streak had ended."

Al McGuire, coach of nationally third-ranked Marquette in college basketball, made the comment after the Warriors had won their 77th straight at the Milwaukee Arena by edging unranked Northwestern 89-85 in overtime Wednesday night.

"Everybody talks about our winning streak at home," McGuire said. "But we've won 26 of our last 29 on the road and that's what I'm proud of. As long as we won this was the best thing that can happen to us.

"You know the heads get out of proportion sometimes, even my own, when we keep winning."

The Warriors, one of the few major unbeatens, won their sixth of the season on four free throws each by Allie McGuire and George Frazier in the extra period. Northwestern, 1-7, missed its chance for a major upset when Rick Sund's long shot fell short at the buzzer ending the regulation game 81-81.

Larry McNeill led Marquette with 32 points and made a key interception with 17 seconds left. The Warriors led by only 87-85 at the time and Frazier's two charity tosses with six seconds to go sewed things up. Sund sparked the Wildcats from the Big Ten with 22 points.

Minnesota, Long Beach State and Missouri, ranked fifth, sixth and seventh, respectively, in The Associated Press poll, kept their slates clean, but Cincinnati knocked No. 8 Pennsylvania out of the unbeaten ranks 71-65.

Minnesota won its seventh straight by beating Washington State 41-35 in the first round of the Far West Classic, one of the many holiday tournaments that got under way.

Long Beach made it nine in a row with an 87-68 romp over Mississippi in the All-College and Missouri also made it nine straight by ripping Colorado 98-78 in the Big Eight.

Jacksonville won the first holiday tourney of the week. The Dolphins whipped Rutgers 84-71 in the final of the Gator Bowl.

Arizona upset Purdue 83-80 in the Las Vegas Holiday and Louisville whacked Fordham 100-73 in the Rainbow Classic. Oklahoma City whipped St. Francis, Pa., 109-81 in the All-College while LaSalle tumbled Southern California 77-72 in the Quaker City Classic.

It was Drake over Iowa 98-80, Ohio State over Yale 83-62 and Seattle over Dayton 92-71 in non-tourney games.

SPORTS

McClain pops Adena for 2nd win in row

FRANKFORT — Greenfield McClain, behind a balanced scoring effort in which three players finished with double digit performances, posted its second straight win of the season Wednesday night by popping Frankfort Adena 75-45 in non-league action on the Warrior boards.

Head coach Sam Snyder's tiny Tiger cagers, who dropped their first four outings of the campaign, pumped their all-games worksheet to an improved 2-5 level with the win.

Slick-shooting senior backcourt ace Buddy Kennedy sparked Greenfield's balancing act with 11 field goals and one free throw for 23 points. Kennedy received ample backing from hard-working senior forward Larry Crabtree who netted 19 points and George Hamilton contributed a 16-point performance.

GREENFIELD zipped to a 16-8 first period advantage and bucketed 20 more points in the second frame to grab a 36-18 lead at intermission. The Highland Countians increased their bulge to 57-33 after three quarters and capped the win with 18 points in the fourth canto.

Randy Hill and Carl Hamman scored 10 points apiece for head coach Ron Hall's Frankfort Adena team which absorbed its seventh consecutive setback of the season.

The Greenfield game opened a five-game holiday schedule for the South Central Ohio League teams. In tonight's action, Washington C. H. will pay a visit to Hillsboro while Circleville invades Miami Trace and Franklin goes to Wilmington on Friday night. Miami Trace will entertain Madison Plains Saturday to complete the holiday card.

Score by Quarters:

Grn.	**16**	**20**	**21**	**18—75**
Adena	**8**	**10**	**15**	**12—45**

GREENFIELD — Hamilton (8-0-16); Crabtree (9-1-9); Trego (3-0-6); Kennedy (11-1-23); Raike (2-1-5); Carmen (0-2-2); Anderson (1-0-2); Strain (1-0-2); Totals (35-5-75).

FRANKFORT ADENA — Hill (5-0-10); Hamman (4-2-10); Gibson (3-0-6); Beverly (4-1-9); McCarty (1-0-2); Ragland (2-0-4); Barnes (2-0-4); Totals (21-3-45).

Reserves: Greenfield 50, Adena 45.

Bobby Unser confident of 200 m.p.h. at Indy

NEW YORK (AP) — When cigar-chomping Barney Oldfield blazed around the crushed stone surface of Indianapolis Motor Speedway at 76.27 miles per hour in 1909, nobody ever thought of 200 m.p.h.

Now, 64 years later, Bobby Unser, who has gone faster on a closed race course than any other human, says confidently that the 200 barrier will be broken at the ancient speedway next May.

"I ran 197.5 there just a month ago during Goodyear tire tests," the Albuquerque speed specialist said in a telephone interview, "and I was doing it very easily.

"I am sure," he added, "that when we bring our Olsonite Eagle to the Speedway in May, the 200 m.p.h. mark will not be out of reach. In fact, we are gearing for it."

He no doubt will be proven right in his prediction. The never ending search for speed at the speedway has brought about dramatic changes in the last dozen years in race cars, tires and other accessories, and a breed of drivers who not only are fearless but more versed in engineering than the men who built the original speedway machines.

It was a 53-year struggle to get from Oldfield's 76.27 m.p.h. to the 150 barrier, then only 11 years to reach the threshhold of 200 m.p.h.

But the first round of qualifying for the 1972 Indianapolis 500 was a forecast of what could happen next May. On that first day of trials, the new one-lap, 2.5-mile record was held briefly by six different drivers and the speed jumped from Pete Revson's 179.354 of 1971 to 196.678 by Unser on his third qualifying lap en route to the pole position.

Buckeyes overpower Yale

COLUMBUS, Ohio (AP) — Ohio State's Buckeyes, dominating the boards and shooting six percentage points better than their average, overpowered the Yale Bulldogs 83-62 in college basketball Wednesday night.

The Buckeyes managed 35 out of 68 shots from the field for 51.5 per cent and held a commanding 52-43 edge on the boards, often limiting Yale to one shot at its own basket.

OSU Coach Fred Taylor expressed pleasure with his team's shooting, an item he has stressed in practice, but said the Buckeyes overall performance was unpolished.

He singled out Wardell Jackson, who hit seven of eight baskets in the first half and had a game total 16 points, his best performance of the season. Taylor also had praise for Allan Hornyak, who led the contest with 22 points before leaving the game with 4:56 remaining.

Hornyak, OSU's best point producer with a 23.3 average going in, suffered a muscle injury in his left knee, but team physician Dr. Luther Keith said it didn't appear serious.

Keith said he would examine Hornyak again today, but expected him to be ready for Saturday's trip to Creighton.

Taylor, looking forward to the weekend match, said he expects to "run into a real buzzsaw with Creighton."

Houston Rockets smash Lakers in 136-104 contest

By THE ASSOCIATED PRESS

The Houston Rockets had stunned the Los Angeles Lakers by 32 points but winning Coach Tex Winter was worried, thinking it might be a bad omen for the next game.

"This score will be bad for us when Milwaukee reads it," Winter said after his Rockets had demolished the injury-plagued National Basketball Association champions 136-104 Wednesday night. "They'll say, 'Wow, look how much Houston beat LA.'"

The Rockets, red hot after a slow start, try for their sixth victory in seven games Friday night against the Bucks in Milwaukee.

In the only other NBA game Wednesday night, the Atlanta Hawks edged the Philadelphia 76ers 121-120 on Don May's 10-foot jump shot at the buzzer.

In the American Basketball Association, Carolina downed Indiana 122-114, Kentucky topped New York 105-101, Denver nipped Virginia 115-113, and San Diego defeated Memphis 106-102.

Mike Newlin led the Rockets with 24 points, while Jack Marin and Jimmy Walker had 23 apiece and Rudy Tomjanovich 21. Gail Goodrich netted 37 points and Jerry West 24 for the Lakers, who played without starting forwards Jim McMillian and Happy Hairston.

May came into the game for Atlanta with 11 seconds remaining and hit his winning basket after grabbing teammate Pete Maravich's rebound in the lane.

Lou Hudson paced Atlanta with 34 points, while Maravich added 25. Leroy Ellis and Fred Carter each scored 25 for the 76ers, who suffered their 10th straight loss and 34th setback in 37 games.

Carolina, leading the ABA East, blew an 18-point third quarter lead, before battling back to beat Indiana.

Price Commission probes grid ducats

WASHINGTON (AP) — The Price Commission is reviewing the National Football League's ticket prices for postseason playoff and championship games.

"The increase in prices has been called to our attention and we are looking into it," a commission spokesman said Wednesday.

Hitler parade limousine heads auto auction list

BY DALE BURGESS
ASSOCIATED Press Writer

AUBURN, Ind. (AP) — Auto auctioneer Dean V. Kruse keeps having this dream: lights and a crowd and he slaps the clamshell fender of a 22-year-old used car and chants:

"Going once, going twice, and sold to the gentleman with the diamond stickpin for $100,000."

He knows it's a dream, but he also knows it could come true.

Kruse and his three auctioneer brothers will offer Adolf Hitler's parade car to the highest bidder Jan. 6 at Scottsdale, Ariz.

The specially built Model 770K Mercedes-Benz is from the private collection of Tom Barrett, a Scottsdale developer.

Kruse and his brothers will sell more than 50 other antique, classic and exotic autos in the Scottsdale auction. They will include a 1912 Fiat, a 1915 Mercer, a 1910 Stoddard-Dayton, a 1925 Locomobile Sportiff special and a 1931 Isotta-Fraschini.

But the Hitler Mercedes is the top of the line.

Does Kruse actually think somebody will pay $100,000 for the armor-plated German mechanical jewel?

"That depends entirely upon how bad some museum or collector wants it," he said.

The Mercedes has to be one of the most looked-at cars in history.

Hitler transported himself, Mussolini, Baron Mannerheim and other notables in it on state occasions as millions heiled.

Der Fuehrer finally gave it to Mannerheim, who shipped it from Finland to Sweden to keep the Russians from getting it. The Swedish government seized it for taxes after Mannerheim's death.

The Swedes traded the car to an American importing firm for an undisclosed quantity of ball bearings. For a time it was exhibited in the Museum of Science and Industry at Rockefeller Center, New York.

The car has a retractable top, 2-inch-thick bulletproof door and windshield glass, armorplate doors and floor boards. It weighs 10,000 pounds.

A supercharged straight-8 engine, 467 cubic inches of piston displacement, reputedly can move the monster at more than 135 miles per hour.

Like a yacht, this is the kind of car you don't buy if you need to know the price. Its gas consumption is so voracious that it needs a 56-gallon tank.

Cincinnati fire fatal to 2 believed started by stove

CINCINNATI, Ohio (AP)—A two-alarm fire which claimed two lives and injured more than 15 people in a three-story apartment building here apparently started in a gas stove in one unit, Cincinnati Fire Chief Bert Lugannani says.

He added that the blaze which caused $45,000 damage Wednesday was apparently started accidentally "but we don't know what triggered it."

Theresa Samuels, 13, and Netta McCall, 6, died from smoke inhalation. The two were found on a mattress in a third-floor apartment in the 20-unit building. The older child had her arms draped over the younger child in a protective position, Lugannani said.

Only three of those injured remained hospitalized today. They were Melinda McCall, 18, and her son, Carl, 4; both listed in serious condition; and Delores Berry, 19, reported in fair condition.

Authorities said that Netta McCall was Melinda McCall's daughter. Charles McCall, Mrs. McCall's 3-week-old son, received only minor injuries after being thrown from a third-story window. Firemen said that the baby's fall was broken by an unidentified man.

Lugannani said that three children of Juanita Moreland hid in a closet on the ground floor and were rescued by firemen who walked past the closet several times before hearing the children. Mrs. Moreland, 20, jumped out of the building safely.

He said 10 other people were rescued with ladders.

Lugannani said the stove where the fire was believed to have started was on the first floor. He said that a metal fire door had been propped open and permitted the fire to spread upward.

The 3,986-mile-long border between Canada and the U.S. has been unfortified for more than a century.

Hamilton's transit system to change

HAMILTON, Ohio (AP)— After the first of the year, Hamilton's public transit system will be operated by Megacity Transit Lines, Inc. of Dayton, Hamilton City Manager Edward Smith says.

Smith said Wednesday that Victor Lehman, current operator of Hamilton's bus system, notified him he will not be able to continue the job next year under the present agreement with the city.

Computer detective brings big decline in burglaries

SEASIDE, Calif. (AP) — Following the advice of a computer, two policemen here have accounted for more burglary arrests in the past two months than the entire 54-man force has in any previous year.

"We were damn tired of reacting to burglaries after they happened," said Police Capt. Dale W. Anderson, who heads a burglary patrol which relies upon probability instead of manpower.

Since late October, the $59,000 program has yielded 27 burglary arrests, the recovery of $30,000 worth of stolen property and more than a 25 per cent reduction in burglaries, he said.

Police officials said the program, financed in part by a $39,000 grant from the Council on Criminal Justice, might serve as a model for other cities the size of this Monterey Bay community of 40,000.

Seaside's assault on burglary began in mid-1970 when a police reserve officer began feeding year-old burglary reports into a computer. By 1971, enough data on the times, place, type and manner of burglaries was gathered to permit an experiment.

A rented computer was used to assign a two-man, unmarked patrol car to areas most likely to be hit by a burglar during a specific time of the day and month.

Anderson said the results "even amazed us though we ran out of money after five months. But in that brief time we achieved a 15 per cent reduction in burglaries, and we reduced by half the loss people took from each burglary."

After the program was resumed, Anderson said the reduction has been even greater, with the city averaging about 45 burglaries per month, compared with about 70 normally.

Each week, the police department gets an updated computer readout predicting when, where and how burglaries most likely will be committed in that week.

The prediction is based upon detailed past burglary reports, which include type of property taken, means of entry and other details of modus operandi.

Windshield washer fluid still impounded

CINCINNATI, Ohio (AP)— Some 1,651 gallons of ChinaTown Windshield Washer AntiFreeze seized from the discount-department store's three locations here cannot be returned to the company until the substance is properly labeled, a judge says.

Judge Timothy Hogan of U.S. District Court here ruled Wednesday that the fluid was misbranded. He said the fluid contains methyl alcohol which is poisonous and was not labeled as such. The fluid was confiscated Dec. 2.

Man to appear in kidnap hoax

COLUMBUS, Ohio (AP) — Martin Alper, 21, of Columbus, will appear Jan. 4 on a charge of giving a false kidnaping report to police, a report which resulted in a two-state search for him.

Say movie cliches lead to hostility, job bias

SANDRA SHEVEY

By ANN HENCKEN
Associated Press Writer

NEW YORK (AP) — The antifeminist cliches and increased violence in today's films can lead to job discrimination and hostility between men and women, says 27-year-old film critic.

"It seems the vicious and violent cliches which keep woman in her place kindle feelings of antagonism between men and women. These evidence themselves in job discrimination, sexism and machismo," said Sandra Shevey, who is teaching the first course on women in films at the University of Southern California this year.

"When we see violence films which play out man's aggression toward women . . . men repress these instincts, and let them out in socially acceptable situations. The films reinforce hostile feelings," says Sandra, who calls herself "film critic in residence" for the National Organization for Women.

Sandra groups the cliche women's roles into The Virgin Cult, the Sex Symbol, the Career Girl and The Perfect Wife. She feels that today's films are just a cliche-ridden and even more violent than films of the past.

"The career girl is always crazy, neurotic, hell-bent on success, and she always learns her lesson," says Sandra, who groups the roles of Bette Davis, Ginger Rogers, Joan Crawford and Jane Fonda in "Klute" in this category.

GINGER ROGERS in "Lady in the Dark" gave up her job to a subordinate and married him after she was badgered by others in the office.

"The lesson learned is — give up your position and get married. You will be alienated if you aren't preoccupied with frills, fads and men," says Sandra.

That same message becomes more strident and the penalties for uppity women become death instead of derision in a current film like Hitchcock's "Frenzy," says Sandra.

"Two women are killed off in the most brutal way because they try to assert their female independence. It's still a lesson learned — except the male anger is more complete in the 1970s because women's struggle for liberation is greater," she says.

In virgin cult roles, the damsel is often made distressed by a man and then saved by him. The perfect wives are always the women behind the men.

"These are recurrent and consistent motifs. Rarely do you see a divergence," says Sandra, listing "Clockwork Orange," "Diary of a Mad Housewife," and Woody Allen's "Everything You've Always Wanted to Know About Sex . . ." as guilty parties today.

SHE CALLS on the movie industry to begin seminars on the image of women in film, so film makers can become aware of these "harmful cliches" and be able to make alternative choices.

"Maybe instead a movie should reinforce feelings of caring, sensitivity, not fear but faith," says Sandra, who can think of only one American film which does this — "Adam's Rib," with Tracy and Hepburn.

After Sandra gave her pilot program "Myth America in the Movies," at New York University last spring, she was asked to lecture at colleges across the country.

"Most people are incensed by these antifeminist images of rape and violence. They want to know how to strike out," says Sandra.

She suggests protests like boycotting the films, writing the director and the producer, complainng to the theater manager and throwing rotten tomatoes.

"You're you own best movie critic," she says.

They'll Do It Every Time

Speaking of Your Health...

Lester L. Coleman, M.D.

Periodic checkups essential

I have just found out that I have high blood pressure. Is it possible to have high blood pressure without knowing it?

I haven't been sick in 40 years and frankly, have not been to a doctor since I was 7 years old.

Mr. C. C.

Dear Mr. C.:

That, indeed, is an excellent health record, and one that should give your pride.

But there should be no pride in the fact that during all these healthy years you have not consulted a doctor for a general physical checkup.

Had you done so, your high blood pressure might have been discovered and treated earlier.

The basis for good medicine is the early discovery of a condition. High blood pressure, particularly, is related to circulatory diseases, heart conditions, and even strokes. When uncovered early, these complications can often be avoided.

A very interesting study recently performed in Chicago was reported in the Journal of the American Medical Association. About 20,000 industrial employes had volunteered for tests of their blood pressure. About 4,500 of these were found to have high blood pressure.

Almost 60 per cent of those people with high blood pressure did not know they had this disorder before these tests were made.

They were, of course, not being treated. If this study can be considered valid for other areas of the country, there must be thousands of people who benignly consider themselves in perfect health when actually high blood pressure exists.

This is, indeed, unfortunate because it violates the very essence of good, preventive medicine.

A complete medical examination is not an indulgence. It is a gift to one's self and one's family.

Is there any advantage in using medication such as benzoin in steam inhalations?

Mrs. M. M., Utah

Dear Mrs. M.:

Steam inhalations are very valuable and are used often in respiratory conditions.

Benzoin, aromatic herbs and flower concentrates are often used in the steam kettle. They may be very pleasant and give a "medicinal" aroma which could have some psychological effect. However, the real advantage is from the steam itself

One of the favoite substances used all over Europe is camomile, a concentrate of the earth apple. This, with steam, diffuses and gives a lovely odor. The medical value is minimal compared to the value of the steam itself.

Are they any new drugs that can reduce morning sickness in pregnancy?

Mrs. L. J., R. I.

Dear Mrs. J.:

The general attitude today is that drugs of all kinds should be avoided during pregnancy.

Only with a dictor's permission should any drug, no matter how simple, be taken.

The bidding

West	North	East	South
Pass	Pass	Pass	1♥
Pass	2♥	2♠	4♥

Opening lead - two of spades.

To be a successful declarer, one must make assumptions during the play. Often these assumptions are based more on hope than expectancy, since there is not much point in playing a hand on the basis that the cards are divided so that you cannot make the contract.

Here is a sample of the theory at work. Let's say you're in four hearts and West leads a low spade. East wins with the ace and returns the nine, your jack losing to the king. Back comes a spade, which you ruff, and the question is how to play the hand.

Ordinarily, you would lead a heart to the king and finesse the jack on the way back, but this would be the wrong play to make here.

It is right to lead a heart to the king, but it is wrong to finesse the jack. Instead, you should go up with the ace. As the cards lie, this unaccustomed play succeeds beautifully — because the ace catches the queen and East later shows up with the ace of clubs — but how in the world are you supposed to know that playing for the drop is better than playing for the finesse?

The answer is that you have no chance for the contract unless East has the ace of clubs, and, once you make this assumption, you cannot also play East for the queen of hearts.

It is conceivable that East would have passed third hand holding the A-Q-10-9-5 of spades and the ace of clubs, but it is inconceivable that he would have passed had he also held the queen of hearts. It is therefore proper to assume that West has the queen and on that basis reject the finesse as a hopeless gesture.

Propane gas made available for Buckeye grain drying

COLUMBUS, Ohio (AP) — The Public Utilities Commission of Ohio said today nearly 1.7 million gallons of gas have been made available to Ohio farmers who urgently need it to dry their grains during this wet season.

Commission Chairman Henry W. Eckhart said 161,506 gallons of propane gas have already been delivered to Ohio distributors to assit the farmers with grain harvesting and drying.

The commission is presently trying to solve the transportation problems of getting the supplies to local distributors who will supply the farmers.

"As of noon today, 18 truckloads of propane with approximately 9,000 gallons per load have been picked up from the Columbia Hydrocarbon Company storage facility at Mount Sterling."

The Dayton Power & Light Company has made available one million gallons and Columbia Hydrocarbon another 500,000 gallons at its Lima facility.

The gas crisis developed when farmers were delayed by the rainy weather from harvesting their corn and soybean crops. Even after harvesting, the wet weather has delayed the drying of the grain crops at a time when businesses and homes need propane gas for heating.

The commission has established a temporary war room to pinpoint the greatest gas needs and provide adequate supplies.

A spokeswoman for the commission said the areas of greatest need are in northwestern Ohio near Lima and Toledo.

John T. Gordon, PUCO director of transportation, said ten of his field personnel are helping during this emergency by insuring that distributors are using the gas that has been allocated to them for farm drying purposes only.

Norwegian book publishers turned out 4,500 titles in 1971.

City Council approves 3-month appropriations

City Council Wednesday night, in recessed session, authorized year-end transfers of funds to balance accounts and unanimously approved an appropriations ordinance for the first three months of 1973 municipal operations.

Council also appointed a new member to the City Zoning Board of Appeals and presented certificates of appreciation to a resigning member of the Zoning Board and to Council Chaplain Gerald Wheat.

Councilman Donald E. Wood and City Solicitor James A. Kiger reported to Council on a hearing they attended before the Ohio Liquor Control Board in an effort to stop the issuance of a D-1 beer permit to the Mike Kelly Construction Co., of Oklahoma City, Okla., for the establishment of a Pizza Hut restaurant at 409 S. Elm Street.

The 30-minute meeting, the shortest of the year, was recessed at 7:30 p.m. pending annual reorganization at the Jan. 10 meeting in the new city offices. It was the last meeting to be held in the old Council chambers.

THE APPROPRIATIONS ordinance, which authorizes City Auditor Patricia West to draw warrants for the first three months of 1973, includes a general fund appropriation for that period of $149,600, including $86,500 for security of persons and property; $2,000 for social services; $2,000 for leisure time activities; $2,700 for community environment; $8,000 for transportation (street lighting); and $48,400 for general government.

Also included in the ordinance are these appropriations for the three-months period: $16,500 from the voted fire levy fund; $5,600 from the voted storm levy fund; $52,900 from the street construction, maintenance and repair fund; $15,000 from the Oakland Avenue bridge improvement fund; and $39,000 from the sewer revenue fund.

COUNCIL adopted a resolution of appreciation to be presented to Patrick C. Palmaccio, Mead Containers Corp. plant manager, who resigned from the Zoning Board of Appeals due to his transfer to Gardner, Mass.

Also recognized with a resolution of appreciation and a plaque was the Rev. Gerald Wheat, of the First Presbyterian Church, who has completed his second year as Council's chaplain. The chaplaincy is an annual appointment made by the chairman of Council.

Lee B. Lynch Jr., 1276 Dayton Ave., was appointed by Council to the Zoning Board of Appeals for Palmaccio's unexpired term ending April 12, 1975.

COUNCILMAN WOOD reported that he and City Solicitor Kiger presented the city's objections to the issuance of the beer permit to the Kelly Construction Co. at a hearing held before the Liquor Control Board in Columbus.

Wood reported that they gave arguments to Sterling Allen, a control board examiner, but that "we didn't receive much encouragement." He urged citizens to attend another hearing, scheduled for objections from the City School Board, in order to make the case against the license issuance a stronger one.

Wood and Kiger both told Council that "it's an unfortunate law — bad law — when the city and school board have no recourse for appeal." He urged, in the event the city loses its case, the matter should be taken to the Supreme Court as a test case.

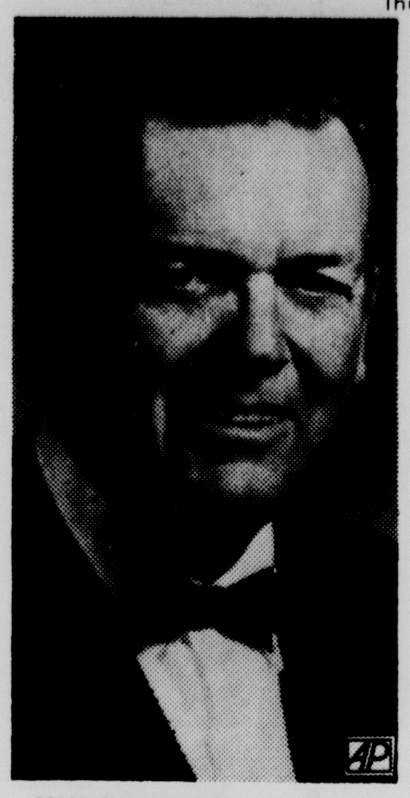
COUNCILMAN Joseph O'Brien reported to Council that the city has an opportunity to purchase a second salt spreader for the Street Department at half its original cost, approximately $500 to $600. Council, at a meeting earlier this year, authorized the purchase of two salt spreaders at $1,200 each, but purchased only one at the time. The city manager, O'Brien and Richard E. Duffy, street superintendent, were authorized to purchase the piece of equipment if it is in suitable repair.

Councilman Wood reported that an anonymous citizen has donated $75 to the city for the purchase of potted plants and flowers for the new city offices for the next meeting of Council.

Councilman John E. Rhoads, who earlier had reported a rat problem near a sewer in the 400 block of E. Temple Street, commended Council as "a strong, thinking Council" in summation of a year's activity.

Referring to criticisms of Councilmen for doing business with the city, "even though minor transactions," Rhoads dramatically tore up three bills totaling $23.08 for services and materials his firm supplied the city. He also donated $1 to the general fund which he received in a letter from a citizen, he said, which was sent to him for reimbursement of campaign expenses when he was elected.

Rhoads, in summation, paraphrased the late President John F. Kennedy. He said: "It's not what your city can do for you, it's what you can do for your city."



MAN IN MOSCOW — Alfred R. Wentworth, a senior vice president of Chase Manhattan Bank, has been appointed the bank's resident representative in Moscow. Wentworth, who is expected to open the bank office in January, would be the first American banker on permanent assignment in Moscow in more than 50 years. (AP Wirephoto)

Blackmore named chief of Scot's Inn company

George E. Blackmore, a Fayette County farm boy who got his start in the motel - hotel business when he built the Herefordshire Motel, CCC Highway-W, has been elected chairman of the board and chief executive officer of Scot's Inn Management Co., based in Columbus.

Blackmore founded the company in 1967 and was its first president. The company now operates luxury motor hotels in Columbus, Springfield, Lima and Piqua. A 278-room motor motel is in the final stages of construction at Orlando, Fla., near Disney World. It is expected to be opened next month.

Blackmore's responsibilities as chairman of the board and chief executive officer include determining the policies and objectives of the company. He also will assist in making decisions relating to real estate transactions and expansion programs.

The Scot's Inn board also announced the election of Jack D. Brown as president and chief operating officer and Jerry E. Neal as vice president of finance and treasurer.

The board said Brown will be responsible for total management and administrative procedures and implementation of policies and objectives of the board.

Neal will be responsible for all accounting and financial affairs of the company.

The board indicated that, under the new management, the company's management base will be expanded.

Brown, a Miami University graduate, previously was national sales manager for Tru Foto, a nationally operated film processing firm. Neal, an Ohio State University graduate, previously was associated with Price Waterhouse & Co. as an audit manager.

Dennis to head Senate Finance

COLUMBUS — Max Dennis (R-Wilmington) will be appointed chairman of the Ohio Senate Finance Committee during the 110th General Assembly session convening Jan. 1, it was announced today by Theodore M. Gray, chairman of the Senate Committee on Committees.

The post of chairman of the Senate Finance Committee looms as a top Republican policy position this session since a Democrat House controlled Finance Committee is not expected to materially change the governor's priority for expenditures.

"Max Dennis' cool head and responsible approach to legislative issues during his four years as chairman of the Senate Judiciary Committee is the type of approach we will need to properly evaluate the governor's spending policies," Sen. Gray stated in his announcement.

Currently serving his third term in the State Senate after having five terms in the House of Representatives, Sen. Dennis was previously city solicitor for the city of Wilmington and assistant attorney general of Ohio.

Since 1952, the governors-general of Canada have been native-born.

Trespass charge brings $20 fine

A 51-year-old Washington C. H. man was fined $20 and costs by Acting Municipal Court Judge Walter H. Seifried Wednesday on a trespassing complaint filed by a Temple Street woman.

Pleading guilty to the charge was Luke O. Swift, who had given police his address as 219 W. Temple St. He was charged in an affidavit filed by Myrtle Bennett, of the Temple Street address, who said she told Swift to leave her home Dec. 26, but that he refused to do so.

City's School Board slates reorganization

The City Board of Education will meet at 7:30 p.m. Tuesday to elect officers for the coming year, including a president, vice president and clerk-treasurer, and to establish the time and meeting dates for regular board meetings in 1973.

Following reorganization, the board will consider a light agenda which includes a request for the superintendent and clerk to attend a seminar, a recommendation for additional music material for the seventh and eighth grades, a review of deferred salary increases for two custodians, repair of a restroom in the Senior High School building and the review of an inspection conducted in the district's buildings by the Ohio Industrial Commission.

Superintendent Edwin M. Nestor also will report to the board on the status of the school district's objections to the issuance of a D-1 beer permit to the Mike Kelly Construction Co. for the establishment of a Pizza Hut restaurant across from Eastside Elementary School on Elm Street.

The bellow of an alligator can be heard a mile away.

County receives money for relief

Fayette County has received a total of $10,107 in general relief subsidies for December, Auditor of State Joseph T. Ferguson announced today.

A total of $7,992,293.13 in general relief subsidies has been distributed to Ohio's 88 counties for December, Ferguson said.

The general relief subsidy is a state financed program to give counties support for their local welfare programs. The money is in addition to the programs financed by federal funds, such as aid for dependent children, aid for the blind and aid for the aged.

The size of the distribution ranged from $4,885.34 for Ashland County to $1,996,445.67 for Cuyahoga County.

Courts

DIVORCE GRANTED

Joyce A. McDaniel, 432 Earl Ave., has been granted a divorce in Common Pleas Court from Paul E. McDaniel, Hillsboro, on grounds of neglect of duty and cruelty. The parties were married March 14, 1965, in Washington C.H., and have one minor child, according to the petition. The plaintiff was granted custody of the child, but the matter of support payments was continued to a future date.

PETITION DISMISSED

A divorce petition filed in Common Pleas Court by Fred L. Coldiron Sr., 633 Perdue Plaza, against Gladys Louise Coldiron, 1229 Rawlings St., has been dismissed on motion of the plaintiff.

TRAFFIC HEARINGS

Linda K. Jackson, 15, dayghter of Mr. and Mrs. Bruce Jackson, Rt. 4, was found to be a juvenile traffic offender following hearing before Juvenile Judge Omar A. Schwart Wednesday. Judge Schwart approved a penalty already imposed by the parents. Miss Jackson was cited by the Sheriff's Department Dec. 2 for operating a vehicle without a driver's license.

James D. Haithcock Jr., 17, son of Mr. and Mrs. James D. Haithcock Sr., 1028 John St., received a 30-day license suspension on a State Highway Patrol charge of speeding. Haithcock was cited in Franklin County Nov. 18 and the charge was certified to the Fayette County court.

Blessed Events

To Mr. and Mrs. Robert Kirk, Bowersville, a girl, 8 pounds, 12 ounces, at 8:20 p.m. Tuesday, Memorial Hospital.

To Mr. and Mrs. Gary Hidy, 1140 Nelson Place, a girl, 8 pounds, 4½ ounces, at 4:16 a.m. Tuesday, Memorial Hospital.

To Mr. and Mrs. Dale Lynch, 794 Duke Plaza, a boy, 7 pounds, 7 ounces, at 2:20 a.m. Thursday, Memorial Hospital. The grandparents are Mr. and Mrs. Samuel F. Wilson, 919 Briar Ave., and Mrs. R. B. McCoy, Rt. 35 SE. The great-grandparents are Mrs. H. O. Noland, Mrs. Faye Lynch and Mr. and Mrs. Fred Burr, all of Washington C. H.

To Mr. and Mrs. John Byard, of Mowrystown, a boy, 6 pounds, 11 ounces, Dec. 20. The infant has been named John Traverse. The grandparents are Mr. and Mrs. Traverse Hollingworth, 5 Sunny Dr., and Mr. and Mrs. John Byard, of Wintersville.

Overdoses of pills send 2 to hospital

Two cases involving overdose of drugs were reported to the Sheriff's Department in the past 24 hours.

A 21-year-old Fayette County woman admitted that she had been taking medicine all day Wednesday for her nerves, the count toaling about 30 pills. She drove to the emergency room of the Fayette Memorial Hospital where she was treated.

A 15-year-old rural girl was treated and released at Fayette Memorial Hospital for an overdose of prescribed nerve pills. She was taken there by her parents after taking 10 of the pills. The incident was reported at 12:45 a.m. Thursday.

Theft, vandalism reports checked

A theft and two vandalism incidents were reported to area law enforcement officials Wednesday.

Shirley Forsha, 12 Fent St., Jeffersonville, reported that between 1 and 1:30 a.m. her 1969 Ford Torino, parked in the Bowland parking lot, CCC Highway-W, was the object of an act of vandalism. The right rear fender of the vehicle was kicked and dented.

Terry Garner, of Garner's Truck Service, Rt. 1, Jeffersonville, reported that sometime since last Friday a lock was cut off the chain that secured four tires belonging to the United Parcel Service. The mounted tires, valued at $800, were stolen. They were in storage at the rear of the Truck Service building.

Mrs. Leo Evans, 616 E. Temple St., reported to city police that at 8:27 p.m. she discovered three youths in front of her residence removing Christmas lights from the shrubbery. After accosting them, she said, the youths fled south on Delaware Street.

One of the first forts built on Navajo lands was Ft. Defiance in the northeast of what is now Arizona.

Exchanges cheerfully made . . . however, they must be made by January 1.

BEREAVED WOMEN — Escorted by Secret Service agents, the widow and daughter of Harry S. Truman leave the family home. Mrs. Margaret Truman Daniel, the Truman's only child, holds her mother's cane and lends an arm for the brief walk to the car at Independence, Mo. (AP Wirephoto)

Simplicity marks rites for Truman

INDEPENDENCE, Mo. (AP) — After simple funeral services devoid of eulogy, former President Harry S. Truman is to be buried today in the courtyard of the Truman Library.

Only 250 guests were invited, few of them of national renown, in keeping with the unpretentious solemnity that has marked the days since his death Tuesday.

Truman's widow, Bess, who had been secluded in her grief in the house they shared for 53 years, was to be at the final rite for the nation's 33rd president and to receive the flag that draped the coffin.

As the nation began a day or mourning proclaimed by President Nixon, thousands still were paying their respects to Truman, lying in state in the marble lobby of the library.

They had lined up on the drives leading to the hillside building before military pallbearers placed the coffin on a catafalque draped in black silk.

Richard M. Nixon and Lyndon B. Johnson had separate, private moments at the coffin of the man who had preceded them in the nation's highest office.

Once the doors were opened, people of all ages streamed past the coffin in eloquent, silent tribute. They moved through at the rate of nearly 2,000 per hour, and the line still stretched for a quarter mile after midnight.

Margaret Truman Daniel, her husband, Clifton, and their four boys were at the brief ceremonies that preceded the lying-instate. So were 60 others who had been part of Truman's unofficial life—such as the family maid, a long-time guard and Rose Conway, who for many years was Truman's secretary.

Truman's gravesite is just outside the library office where the former president wrote his three books, prepared the lectures he delivered on college campuses and where he received diplomats and schoolboys.

Official Washington and the international community will have a memorial service Jan. 5 in the National Cathedral. And there was to be another service in nearby Kansas City today for those who wanted but could not get into the courtyard in Independence.

IN TRIBUTE — Fayette Countians paused today in respect to former President Harry S. Truman whose death occurred Tuesday. The flag at the Courthouse (above) was one of many flying at half-staff as final rites were held in Independence, Mo., for the man who wanted to be known as "The People's President".

Vietnam air raids continue

SAIGON (AP) — U.S. bombers kept up saturation air attacks against the Hanoi and Haiphong areas today, and the U.S. Command announced the loss of two more B52 bombers and a big rescue helicopter.

Six men were reported missing in one of the B52s, raising to at least 81 the total number of Americans missing, killed or captured in the air attack on the North Vietnamese heartland that began Dec. 18. Two other Americans were killed aboard a Navy destroyer hit by shore fire.

The attack on the heavily defended Hanoi and Haiphong areas resulted in the heaviest weekly American casualties in nearly two years. The U.S. Command's weekly casualty summary today said seven Americans were killed in action last week, 73 were missing and 29 were wounded. Four of the dead were killed in air operations in Laos, the Command said.

North Vietnam said again that it would not yield to the heaviest air assaults of the war, which have left much of greater Hanoi and Haiphong in flames and rubble, according to a bomb-damage report by the U.S. Command.

The North Vietnamese Foreign Ministry said waves of B52 bombers and fighter-bombers carried out more "extermination" raids Wednesday night against many densely populated areas, including Hanoi and Haiphong and their suburbs.

Novosti, a Soviet press agency, said in Moscow that its office in Hanoi was destroyed during a raid Wednesday. The agency said it did not know if any of its employes were killed or injured.

WASHINGTON (AP) — Congress should get a full report from the White House on peace negotiations before it tries to legislate an end to the Vietnam war, says Speaker of the House Carl Albert.

The Oklahoma Democrat, who has supported President Nixon's war policies in the past, said he doesn't think "we should pull the rug out from under him if there is hope for success."

But Albert said Wednesday that Congress should be told "why Kissinger was so far off when he made the statement the war seemed to be about over."

In addition to presidential adviser Henry Kissinger, Albert said others that should be called include outgoing Secretary of Defense Melvin R. Laird and Secretary of State William P. Rogers.

Albert said if Congress were to act against the step-up in bombings over North Vietnam, the only effective way would be to cut off funds.

An appropriation bill must be passed before the end of February because the 92nd Congress deadlocked on foreign aid and funded it on a stopgap basis until then.

Nixon shuts off funds for disaster help

No farm loss loans!

COLUMBUS, Ohio (AP) — Ohio farmers who have been expecting low interest federal loans to help them over their losses from the wet fall harvest, apparently are out of luck.

Federal officials say the money for loans isn't there, and the Nixon Administration's order Wednesday shutting off emergency disaster loans has virtually eliminated chances that Ohio counties hard hit by recent rains will be added to the disaster list.

The state asked emergency status for 71 counties to make their farmers eligible for emergency loan assistance. The applications were forwarded to Washington by the Farmers Home Administration's local office last month.

The requests for aid came too late, according to Ralph Stacy, chief of the Farmers Home Administration's farmer programs here. The $135 million allocated for emergency farm loans by the Office of Management and Budget is already spoken for.

The administration announced the emergency loan shut off as a move to keep federal spending below the $250-billion ceiling the President has imposed.

Farmers hurt by storms and flooding earlier in the fall will also be denied emergency loans, at least for the time being, Stacy said.

They include farmers in seven counties designated emergency areas after Hurricane Agnes hit the Ohio River, three more added to the list after a September storm and another five placed on emergency footing by the Lake Erie storm last month.

At least some of those 15 counties failed to submit loan applications in time to get in on the $135 million.

Stacy said so far 800 counties around the country have asked to be eligible for the farm loans, and it has been estimated their requests will total $750 million.

As of last month, he said, the Farmers Home Administration had $100 million in approved loan requests and only $55 million with which to fund them remaining from the $135 million.

State Agriculture Director Eugene Abercrombie indicated there wasn't much he could do but continue to press for money which is not there.

"I call them every day," Abercrombie said. "It's frustrating when you get a bushel of mail every day. My hair is getting grayer, you know."

State agriculture officials and the Ohio Farm Bureau Federation now estimate Ohio farmers will get $300 million less for their corn and soybeans than they would have with normal fall weather.

"Young farmers with a sizable debt are going to be wiped out," federation executive secretary C. William Swank said. "A few farmers who got their crops in early are going to make some money since the prices have gone up."

"The ones that concern me most," Abercombie said, "are the ones operating a little thin who had contracted for their grain by a certain date. Many of them are now under penalty contracts. And the quality of their crops is low and they're being docked for that."

The only good news farmers had this week was an easing of the propane gas shortage, which had threatened to keep many farmers from operating their crop dryers.

Abercrombie said gas companies in Ohio have agreed to release about 1.5 million gallons immediately and more as their reserves are replenished from out of state.

He also said it appears more gas will be shipped up from Texas by pipeline, which had earlier been clogged with heavy traffic demands.

"It appears the gas crisis will be easing in the next week or two," Swank agreed.

"The whole industry's been just wonderful about this," Abercrombie said. "Even if we just get the gas gradually, I think we'll be okay."

Arabs hold Israelis hostage in Thailand

BANGKOK, Thailand (AP) — Four Arab terrorists took over the Israeli embassy today, seizing six hostages, but government sources said the invaders agreed nine hours later to release the hostages in return for a safe conduct out of Thailand.

The hostages included Shimon Avimor, Israeli ambassador to Cambodia.

Thai police entered the embassy tonight.

The government negotiated with Pan American World Airways to take the Arabs to their unknown destination.

In the first of today's events, the Arabs gained access to the compound. Two wore formal white tie and tails, as if they were going to attend today's investiture of Prince Vajiralongkorn as heir to the throne.

They were granted ready access and were joined by two other armed Arabs, who climbed a wall.

The invaders threatened to kill the hostages and blow up the embassy unless 36 Palestinian prisoners were released from Israeli prisons.

About 400 Thai police and army troops with guard dogs surrounded the compound.

The terrorists earlier had vowed to "fight to the end" rather than release the hostages.

The Thai government offered the Arabs safe conduct out of the country if they would release the hostages.

Details of what evolved from this were not immediately clear.

One report was that Thai officials and the Egyptian ambassador reached agreement with the Black September terrorists guaranteeing them safe passage if they released the hostages unharmed. But Pan American had refused to carry the Arabs if they were armed, police said.

The Israeli government had said it would not submit to blackmail and release prisoners.

Two of the terrorists wore white tie and tails, posing as diplomats returning from the investiture today of the crown prince of Thailand.

They walked through the embassy gate and "bowed and smiled to me," said Pvt. Sunchai Pienkana, the policeman on guard there.

Sunchai said he then saw two other men climb over a side wall of the embassy compound.

"They had leather-type jackets on that looked like bulletproof jackets we use in the police force," he reported.

These two were carrying submachine guns, and the two in evening dress apparently had guns under their coats.

Ex-Canadian Minister Lester Pearson is dead

OTTAWA (AP) — Lester B. Pearson—the quiet, likeable diplomat who won the Nobel Peace Prize and was prime minister of Canada for five years, died Wednesday night of cancer at his Ottawa home. He was 75.

Plans were made for a state funeral in Ottawa's Christ Church Anglican Cathedral, with burial at Wakefield, Que., near the summer home of Canada's prime ministers.

The date of the funeral was to be announced later.

Pearson and his wife, Maryon, were in Florida shortly before Christmas but flew home when his condition worsened. Cancer caused removal of one eye in 1970, and doctors said the disease spread to his liver.

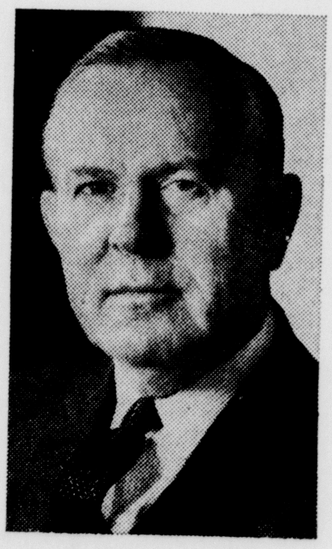
"He was a man of ability and good will who worked a greater part of his life to make the world a better place for others," said his successor, Prime Minister Pierre Elliott Trudeau.

Pearson's diplomatic career reached its high point when he received Canada's only Nobel Peace Prize for his work in forging the U.N. Peacekeeping Force in the Middle East in 1956. The uneasy peace collapsed in the six-day war of 1967 shortly before Pearson retired from politics.

As prime minister of a Liberal party government that lacked a majority in the Canadian House of Commons, Pearson still put through a succession of welfare and reform measures. They included national medical care insurance, special recognition for Quebec, trial abolition of capital punishment and adoption of the red-and-white Canadian maple leaf flag replacing the Red Ensign bearing the British Union Jack.

The new flag emphasized Canada's emergence as a middle power, more independent from both Britain and the United States, although political foes charged Pearson was subservient to Washington.

He also was attacked for advocating nuclear arms for Canada but replied the country must live up to its commitments in the Atlantic Alliance.



LESTER B. PEARSON

Born April 23, 1897, in Toronto, Pearson studied at the University of Toronto and at Oxford. He served in an ambulance unit in World War I, then transferred to the flying corps.

He married Maryon Ellspeth Moody of Winnipeg in 1925, then began a career in diplomacy when he joined the government's external affairs department in 1928.

Rising food prices hamper wage-price control changes

WASHINGTON (AP) — The Nixon administration is planning changes in its wage-price controls, but it still doesn't know what to do about rising food costs.

Treasury Secretary George P. Shultz said Wednesday that if it weren't for rising food prices, inflation would have subsided enough to justify a wage increase guideline lower than the current 5.5 per cent.

Economics officials said the administration probably will change the profit-margin rule, phase out rent controls and change the coverage of the wage-price control program.

Administration officials are consulting with labor and business leaders in advance of the changes.

But rising food prices apparently have everyone baffled.

"If you had to pick one theme running through the consultations, there were three problems mentioned—food, food and food," said Donald Rumsfeld, director of the Cost of Living Council.

A high council source said that whatever decisions are made on food costs, controls on farm products probably would be avoided.

Shultz said the administration would try to increase food supplies while keeping farm incomes steady.

Among the measures being considered, a source said, are increased acreage allotments, revised farm subsidy policies, and changes in tariffs and import quotas.

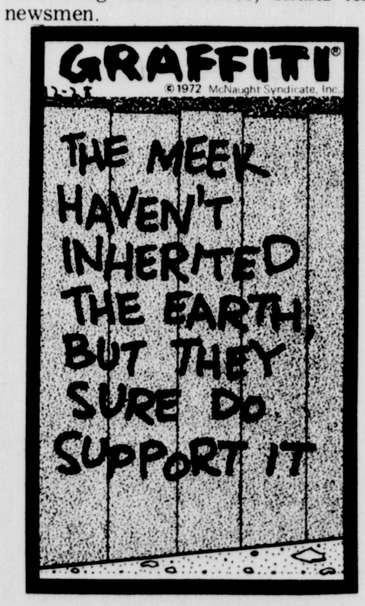
Shultz said any single action would not solve the problem.

How the profit-margin rule will be changed was not disclosed, but the council source said the existing rule can't be retained.

It provides that a company cannot exceed its percentage of profit recorded during the best two of the three fiscal years prior to the August 1971 wageprice freeze.

Businessmen have complained that profits were not good in those years, which leaves them in a low profit position now.

While profit margins may become a little more liberal, the administration is reluctant to do anything about controlling interest rates, Shultz told newsmen.



Coffee Break . . .

A THIEF with strange tastes added insult to injury . . .

He made off with a city parking meter, post and all, from in front of the Sunshine Laundry, 122 E. East St., Tuesday night . . .

The heist was reported to police Wednesday by Hugh Patton, proprietor of the laundry . . . Patton is chairman of City Council which earmarks the money for meter purchases . . .

Close Golan Heights to civilian traffic

TEL AVIV (AP) — The Israeli army closed the occupied Golan Heights of Syria today to civilian traffic. No reason was given.

A military spokesman said there were no incidents since Israeli jets hammered an Arab guerrilla camp and Syrian army positions across the cease-fire line Wednesday.

Weather

Cloudy through Friday with a chance of snow late Friday in the northern counties. Highs Friday in the mid 30s to the low 40s; lows tonight in the upper 20s and low 30s.

Crime statistics 'balance out'

COLUMBUS, Ohio (AP) — It was the best of times and the worst of times for crime in Ohio in 1971-72, show FBI crime statistics released today in Washington.

While grand larceny in Cleveland showed a decrease of 962 from 1971, the same crime increased by 967 in Toledo, the report showed.

At the same time, auto thefts in Dayton increased by 281 from 1971 to 1972 and decreased in Akron by 321.

Serious crime in the nation increased one per cent during the first nine months of 1972— the smallest increase since the FBI began issuing quarterly reports in 1960, U.S. Atty. Gen. Richard Kleindienst announced.

During the same period of 1971, serious crime increased six per cent, Kleindienst said. The rate of increase has been in a downward trend since 1968.

Akron, Cleveland, Columbus and Parma were among 83 major cities in the United States recording decreases in serious crime in 1972.

Across the U.S., violent crimes increased only 3 per cent, compared with a 10 per cent increase in 1971, and property crimes showed no increase, compared with a 6 per cent increase in 1971.

Cities of more than 100,000 population showed a 3 per cent decrease in serious crime in 1972, while suburban crime increased 4 per cent. Suburban crime increased 11 per cent in 1971. Crime in rural areas increased 6 per cent during 1972.

The latest crime figures were contained in the FBI's Uniform Crime Reports, a nationwide collection of police statistics supplied by local law enforcement agencies.

Here are the crime statistics for Ohio cities over 100,000 population. The first figure is for 1971, the second for 1972:

MURDER, NON-NEGLIGENT MANSLAUGHTER — Akron, 24-17; Canton, 8-10; Cincinnati, 58-55; Cleveland, 194-231; Columbus, 54-43; Dayton, 58-64; Parma, 3-0; Toledo, 19-24 and Youngstown, 13-16.

FORCIBLE RAPE — Akron, 73-83;

Deaths, Funerals

Mrs. William T. Scott

Mrs. Celestia C. Scott, 66, of 1136 E. Temple St. died at 11 p.m. Wednesday in Memorial Hospital, where she had been a patient two weeks. She had been in failing health four years.

A native of Fayette County, she was a member of McNair Presbyterian Church and was well known as a practical nurse.

She is survived by her husband, William T. Scott; three daughters, Miss Janice and Miss Nancy Scott, at home, and Mrs. Randall (Betty) Shears, of Hammond, Ind.; five sons, Carl, of Whiting, Ind., Thomas, of Hammond, Glenn, of 110 E. Paint St., Raymond, of St. Francisville, Ill., and Mark, at home; 23 grandchildren; a great-grandson; a brother, S. Robert Speakman, 419 E. Third St.; and five sisters, Mrs. Glenn Trimmer, 526 Campbell St., Mrs. Wayne Windon, of Gahanna, Mrs. Wilbur Rayburn, 117 E. Ohio Ave., Mrs. Carl Cooper, of Hebron, Ind., and Mrs. Virginia Harper, of E. Temple St.

Services will be held at 1:30 p.m. Saturday in the Kirkpatrick Funeral Home here, where friends may call after 4 p.m. Friday. Burial will be in Washington Cemetery.

Alfred H. Graves

Alfred H. Graves, 86, of Grove City, a former resident of Fayette County, died at 6 p.m. Wednesday in the Monterey Nursing Inn, Grove City, where he had been a patient six months. He had been in failing health two years.

He was born in Ross County but spent most of his life as a farmer on Glaze Road before he retired. He was a member of the First Presbyterian Church here.

His wife, Anna, died in 1967. He is survived by two daughters, Miss Martha Graves, of Grove City, and Mrs. John (Donna) Eddy, of Mesa, Arix.; two great-grandchildren; and a sister, Miss Minnie Graves, 633 Willabar Dr.

Services will be held at 10 a.m. Saturday in the Kirkpatrick Funeral Home here with the Rev. Gerald Wheat, pastor of the Presbyterian Church, officiating. Burial will be in Washington Cemetery. Friends may call at the funeral home after 4 p.m. Friday.

James W. Grabill

MOUNT STERLING — James W. Grabill, 38, Rt. 3, Mount Sterling, died unexpectedly at his home Wednesday.

Mr. Grabill was a farmer and a member of the Derby Methodist Church and U. S. Trotting Association.

He is survived by his parents, Lloyd and Mary Grabill, Rt. 1, Orient; his wife, Verna; two daughters, Judith and Janet, and two sons, James and Jeffery, all at home; and a sister, Carol Dilley, of Orient.

Services will be held at 1:30 p.m. Saturday in the Porter Funeral Home with the Rev. Kenneth Chapin, pastor of the Derby Methodist Church, officiating. Burial will be in Pleasant Cemetery.

Friends may call at the funeral home after 1 p.m. Friday.

MRS. ROBERT SPEAKMAN — Services for Mrs. Myrtle Speakman, 55, of 419 E. Third St., were held at 2:30 p.m. Wednesday in the Kirkpatrick Funeral Home here with the Rev. Don Baker, pastor of the First Christian Church, officiating.

Mrs. Speakman, wife of Sherman Robert Speakman, died Saturday in Memorial Hospital after a three-year illness. Pallbearers for the burial in Washington Cemetery were Robert Seymour, Milbourne Flee, Mac Dews Sr., Kenneth Blair, Allen Dunlap and Paul Maughmer.

JOHN W. PENWELL — Services for John W. Penwell, 74, of 766 High St., were held at 1 p.m. Wednesday in the Gerstner-Kinzer Funeral Home with the Rev. Don Baker, of First Christian Church, officiating. Mr. Penwell, a retired construction worker, died Saturday.

Allen Dunlap was the vocalist, accompanied by Mrs. Keith Wooley at the organ. Pallbearers for the burial in Washington Cemetery were Joe and Richard Taylor, Paul Morris, Charles Grieves, Mike Smidley and Eli Williams.

HOMER W. KUEHN — Services for Homer W. Kuehn, 65, owner and operator of the Sabina Farmers Exchange, were held at 10:30 a.m. Wednesday in the Littleton Funeral Home with the Rev. Robert Miller, of the Sabina United Methodist Church, officiating. Mrs. Walter Stackhouse was at the organ. Mr. Kuehn died Saturday.

Pallbearers for the burial in Sabina Cemetery were Howard Perrill, Joe Palmer, Russell Allen, Jim Ellis, Jack Wolfe, Homer Wilson and Charles D. Glass.

BUS WRECKAGE IN WHICH 19 DIED — This is what remained of a bus in which 19 members of an Austin, Tex., church youth group died in a collision with a cattle truck near Fort Summer, N. M. The bus body was torn from it frame. The two vehicles collided while crossing a narrow bridge. (AP Wirephoto)

Stubborn wienie war erupts again over additives use

WASHINGTON (AP) — A stubborn wienie war, which even spread in the White House once, could flare up again when hotdog eaters and makers tangle over new labeling requirements.

The Agriculture Department is under pressure to streamline hotdog labels and ban such unappetizing animal byproducts as lips, snouts and spleens.

Consumer pressures, court decisions and the meat industry's slow acceptance of new rules have highlighted hotdog struggles for the past four years.

The latest USDA proposal, which is open for public comment until Feb. 21, bows to recent court rulings that the "allmeat" labels on hotdogs contain up to 15 per cent poultry and non-meat ingredients are misleading.

Byproducts now are not allowed in all-meat hotdogs, but are permitted, along with cereals and dried milk, in plain types.

Under the proposal, the allmeat designation would be dropped in favor of "frankfurter" or "bologna." These could include only muscle tissue or red meat plus up to 15 per cent poultry meat.

Sausages with additives such as dry milk, soy protein and similar ingredients would have to be labeled "frankfurter, nonfat dry milk added."

The latest proposals could result in the most physically fit hotdogs since President Nixon intervened in a 1969 dispute over how much fat should be allowed in them.

Until three years ago, there was no federal lid on fat in hotdogs, and some contained up to 50 per cent fat.

Consumer groups were pushing then to get the government to set a 25 per cent maximum fat limit. The Agriculture Department, under pressure from meat companies, urged a limit of 33 per cent.

But the White House spread the word that Nixon supported a 30 per cent limit, and that percentage was adopted.

COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Weather Service:

Cloudy skies spread slowly southward across Ohio today, following a brief break in the cloudiness Wednesday afternoon.

A storm approaching from the northwest will spread a heavy cloud blanket over the entire state tonight and Friday. Some rain is forecast Friday in northern counties. The rain should reach southern Ohio by Friday night.

Temperatures will be in the 40s across most of the state Friday.

Highs today were expected to reach the 30s and low 40s, compared with readings from 30 at Youngstown to 40 at Cincinnati Wednesday.

Lows early today were generally in the upper 20s and 30s.

Youngstown reported a few snow flurries overnight, but no other precipitation was reported across the state.

There will be a chance of rain daily Saturday, Sunday and Monday with highs in the upper 30s and 40s Saturday warming to the upper 40s and 50s on Monday. Lows will be in the 30s and low 40s.

Report condition of crash victims

Mrs. Janice Sue Kelley, 24, is listed in satisfactory condition at Mount Carmel Hospital, Columbus, following an accident Tuesday involving a car driven by her husband, Paul Kelley, and one driven by Roger Philip Bihl, 22, Rt. 5, on U. S. 22 at Stuckey Rd. Other members of the Kelley were treated and released at Fayette Memorial Hospital.

Paul Kelley Jr., 6, complained of pain in the back and was X-rayed; Johnny Kelley, 4½, was treated for glass imbedded in his head. Michael Eugene Kelley, 2½, was treated for a swollen hand. Anthony Ray Kelley, 2 months, was treated for a bump on the head.

The father, Paul Kelley Sr., 24, was treated for a head injury, scalp and chin lacerations and a fractured bone in the hand. Mrs. Kelley was transferred to Mount Carmel for treatment of a fractured jaw and lacerations of the mouth.

Bihl is in "guarded" condition at Memorial Hospital. He suffered head lacerations, possible internal injuries, fractured ribs and a punctured lung.

Unordered material may be retained

COLUMBUS, Ohio (AP) — Atty. Gen. William J. Brown said today that Ohioans receiving unwanted merchandise in the mail during the holidays may keep it under state law.

Death bridge replacement was overdue

FORT SUMNER, N.M. (AP) — The New Mexico Highway Commission has disclosed that the narrow bridge on which 19 persons died and 16 others injured in a bus-truck crash had been scheduled for replacement since 1965 but lack of money pushed the replacement date to 1974.

Fort Sumner Mayor V. J. Rogers said the collision near here should be on the conscience of Highway Commission members.

"The Highway Department took a survey through here four years ago, and they declared it unsafe," he said.

The accident occurred Tuesday night when a cattle truck driven by Erby Wilmeth, 52, of Clovis, N.M., sideswiped the bridge railing as the truck and bus passed on the 20-footwide bridge. The truck's trailer then slammed into the bus.

Wilmeth was released from a hospital Wednesday but declined to talk with newsmen.

The chartered bus was carrying members of a church youth group from Austin, Tex.

Nine of those injured on the bus were still hospitalized today. Others suffering injuries were able to return to Austin.

Bodies of the dead were taken to Austin by an Air Force plane.

Those who died were on one of two buses carrying about 60 from a youth group at the Woodland Baptist Church in Austin to an outing and religious retreat in the mountains of northern New Mexico.

The department made public a list of the 10 most dangerous bridges in the state. The Fort Sumner bridge was No. 9.

Cleveland Trust increases rates

CLEVELAND, Ohio (AP) — Cleveland Trust Co., the largest bank in Cleveland, has increased its prime lending rate to 6 per cent.

The prime lending rate is the minimum rate charged to its biggest borrowers.

Other Cleveland banks are expected to follow suit. The boost in prime lending rates began Friday with the First National City Bank of New York. The nation's largest commercial bank, Bank of America, then followed suit.

Rodents can move their jaws sideways as well as up and down.

3 cars involved in city mishap

Three automobiles were involved in a chain-reaction collision on N. North Street Wednesday.

Police said Earl Smith, 84, of 614 Washington Ave., was driving south on North Street near Temple Street when he swerved to avoid an approaching vehicle and collided with a parked car belonging to Ann Garringer, 1126 Lakeview Ave.

The force of the impact threw the Garringer automobile into the back of an automobile belonging to John W. Fisher, 736 Van Deman St., which was also parked at the side of the street. All three cars were moderately damaged.

Other accidents investigated were:

POLICE

WEDNESDAY, 11:15 a.m. — Rosemary Straley, 36, of 1020 Gregg St., had stopped for a red light on Court Street at Fayette Street when a truck driven by Roy Kingery, 57, Ohio 729, and owned by the Ohio State Highway Department approached from the rear and because of brake failure, struck the rear of the Straley vehicle. Damage to the Sraley car was moderate.

WEDNESDAY, 4:55 p.m. — Leroy E. Mongold, 18, of 527 High St., struck the rear of a car driven by Betty E. Boggs, 66, of 635 Oakland Ave., which had stopped for a red light at Main and Court streets.

WEDNESDAY, 3:21 p.m.—Robert T. Alkire, 53, Mount Sterling, had stopped to make a left turn into a private drive when his car was struck in the rear by one driven by Gregory L. Cowman, 20, of 510 High St. Cowman claimed brake failure as the cause of the accident. Damage was minor.

SHERIFF

WEDNESDAY, 10:55 a.m. — Cathy I. Lambert, 21, Gallipolis, had stopped behind an auto driven by Eugene H. Barbery, 29, Rt. 1, Jeffersonville, and then pulled forward, striking the rear of the Barbery car. The mishap occurred on U. S. 35 at Ohio Route 753.

WEDNESDAY, 12:35 p.m. — Burkhart R. Lehman, 24, Xenia, was following Donald C. Schinkle, 16, Chillicothe, when Schinkle slowed for traffic. Lehman failed to slow in time and struck the rear of the Schinkle auto. The accident occurred on U. S. 35-S at the Paint Creek Bridge.

WEDNESDAY, 3:15 p.m. — Lenora D. Morris, 15, Jeffersonville, was involved in a minor accident on Bush Road which damaged three rods of fence belonging to Roscoe Haines.

Esto Glendon Haithcock, 22, of 621 Delaware St., disturbing the peace by intoxication.

Top scientist expected to quit at Pentagon

WASHINGTON (AP) — The Pentagon's top scientist and weapons expert, Dr. John S. Foster Jr., is expected to resign within a few weeks, The Washington Post reported today.

Foster has occupied his Defense Department post since 1965 and has been a central figure in the development of sophisticated weapons, including missiles, warheads and bombers.

The Post also quoted administration sources as saying J. Fred Buzhardt has agreed to remain as the Pentagon's general counsel.

Buzhardt is reported to be a leading candidate for appointment as a second deputy secretary of defense. This would make him the third-ranking Pentagon official behind Elliot L. Richardson, who has been nominated for secretary of defense, and William P. Clements Jr., Richardson's deputy.

Mainly About People

Carson L. Carter, a 1969 Miami Trace High School graduate and a 1972 graduate of Clark Technical School, has accepted a position with John W. Galbreath & Co., Columbus.

Karen W. Webb, daughter of Mr. and Mrs. Wilson Webb, Rt. 4, is in satisfactory condition at Mount Carmel Medical Center (West) Columbus. She is in Room 755 and may now have visitors. Miss Webb was in an auto accident Dec. 20 near South Solon.

Andy Hill, 1318 Nelson Place, returned home Wednesday from Mount Carmel Hospital, Columbus, where he had been a medical patient.

Mary Alice (Polly) Wood, daughter of Mr. and Mrs. Donald E. Wood, 409 Van Deman St., a sophomore at the College of Wooster, left Thursday morning for Kennedy Airport from where she will fly to Passeau, Germany, to study for the next 12 weeks at the Goethe Institute. While in Passeau, she will study German history and culture and the German language, to fulfill requirements in the language department at Wooster.

Whee! Oh what fun it is to welcome in a bright New Year with the folks we like so much. For the patronage shown us we extend thanks.

New Labor secretary faces quiz on minorities issue

NEW YORK (AP) — Union leader Peter J. Brennan, President Nixon's choice for secretary of labor, has been subjected for years to criticism that the hard-hat unions he oversees have made little real effort to open their ranks to minorities.

The criticism, certain to be aired when the Senate takes up Brennan's nomination, comes at a time when minority membership in New York's construction unions is estimated by union sources at two per cent.

In Brennan's 250,000-member New York City Building and Construction Trades Council— an alliance of 40 craft unions ranging from plumbers to steeplejacks in hundreds of locals—two per cent would be about 5,000 blacks and Puerto Ricans.

A 1965 U.S. Department of Labor study said New York construction unions reported 2,916 minority members, about one per cent of the union's 200,-000 total membership at the time. New York City is about one-third black and Puerto Rican.

A comparison of the union estimates and federal statistics indicates union membership in the past seven years has risen by 50,000, while minority membership has doubled—though leaving blacks and Puerto Ricans a fraction of the work force.

Part of the problem is that construction unions traditionally, though unofficially, have maintained restricted memberships. Most of the openings were reserved for members' relatives. Moreover, small memberships mean more work for more money in New York's booming construction industry.

Brennan, 54, whose strength as a labor leader rests to a large extent on the fact that his men earn the highest building wages in the nation, denies he ever has supported exclusionary policies. He says his unions are autonomous and he does not "run or control any of the unions. I don't have the power to put people in or keep people out."

Questions about Brennan's minority record have arisen anew with issuance of a federal report expressing disappointment over a minority training program which Brennan helped formulate two years ago.

The program, the so-called "New York City Plan," was designed to provide on-the-job training for 800 blacks and Puerto Ricans annually. It was found to have "serious defects" in a study compiled for the U.S. Civil Rights Commission by its New York branch.

Brennan refuses to give an opinion of the plan or its implementation. A spokesman for Brennan says that "it would be presumptious of him to get into it, now that he is secretary-oflabor designate." Furthermore, the spokesman added, Brennan no longer has any connection with the program.

If fully implemented and if all the trainees were admitted into the unions, the plan would increase minority membership in the unions by about fourtenths of one per cent a year.

The plan was devised by Brennan and Donald Rodgers, a local union official who is now a labor adviser in the White House. It was approved by the city government and contractor and minority representatives.

Ask reinstatement for Judge Heitzler

CINCINNATI (AP)—The Ohio Supreme Court has been asked to reinstate outed Hamilton County Domestic Relations Court Judge George S. Heitzler until his appeal is decided by the U. S. Supreme Court.

Attorneys for Heitzler made the appeal for a stay of execution Tuesday in Columbus. The appeal to the U. S. Supreme Court is being prepared they said.

Power line plans changed by protests

CINCINNATI (AP) — The Cincinnati Gas & Electric Co. will seek other methods to erect power lines across the Ohio River to Kentucky after abandoning a plan to string it over the riverfront area.

The decision was announced Tuesday shortly before a public hearing scheduled by a Cincinnati City Council committee to hear protests to the plan.

Opinion And Comment

Terror in the name of peace

It is an irony and an agony that after all the recent talk of peace being "at hand" or at any rate imminent the United States has now launched some of the most devastating bomber attacks on North Vietnam since the start of the war.

The most charitable view one can take of this onslaught is that President Nixon hopes thus to force Hanoi to return to the negotiating table and accept terms of settlement agreeable to the United States.

With all due respect to the President and to Henry A. Kissinger and his other advisors, we conclude that this is not likely to work. It has not worked before, and the odds are against its gaining the desired end this time. Moreover, the world will rightly see this resumption of heavy bombing as an acknowledgement that our policy is bankrupt.

It will be thought (and how can this be denied?) that the United States is in effect saying: We cannot get the settlement we want at the conference table, so we will blast and burn until we do get it.

A great many Americans question most seriously whether this is the role their country should play. As a people we pride ourselves on our compassion and humane concern. After all these years of war some still cling to the thought that the profligate spending of blood and treasure will in the end somehow benefit the people of Vietnam. But many have been wondering for a long time whether this was indeed true.

The question must now be asked with renewed insistence as American thunderbolts are hurled once more at a small and backward Asian country whose government we have not been able to bend to our will.

There is another question to be raised in terms of common humanity: What significant interest of the United States is served by the terror we are raining down on North Vietnam in the name of seeking peace?

WASHINGTON CALLING . . . by Marquis Childs

Acupuncture and the U.S.

WASHINGTON. One of the great events of 1972, with consequences far into the future, was the opening to China. Out of that opening benefits are only just beginning to flow.

Some, such as the sale of American planes, are obvious. With a continuing exchange we could in the long run learn much from the practice and philosophy of an ancient people.

The National Institutes of Health are about to authorize a serious study of the pros and cons of acupuncture, the medical practice used throughout China for many centuries. Those at NIH who have taken a preliminary look are convinced that acupuncture, the use of needles as nerve blocks, deserves thorough and impartial examination, since it could become an asset in the American medicine chest.

As is customery NIH will commission outside specialists to do the research and provide the answers. Proposals now being reviewed have already come from eight different groups. Reports to NIH tell of sufferers from the extreme pain of advanced arthritis given relief by acupuncture.

VISITORS to China during the new year now ending have brought back reports of the seemingly miraculous results of acupuncture. American physicians have observed abdominal operations in which acupuncturists provided the only anaesthetic. The patients were not only conscious but apparently in good humor, joking and laughing with the surgeon as the operation proceeded.

The Chinese are said to be concerned lest acupuncture be seized on in this country as a fad and exploited with harm to all concerned. Acupuncture is only one part of the approach to medicine in China. Herbs used in accord with formulae centuries old have an equally important place. The whole is wrapped up in a philosophical concept of conflict between the forces of darkness and evil and the forces of light and goodness, the ying and the yang.

In the two most populous states, California and New York, acupuncture has stirred controversy. In New York City an acupuncture clinic was headed by an internist, a licensed M.D., who turned his patients over to four acupuncturists. The fees were said to be high.

THE CLINIC was closed down because of New York State's licensing requirements. Many letters of protest to the White House and NIH followed this action.

In the city's Chinatown the folk practice of acupuncture has long been winked at. Inspectors who put on old clothes would drop in for a treatment to make sure the needles were sterile.

Only a licensed physician may now practice acupuncture in the state and, since few, if any, physicians are trained for a procedure more complex than it appears, the treatment is all but precluded.

As standardized following its introduction into Russia from China, there are between 800 and 1,000 points of insertion classified as primary, secondary and tertiary.

California has ruled that acupuncture is a "medical treatment." It may be performed under a number of conditions, including a medical school or a hospital and under the supervision of a licensed physician. Several Oriental practitioners in Los Angeles are said to have had near miraculous results with arthritis and seemingly incurable headaches.

HANDLED in an orderly way and cutting through the jealous prerogatives of the medical profession and the complexities of state licensing laws, this could be a valuable addition to American medicine. It is but one element of the wealth of learning that can come from the opening to China.

Despite all the upheavals of war and civil war, much of the classical past remains. It is embedded in a civilization older than any on earth. Surely, we are now mature enough to show that we can learn from a people so long closed away.

Letters To The Editor

EDITOR, RECORD-HERALD:

Here I am, just one man 12,000 miles away from home in a land called Vietnam.

And I am a member of one the biggest orgainzations in the world, the United States Army, Yes I am a lonely soldier.

And now my friend, as I sit here on top of this mountain, I am king, for this is my mountain and as I look out over this vast distance of land that is spread out before me, I can see the mountains and valleys and villages and the lake, and I know that danger lurks behind every tree and around every bend in the road, but I fear no evil for I know that God is with me and I know that He and only He will help me to return to my home land as a victor and a better man and not as one who has been defeated in the face of the enemy.

An now I say to those of you that may have your doubts about this war it is not a war for just the United States, for this war is against Communists and it concerns every man, woman and child that call themselves Americans, yes you and I.

I do believe that you and all the rest that protest the war, stop and think about it and start having a little bit of respect for the good old Red, White and Blue and for the men behind the guns.

Yes, these are truly men of a strange variety, they fight the war and a lot of them die hard, but they are men and these men fight while you and most of the rest protest.

And now let me tell you no man likes to die, but I have seen many of them die and as a very goof friend once told me with his last breath, "tell mother that it was for God and country and her."

"So now my life is complete and now I must go and meet my Maker for he has prepared a place for me and he was gone," he said.

The Lord giveth and the Lord taketh away. But those words that he said to me on that day so long ago, will never die, but will live on in the memories of many of us forever.

An now I say to you, search your mind and then tell me if you can still say that I am wrong, for I know that what has been said is true, for I am that lonely soldier that is thinking about home. And my wife and the baby that is on the way and I cannot say that any of this is wrong. Can you?

A soldier in Viet Nam
(Gregory Bowsher
1025 Dayton Ave.)

Clipped comment

Everyone's so busy blaming someone else for the breakdown of peace talks that there's not time left for talking about peace.

That GM test to keep drunks from driving sounds fine. But what prevents a steadier friend from taking the test and sending the drunk on his merry way?

The two Germanys each officially recognize that the other exists. It's like two people jammed in a small closet admitting each others' presence.

Thousands of tons of explosives are dropped on North Vietnam in a renewal of bombing. The dove of peace is laying strange eggs these days.

Production records for steel industry

PITTSBURGH (AP) — Steel mills in the United States may set new production records in 1973 — if a predicted increase in exports materializes, says Iron Age Magazine.

In its latest issue, the industry publication said a sharp increase in scrap exports in recent weeks is "one indicator that world steel producers are gearing for more than normal growth."

The tuatara, a lizard-like reptile, is found only on some small islands near New Zealand.

From The Files

TWENTY-FIVE YEARS AGO

Mrs. Clara Snider Reed, who was fatally injured by an automobile while crossing the highway in front of her home, left $2,000 to the board of trustees of the Fayette County Memorial Hospital in a codicil to her will.

Karl J. Kay, sponsor of the Washington High School Future Teachers Club, was made a member of the statewide nominating committee for the sponsors' association.

Homer Kessler, 72, lifelong resident of Fayette County, died.

The Blue Lions won a victory over the Red Raiders of London at London, 36 to 28.

It was announced that the King Kash Furniture store would re-open in the facilities then occupied by Enslen Dot Foot Store on Court Street.

William J. Hilty was selected a member of the Ohio Educational Association's educational council.

Bill Lovell, high school junior and president of the Washington C. H. Methodist Youth Fellowship, was attending a four-day Youth Fellowship conference in Cleveland.

Mr. and Mrs. Charles M. Clifton of the New Holland - Good Hope Road announced the birth of a daughter, Mary Elizabeth.

Rev. Allen W. Caley, Frank A. Jean, Max Lawrence, George Finley and Father Otto Guenther were inducted into the Rotary Club.

The offices of the Fayette County Health Department were being remodeled.

Larry A. Hunter purchased the New Holland Leader, weekly newspaper, from Earle Hickle. He had been a linotype operator for The Record Herald for a year.

A small tornado lashed across Fayette County causing considerable damage on Broadway in Washington C. H.

LEGAL NOTICE
OF
INTENT TO VACATE ALLEY

Notice is hereby given that the Council for the City of Washington, Fayette County, Ohio by Resolution 21-72, passed November 22, 1972 has declared its intention to vacate a portion of the alley running parallel to the rear property lines of Lots 160, 159, 158, and 157, fronting on Campbell Street, and parallel to the rear property lines of Lots 151, 152, and 153, fronting on Western Avenue, a distance of approximately 202.5 feet northeasterly; and that the vacation is now pending before said Council and final action thereon according to law will be taken on and after January 10, 1973.

PATRICIA F. WEST,
Clerk of Council
Nov. 30-Dec. 7, 14, 21, 28 - Jan. 4

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Dec. 28, the 363rd day of 1972. There are three davs left in the year.

Today's highlight in history:

On this date in 1836, Spain recognized the independence of Mexico.

On this date:

In 1694, Queen Mary II of England died.

In 1846, Iowa was admitted to the Union as the 29th state.

In 1856, the 28th U.S. president, Woodrow Wilson, was born in Staunton, Va.

In 1869, William Semple of Mount Vernon, Ohio, was granted a patent on chewing gum.

In 1942, in World War II, Japanese planes bombed Calcutta, India.

In 1968, Israeli commandos raided the airport at Beirut, Lebanon, and destroyed 13 Arab aircraft.

Ten years ago: There was heavy fighting between U.N. forces and rebel troops in the rebellious province of Katanga in the Congo.

Five years ago: It was disclosed that the New York World's Fair in 1964 and 1965 had lost more than $21 million.

One year ago: The United States carried out its heaviest bombing raids in three years against North Vietnam.

Today's birthdays: Pianist and songwriter Earl Hines is 67. Comedian Sam Levenson is 61.

Pitcairn Island without policeman

GLENDALE, Calif. (AP) — The 84 residents of remote Pitcairn Island in the South Pacific are without a cop.

Tom Christian, 35, the one-by-two mile island's radio officer, reported Tuesday that Pitcairn's lone policeman has quit and will not be replaced.

In a weekly radio message monitored here, Christian said the island's jail was empty throughout 1972.

Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FRIDAY, DEC. 29

ARIES
(March 21 to April 20)

Some tricky situations to handle. Don't leave anything to chance. Look for some unexpectedly pleasant news in a personal matter.

TAURUS
(April to May 21)

Avoid haste and rashness in the mistaken notion that you will get ahead more quickly. Easy does it now. Some distant goals can be brought closer.

GEMINI
(May 22 to June 21)

You do not like stagnant conditions, yet waiting out certain results is often wiser than forcing issues. Be fervent, but also calm, outwardly, INWARDLY.

CANCER
(June 22 to July 23)

Do not let a personal disappointment mar your overall perspective. Continue to aim for high goals. Your adeptness, know-how and intuition should be potent now.

LEO
(July 24 to Aug. 23)

A few delays likely. Also, your powers or authority may be challenged. Here is a spot for your quick thinking, acumen and general good judgment.

VIRGO
(Aug. 24 to Sept. 23)

Care needed in travel, production, educational matters. There's a tendency toward carelessness which could lead to needless errors.

LIBRA
(Sept. 24 to Oct. 23)

Recipe for this day: Take carefully deliberated steps, make well calculated agreements, ask for advice where it will help. Don't spend foolishly, nor stint: Follow the sound middle road.

SCORPIO
(Oct. 24 to Nov. 22)

Don't step out of the frying pan into the fire — in speech, actions, plans. This can be a red-letter day if you are tactful, foresighted and accurate.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Trend is toward the unusual. Rightly handled, this can be profitable, challenging. The conservative course, however, should not be underestimated.

CAPRICORN
(Dec. 22 to Jan. 20)

Introduce a new note (perhaps a new purpose) to bring added success to this day. Output will substantially increase by doing so.

AQUARIUS
(Jan. 21 to Feb. 19)

Use your fine talents toward attainment if presently vital issues. No wishful thinking about times to come. Daydreaming is all right in its place, but right now concentration is essential.

PISCES
(Feb. 20 to March 20)

Tricky in spots, day will demand close attention to plans, good follow-through, efficient methods and a careful eye to details. Avoid making rash promises.

YOU BORN TODAY are endowed with a fine intellect, a delightful personality and great versatility. You have less faith in yourself than you should under the circumstances. Usually, your trouble stems from the fact that you tend to live within yourself, to brood and denigrate your capabilities. Bolstering your self-confidence may be practically a lifetime job for you, but keep at it since, once having achieved this faith, there is nothing to stand in the way of your accomplishment. Your talents are many and you could succeed in the fields of literature, science, the law, statesmanship, education or diplomacy. Develop your appreciation of the arts, if only as a hobby — as an outlet for your deep emotions.

Dear Abby:

By Abigail Van Buren

And it's all over an ugly refrigerator

DEAR ABBY: Six months ago a married couple we know split up. The wife sold all the furniture, so we bought their large new refrigerator, and I let her have my older, smaller one.

Five weeks later this couple went back together again. The wife had told her husband that we had agreed to return their refrigerator if they ever decided to reconcile. (This is not true.)

Well, we didn't want to make a big stink, so we agreed to return their refrigerator and take our old one back.

I had theirs delivered, and when ours arrived I was horrified! The wife had painted, "I AM UGLY" on the door of the refrigerator in bright blue enamel.

I called her up and asked her about it. She said, "Go to h-, you fat b-!"

Abby, we didn't have to sell her refrigerator back to her, we did it as a favor to her. Now, we've been getting vulgar letters and crank phone calls from her, and when we pass her on the road she makes obscene gestures. (She's 22 years old.)

The police suggest we sign a complaint against her. We are easy-going people and don't want to cause trouble. We just want to be left alone. Don't say, "talk to the husband." He's henpecked. Any suggestions?

Mrs. M.

DEAR MRS. M.: If she's annoying you, by all means sign a complaint. The poor woman sounds disturbed to me.

DEAR ABBY: Something has bugged me for a long time. Maybe you can put me straight on it.

It irritates me when my grown, married children who have their own homes just walk right in without knocking or calling —and sometimes without even speaking.

I would not do that to them as I respect their privacy enough to knock on their door.

Am I just a selfish person to resent this invasion of my privacy? And why do grown children do this?

NO NAME, PLEASE

DEAR NO NAME: It's habit. Since your home was once THEIR home, even now, they feel that what's yours is still theirs. If you are bugged by their lack of consideration for your privacy, why not lay it on the line and get it over with?

CONFIDENTIAL TO S.J. IN HONOLULU: Some wives insist that their husbands wear wedding rings because they think it will stop the circulation.

Now claim Bormann long dead

FRANKFURT, Germany (AP) — A dental technician who assisted in treating Martin Bormann has recognized his handiwork in the dentures of a skull recently unearthed in Berlin and believed to be that of Hitler's long-missing deputy, Frankfurt Chief Prosecutor Wilhelm Metzner said today.

But Metzner said he will need more than the dental evidence before he can conclusively close the files on Bormann, who disappeared in the final days of World War II.

Further evidence is expected to come from the Institute of Dental Medicine in West Berlin, which is comparing the dentures of the skull with a sketch of Bormann's teeth made from memory by his dentist, a Dr. Blaschke. The dentist, who is now dead, made the sketch right after the war at the request of allied authorities.

"The original X-rays were lost," Metzner said in an interview. "When one has to rely on memory, there is a certain instability factor."

Nevertheless, the prosecutor emphasized, much of the evidence gathered to date tends to support a conclusion that the skull—one of two unearthed Dec. 8—is that of Bormann.

Joachim Richter, Metzner's assistant and a Bormann specialist, told The Associated Press last week that one skull "very probably" was Bormann's and the other that of Dr. Ludgwig Stumpfegger, the last physician in Hitler's bunker.

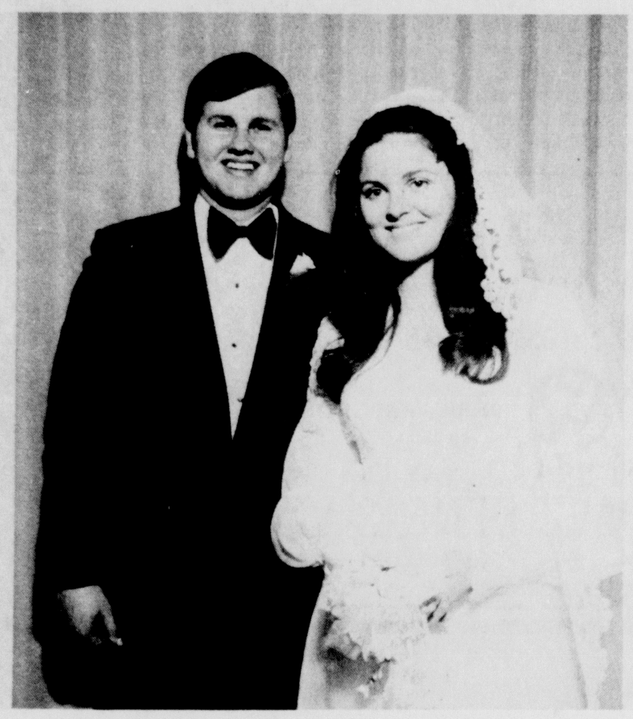
HAPPY NEW YEAR

Thomas Coffman takes bride in Richmond, Virginia



MR. AND MRS. THOMAS N. COFFMAN

Miss Kathryn Ann Nelson, daughter of Mr. and Mrs. Carl J. Nelson, Richmond, Va., became the bride of Thomas Nathan Coffman, son of Mr. and Mrs. Dwight Coffman, 700 Van Deman St. Dec. 22.

Dr. Stanley Touissaint performed the candlelight double-ring ceremony at 7 p.m. in the Immanuel Baptist Church in Richmond, Va., before an altar enhanced with Christmas greenery and poinsettias. Hurricane lamps lighted the pews and candelabra was in the background.

Rev. David Colburn, organist, and Arie Vlardingabroek, vocalist, presented nuptial music.

Given in marriage by her father, Miss Nelson wore a formal length gown of bridal satin with scoop neckline edged in lace and lace bodice on the empire skirt. Her long full sleeves ended with wide cuffs. The lace edged mantilla was long and flowing. The bride carried an arrangement of white roses and stephanotis on a Mother-of-Pearl Bible.

Miss Christine Nelson was maid of honor for her sister. Miss Linda Goodrich was bridesmaid. Both attendants wore red velvet formal length gowns with puff sleeves with lace insertion. They carried white fur muffs with red velvet bows.

Mr. Coffman served as best man for his son. David Nelson, brother of the bride, and George Coffman, brother of the groom, seated the wedding guests.

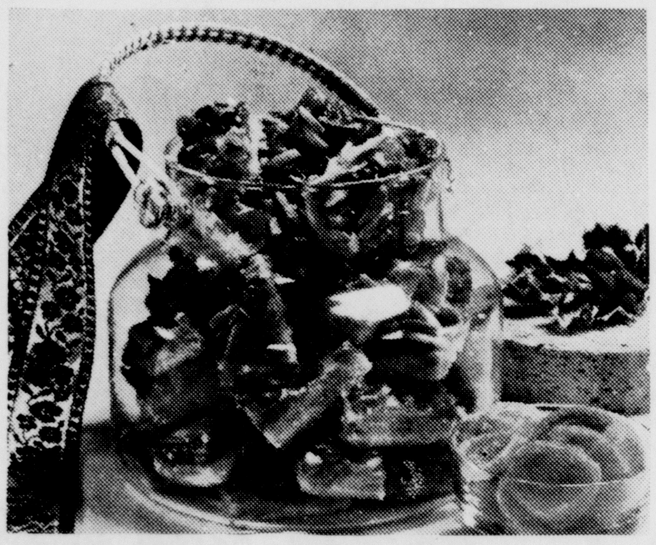
Mrs. Nelson chose for her daughter's wedding a lime green dress and a white orchid. Mrs. Coffman wore a red dress with gold accessories and a white orchid.

Hostesses for the reception held in the home of the bride's parents were Miss Diane Woolard, Mrs. Elizabeth Underwood and Miss Jo Fisher, all of Richmond.

The young couple will be at home at 3800 E. North St., Greenville, S. C, after a wedding trip to Afton Mountain, Va. They are now visiting in Washington C. H.

The new Mrs. Coffman is a junior majoring in education at Bob Jones University, Greenville, S. C., and her husband majoring in the Bible. He has been accepted at graduate school there.

Apricot bars are a holiday treat



APRICOT SHORTCAKE BARS — They taste so good and look so attractive that they're great for holiday giving and to serve to guests.

By CECILY BROWNSTONE
Associated Press Food Editor

We recommend these Apricot Shortcake Bars for the coming holidays because they are delicious and look so attractive. The combination of golden apricots, creamy almonds and red glace cherries that go into their topping produce a festive effect.

But it's the dried apricots that give these cookie bars their special flavor — a great combination of sweet and tart. By the way, dried apricots are an excellent source of vitamin C and are especially rich in iron and copper. Good to give, straight from the package, to your youngsters for snacks.

APRICOT SHORTCAKE BARS

1 cup butter
¼ teaspoon salt
1-3 cup granulated sugar
1½ cups unsifted flour
3 eggs
¼ teaspoon ground ginger
1 teaspoon grated lemon rind
½ cup firmly packed light brown sugar
1 cup finely diced dried apricots
½ cup toasted blanched slivered almonds
¼ cup red glace cherries, quartered

To prepare bottom layer for bars, in a medium mixing bowl cream butter, salt and granulated sugar; beat in flour, mixing thoroughly. Spread mixture evenly with a small metal spatula over bottom of buttered 13 by 9 by 2 inches baking pan. Bake in a preheated 350-degree oven until edges start to brown — 25 minutes.

Meanwhile prepare topping. In medium mixing bowl beat together until well mixed the eggs, ginger, lemon rind and brown sugar. Stir in apricots, almonds and cherries. Spoon topping over partially baked layer in pan. Return to the 350-degree oven until topping is set — 25 minutes. Cool thoroughly. Cut into bars. Slide small metal spatula under each bar before removing from pan to prevent sticking. Store in a tightly covered tin box with transparent plastic wrap or wax paper between layers.

Couple to wed in February

Mr. and Mrs. Louis Naret Baer, 421 E. Market St., announce the engagement of their son, William Douglas, to Miss Margaret Traver, daughter of Mr. and Mrs. Albert Traver, of Watertown, Conn.

The wedding will be an event in February in Watertown.

The couple will reside in Columbus, where Mr. Baer is associated with the Horton Company.

Miss Shoemaker completes plans

Miss Jamie Ellen Shoemaker has completed plans for her marriage to James Allen Teeters, which will be an event of 3:30 p.m. Saturday in First Presbyterian Church. The Rev. Gerald Wheat will perform the double-ring ceremony.

Miss Shoemaker has asked Mrs. Michael Stackhouse to be her matron of honor. Steven R. Jennings, of Portsmouth, will serve as best man for Mr. Teeters. The ushers will be Jeffrey D. Teeters, of Portsmouth, brother of the prospective groom, and David C. Cook, of New Holland.

Hostesses for the reception in Persinger Hall following the wedding will be Miss Carol Rowland and Miss Judith McCoy, both of Columbus, and Mrs. Bonnie Slagle, sister of the bride-elect.

Miss Garel Cockerill, niece of Miss Shoemaker, will preside at the guest book.

Miss Shoemaker is the daughter of Mr. and Mrs. James H. Shoemaker, 819 Washington Ave., and Mr. and Mrs. M. Dale Teeters, of Rt. 5, are parents of Mr. Teeters.

Cherry rum balls recipe

By CECILY BROWNSTONE
Associated Press Food Editor

Browsing among our collection of cookbooks, we found a delightful Christmas and New Year offering — Cherry Rum Balls. This recipe comes from the Acadian Bi-centennial Cook Book, published in 1955 by The Louisiana Acadian Handicraft Museum in Jennings, La.

These Cherry Rum Balls, if refrigerated, may be stored for weeks and weeks so they can be made ahead of holiday time. Because they are centered with red maraschino cherries complete with stems they are amusing as well as deliciously attractive. Here is our adaptation of the recipe.

CHERRY RUM BALLS

1 jar (8 ounces) and 1 jar (4 ounces) red maraschino cherries with stems
2 cups finely crushed vanilla wafer crumbs
2 tablespoons unsweetened cocoa
1 cup finely chopped nuts
½ cup light corn syrup
3 to 4 tablespoons light or dark (80 proof) rum

Coatings: flakes coconut, finely chopped walnuts, grated (medium-fine) semi-sweet chocolate squares or confectioners' sugar.

Drain cherries — syrup may be used in cold fruit beverages.

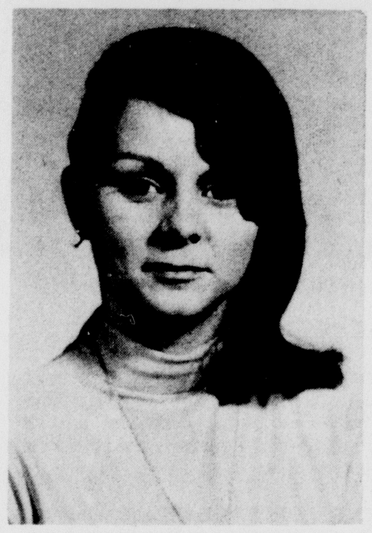
In a medium mixing bowl stir together the wafer crumbs and cocoa; stir in nuts, then corn syrup. Stir in just enough rum to hold mixture together, mixing well.

Form mixture into a long roll about 1½ inches in diameter. Cut into slices (40 to 48) to equal the number of cherries. Press each slice around a cherry, leaving stem exposed. Roll each ball in one of the coatings — if using confectioners' sugar, apply just before serving.

Store in a covered container, with wax paper between layers, in refirgerator. Keeps for weeks. In serving, flatten bottoms so the stems of the Cherry Rum Balls can stand straight up.

Makes about 4 dozen.

Wedding set for Dec. 31



MISS BEVERLY JONES

Mr. and Mrs. Harry Jones, Rt. 1, Greenfield, announce the engagement and approaching marriage of their daughter, Beverly, to Gary Riley, son of Mr. and Mrs. Kenneth Riley, of Bloomingburg.

The couple will be married at 5 p.m. Dec. 31, in the home of the Rev. and Mrs. Arthur George, 1130 S. Hinde St., by the Rev. Mr. George.

A reception is planned following the wedding at the home of Bonnie Mae Williams, 1153 Gregg St.

The bride-elect is a graduate of Wilmington Senior High School and the prospective groom is a graduate of Miami Trace High School. He is employed at Randall in Wilmington.

PERSONALS

Mr. and Mrs. John Klappert, of Cincinnati, were guests of Mrs. Mabel Louis, in New Holland, Wednesday.

Active dry yeast stays fresh if stored in the refrigerator or some other cool place, but the expiration date on the package should be observed.

A thin type of penetrating floor sealer with a tung oil base is good to use on slate that has become dulled and gray.

Engaged

MISS SANDRA FRYER

Mr. and Mrs. Robert Fryer, Rt. 3, Mount Sterling, announce the engagement of their daughter, Sandra Ellen, to Kenneth William Black, son of Mr. and Mrs. Frank Black, Rt. 1, Washington C. H.

Miss Fryer, a 1969 graduate of Plains High School, is a graduate of Mount Carmel School of Nursing, and is presently employed as a registered nurse at Mount Carmel Medical Center in Columbus.

Mr. Black, a 1968 graduate of Miami Trace High School, recently completed a four-year tour with the USAF. He is engaged in farming.

An open-church wedding is planned for 1:30 p.m. March 24 in First Presbyterian Church here.

Mrs. Kirk's Kitchen

By GLADYS KIRK

Buying a fondue pot with Christmas gift money? This type of tabletop cookery is very popular now. Many types are available. Just be sure that it is a safe one — fondue pots do present some hazards. An open flame, boiling liquid or hot oil, an inattentive or districted cook may lead to an accident with serious and painful injuries.

As you select a fondue pot, think about safety features. The Food and Drug Administration's Bureau of Product Safety lists these ideas:

Look for a fondue pot with a permanently bonded, heat resistant handle. Wooden handles can be dangerous — the wood may char and split, causing the handle to break away from the pot.

Don't buy a fondue pot which has the handle attached with rivets or screws. Rivets may loosen or soften with heat; screw-on handles loosen as the screw threads wear with use. Any loose handle can turn or come off completely, spilling the pot's scalding contents.

Select a fondue pot with covers for both the pot and the burner unit.

Check the general design of the utensil. The taller, graceful looking pot bases are pretty but dangerous because they tip so easily. Select a fondue pot with a broad-based stand for increased stability. Remember that earthenware pots may crack with intense heat.

Consider the type of fuel, too. Liquid alcohol has an almost invisible flame, so there is the danger of thinking the flame is out when it's not. If more fuel is added to a hot or still burning unit, there may be a flare-up and explosion. Solid alcohol is safer to use, but it has an open flame that's a hazard to the cook in a fluffy party dress or to the curious child. An electric pot calls for an outlet nearby — an extension cord running across the floor and table is a hazard.

A fondue pot should be used on a tray to catch spillage and provide insulation for the tabletop.

BE CAREFUL!!

The Yuletide Season is always a joyful time of the year, however, don't let your holidays be spoiled by an accident. Statistics show that more accidents occur in December than in any other month. Be wary of those hazards the holidays bring. When driving, make safety your number one job. Be courteous and respect the rights of pedestrians and other drivers. Allow extra time for heavy traffic and slippery roads, and slow down in rain, darkness, and congested areas. Stay alert for the driver who has over-accelerated or over celebrated, and expect the unexpected from pedestrians, too!

When walking remember the extra dangers of slippery, crowded streets and early darkness. Use proper walking shoes to get maximum traction, and remember, it takes longer for cars to stop on ice and snow. This holiday season, keep these lines in mind:

You don't buy good citizenship — You exercise it.

You don't acquire alertness — You practice it.

You don't purchase safety — You earn it.

On the road, courtesy is more than just a social grace . . . . . it is a moral responsibility. How about making courtesy your code of the road this holiday season.

To flambe means to sprinkle with brandy or a liqueur and ignite.

Never fill muffin cups more than 2-3 or ¾ full.

Mrs. Campbell 'Miss Inspiration'

Mrs. Beryl Smith conducted the OH TOPS chapter 669 meeting held in Eastside School Tuesday evening, when it was announced that Mrs. Emmett Campbell had been voted "Miss Inspiration" for the year. The "greatest improvement" award went to Mrs. Dorothy Riley, and Miss Kay Riley was best loser for the week.

Candy is the 'forbidden' food for next week.

Mrs. Homer Chaney and Mrs. Walter Haines will audit the books for the chapter, and the group will meet on Tuesday of next week at Eastside School, due to New Year's falling on Monday.

Members are asked to bring two white elephant items sometime in January.

To scald milk means to heat the milk to just under the boiling point or until tiny bubbles appear around the edge.

Hal Boyle . . . *New Year's resolutions*

NEW YORK (AP) — We have a different problem this New Year's.

Usually that is the day when everyone does a lot of soulsearching, and decides what to give up. Usually, if we are honest, we find much to give up.

This year, inflation and the course of events already have taken from us more than we feel we can afford to lose. The problem is to find something we can hold on to with both hands. However, despite the uneasy feeling I have that I am being robbed in some mysterious way — a feeling I suppose you have, too — I find there are still left to me a few things I might be better off without. They are mostly some picayune faults and bad habits — things we all have in plentiful supply.

So help me Hannah, I hereby resolve in 1973 to:

—Quit having so many late dates with Phyllis Diller. They are only making her yawn and putting dark circles under her bright eyes.

—Offer fewer possible winning plays to the Green Bay Packers pro football team. They are only helping the other teams to victory.

—Go to night clubs only during matinees. Then I can get home at dusk instead of dawn.

—Stop reading the last pages of mystery novels first. This only leaves me more connused when I get around to reading the whole book.

—Compose no more puppy love poems while under the influence of martinis. The only make my cat sick when I read them to her.

—Write my congressman more short letters and fewer long telegrams.

—Make no phone calls of free advice except to people who are glad to take them collect.

—Quit asking the check girl at the Metropolitan Museum of Art, "What's a pretty girl like you doing in a joint like this?"

—Stop snarling to strangers who step on my toes in the subway, "What's the trouble with you anyway, Mac, Do you need four feet to walk on — or the whole floorful?"

—Make no more last wills and testaments when I'm angry at youth and in which I leave all my money to my cat and a frozen beef kidney to my daughter.

—Write no more anonymous letters to the boss asking for a merit raise.

—Ask God or the world for nothing in 1973 I can't digest, wear or profit my soul and heart with.

So help me Hannah!

NOTICE OF APPOINTMENT

Estate of Frank Hard, Deceased. Notice is hereby given that Hazel M. Hard, 421 West East Street, Washington C. H., Ohio has been duly appointed Executrix of the estate of Frank Hard, deceased, late of Fayette County, Ohio. Hand-set weekly newspaper folds

CAMBRIDGE, Iowa. (AP) — A newspaper whose type was set by hand, one of the last such papers in Iowa, went quietly to oblivion earlier this year with the retirement of its owner, Lafayette O. Langford.

Langford was reporter, editor and composing staff, succeeding his father as publisher of the weekly Cambridge Leader, a newspaper that survived through 64 years of reverses and tight economics.

When the end came, the paper closed simply because "there was nobody to take out place," and the paper's subscription and business lists were dissolved into those of the nearby Slater News.

The Cambridge Leader was established in 1889, but Langford's father did not publish it until 1906. The elder Langford, who once owned the Slater News, was elected to a local office in 1902, but lost re-election in 1906 and promptly took off for Nevada, where he purchased the Nevada "Watchman."

When the Cambridge Leader burned down later that year, the town Community Club pleaded with Langford to "bring your plant" to Cambridge and re-establish the paper.

Until 1908, he published the paper out of an old barn. The Langford children, including Lafayette, helped with the chores around the gasoline-powered cylinder press.

When the paper was locked up, the elder Langford would hum "The Battle Hymn of the Republic," Lafayette said. "He felt he had gotten a big job done."

During the first World War, Langford sold the paper twice, but the new owners were unable to meet the $15 rent payments on the building and he got the paper back. With the family's other five sons in college, Langford agreed with his father to jointly run the paper. They published it together until 1938, when Lafayette took over.

He recalls a special issue in 1946 as being "the biggest and best thing we have ever done."

It was a big job because even for an average issue, it took three or four days to put all the type together by hand.

Another issue, in 1971, was particularly memorable, but for altogether different reasons.

"One gate of the handset front page wasn't closed," Langford said. The type—hundreds of carefully-placed metal words, letters, punctuation marks, spacing lead—days of work—fell out on the floor in a gray clutter of petrified alphabet soup.

It was publication day. The paper was put to press with a front page that was blank except for the masthead and a headline that said "BAD LUCK," with two lines of explanation. Langford sorted the news out from the jumble on the floor and published it a week later.

John Provenzano, jazz musician, dies

NEW ORLEANS, La. (AP) — "Offer everybody a drink on me," jazzman John Provenzano said in one of his last words to his family.

The veteran clarinetist died here Tuesday at 75.

Medical supplies sufficient in Managua, officials report

MANAGUA, Nicaragua (AP) — Foreign doctors say enough medical personnel and supplies are on hand to ward off any typhoid or typhus epidemic in the earthquake-devastated Nicaraguan capital.

"There is no epidemic in Managua today," said Dr. Juan Jose Chiari of Panama. "We are probably going to avoid an outbreak of diseases."

U.S. relief officials expressed satisfaction with the arrival of tons of grain, flour and powdered milk. Nicaraguan officials said more trucks were needed to get the food to 19 distribution points set up outside the city to draw persons away from the ruins.

They said supplies were piled up at the airport and even in the front yard of Gen. Anastasio Somoza, the country's ruler.

Lt. Col. Frank Simons, in charge of the U.S. relief program, praised the food distribution plan set up by Somoza.

"We would have had the same problems if this happened in any country in the world," he said. "The Nicaraguans are doing a marvelous job."

Maj. Dennis Bulger, commander of the U.S. 518th Combat Engineer Co., said although many of the city's water lines had been ruptured and some of the cisterns around the city had been cracked by the quake Saturday, some 20 million gallons a day could still be provided for the greater Managua area.

He said about 78,000 gallons were brought into the city Wednesday, "enough to provide each person with half a gallon."

This indicated that bout 150,000 persons—or half the normal population—were still in the city despite orders for everyone to evacuate the area. Authorities continued to appeal at frequent intervals for evacuation, but many obviously were ignoring the effort.

Residents were warned to avoid an area of 450 blocks in the hardest hit sector that was designated an epidemic zone. Doctors said the title was precautionary and did not indicate presence of an epidemic.

Somoza, whose family has run Nicaragua for 35 years, said in a statement broadcast hourly that looters were being arrested and some had been shot.

The latest official estimate of casualties from the quake is 3,000 to 6,000 dead and up to 20,000 seriously injured.

5 West Virginians sentenced for courthouse destruction

BEAVER, Pa. (AP) — Five Weirton, W. Va., men, including three brothers, have been sentenced in connection with the bombing of the Beaver County Courthouse here last Sept. 11.

Ronald, Thomas and Robert Ball each was sentenced Wednesday to serve from 4½ to 12 years in prison and fined $750 on charges of malicious mischief by explosives and conspiracy.

Also sentenced on the same charges were Daniel Gonzales and David Link. They drew prison terms of from 4½ to 12 years and were fined $750 each.

None of the defendants had contested the charges, authorities said.

In issuing the sentences, Beaver County Judge H. Beyrl Klein commented that the maximum penalty allowed by law for the offenses "is not as great as I think it should be."

"This is no ordinary act and no ordinary building but an assault on all the people of Beaver County," he said.

A wicker basket containing dynamite exploded along an outside wall of the old stone courthouse, ripping a gaping hole in the side of the three-story complex.

Authorities theorized the building was bombed to delay the Balls' trials on armed robbery charges stemming from a holdup at a grocery store.

Klein sentenced Robert to eight to 20 years in prison and Ronald and Thomas were ordered to serve 7½ to 20 years. In addition, each was fined $750 on the robbery charges.

Meanwhile, a sixth man charged in the courthouse bombing, Robert Samaras, also of Weirton, remained lodged in Lawrence County Jail pending a motion for a new trial. He was convicted of malicious mischief by explosives in the case.

Nicaraguan earthquake no surprise to scientists

By RICHARD SALTUS
Associated Press Writer

LOS ANGELES (AP) — The earthquake that ripped Managua, the capital of Nicaragua, was a catastrophic disaster in human terms, but to scientists the jolt was neither unexpected nor unusually severe.

The fact that it wrecked the city and killed thousands resulted not from extraordinary force but from three factors:

—It was centered very close to, or within, the city.

—The quake originated close to the surface of the city's loose, ashy land base.

—Few of Managua's buildings apparently were designed or built to withstand such temors.

Seismographs at various California points indicated Saturday's jolt had an intensity of 6.25 to 6.4 on the Richter Scale. Thus it was somewhat less intense than the 6.6 quake in February 1971 that rocked the San Fernando Valley north of Los Angeles and killed 65 persons.

Dr. Don Anderson, director of the seismology laboratory at the California Institute of Technology, said Tuesday a quake is not classified by scientists as "major" unless it reaches 7.5 on the Richter Scale.

The great San Francisco quake of 1906 was estimated at 8.25.

He said many quakes as strong as Saturday's occur frequently in Central America but go unreported because they are in remote areas.

The particular earthquake-prone feature of Central America, Anderson said, is an offshore trench. Here the Pacific Ocean floor is moving toward and under the mainland mass, causing great compressional forces.

Dr. Robert Brown of Menlo Park, Calif., a seismologist at the U.S. Geological Survey's National Center for Earthquake Research, noted that Managua is particularly vulnerable because it is built on loosely compacted volcanic debris. This material is shaken even more violently by a quake than a base of solid rock would be, he said.

Frost nips wide areas

By THE ASSOCIATED PRESS

Frost nipped wide areas of the Deep South today and dropped temperatures into the 40s as far south as the interior of southern Florida.

Most of the nation enjoyed fair skies. However, there was occasional snow from the Great Lakes to New England. The snow was mixed with freezing drizzle or freezing rain over parts of New York and Pennsylvania.

Scattered rain and snow fell mostly at higher elevations west of the Rockies. The heaviest precipitation was along a front from northern Idaho to the mountains of central California.

Temperatures before dawn ranged form 1 at Alamosa, Calif., to 58 at Los Angeles, Calif.

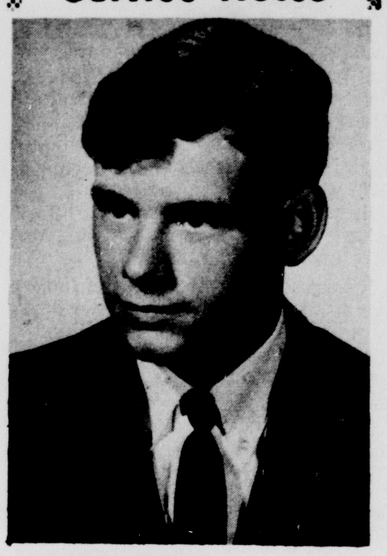
Relief fraud case bared

CLEVELAND, Ohio (AP)—A 50-count fraud indictment has been returned by the Cuyahoga County grand jury against Nunzio Calvo, a member of the County Soldiers Relief Commission.

Calvo was indicted last August on 47 other counts charging larceny by trick. The new indictments returned Wednesday accuse him of fraud and conspiracy to defraud the state of $5,000 in relief funds.

Indicted with Calvo ten counts of filing false housing relief claims totaling $1,493 was Dominic Ticchione, owner of a furniture store on Cleveland's East Side.

Service Notes



LEAVE NEAR END — Sam Hatmacher, who is spending a Christmas leave with his parents, Mr. and Mrs. Harold Hatmacher, 9117 Allen Rd., will report back to his ship, the USS Constellation CVA 64 on Jan. 3. He is a Naval Air Force jet mechanic attached to the carrier. The Constellation will leave Jan. 5 for a 10-month Pacific cruise. His address is: Sam E. Hatmacher ADJ 3, VF 96 Power Plants, FPO San Francisco, Calif. 96601.

New assignment

Sgt. **Herbert R. Harrison**, son of Mr. and Mrs. Ted A. Harrison, 317 Bereman St., has been graduated at Sheppard AFB, Tex., from the Air Force aircraft mechanic course conducted by the Air Training Command.

Sgt. Harrison, who learned to maintain and service turboprop aircraft, is being assigned to Eglin AFB, Fla., for duty with a unit of the Tactical Air Command which provides air support for combat units of U.S. ground forces. He is a 1966 graduate of Miami Trace High School. His wife, Donna, is the daughter of Mr. and Mrs. Richard Ball, of Lawton, Okla.

Basic completed

Coast Guard Seaman Recruit **David C. Philips**, son of Mr. and Mrs. Donald P. Philips, and husband of the former Miss Jill A. Clyburn, all of Greenfield, has been graduated from basic training at the Coast Guard Training and Supply Center at Alameda, Calif.

He is a 1968 graduate of Greenfield McClain High School and a 1972 graduate of Ohio State University.

Enlists in Navy

Miss Alicia Jeax Bailey, a 1971 Washington Senior High School graduate, has enlisted in the U. S. Navy and plans to enter a career in nursing. She will leave in February for basic training.

Miss Bailey is the daughter of Mr. and Mrs. Frank Bailey, of Middletown, but made her home with her grandmother, Mrs. Ruby Bailey, here while in high school.

Couple faces neglect charges in tot's death

CINCINNATI, Ohio (AP) — A Cincinnati teen-ager and his wife have been charged with juvenile delinquency — child neglect — in the death of one of their 2-month-old twins Dec. 17.

The charge was filed Wednesday against Richard Naegele, 17, and his wife, Debbie, 16, after the Hamilton County coroner ruled the death of Shane Naegele a homicide.

The coroner said death was caused by a type of pneumonia brought on by malnutrition and emaciation.

Authorities said that Shawn Naegele, 2 months old, was being treated at Children's Hospital here for undernourishment.

Stock Exchange seeking 'image'

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — All things considered, the company that projects an identifiable image collects the sale. It is for this reason that so many companies today attempt to sell not just their product but a concept with it.

Cigarettes are identified with fresh air. Soft-drink makers associate themselves with healthy, constructive youngsters. Beer and hard liquors are sold as symbols of hospitality and conviviality.

Many companies like to remind you that they are the biggest, the suggestion being that they got that way because their products are so good.

The most subtle and sometimes most effective image-conjurer is understatement. A country club in the Boston area has for years assumed a haughty and unwarranted dominance by calling itself "The Country Club."

And now the New York Stock Exchange, the largest but only one of many securities exchanges around the country, has begun referring to itself as The Exchange. There has been no official name change, only the suggestion of it.

A couple of weeks ago the statements emanating from the NYSE news bureau referred to it as the New York Stock Exchange or NYSE. A recent 12-paragraph release used "The Exchange" or "Exchange" 19 times. Moreover, a new logotype has been "especially handcrafted by Lippincott & Margulies," a firm that has designed many of the most popular trademarks and developed many corporate identity programs.

In explanation, the Big Board stated that after extensive research and testing, "It was discovered that hardly anyone says 'NYSE.'" They say "New York Stock Exchange,' or just 'The Exchange'."

But there is more to the story. As the NYSE commented in its announcement, "The insignia is progressive, yet it retains the feeling of stability. And it illustrates an awareness of the challenges of the future."

To explain further: There is currently under way a vast shakeup of the securities markets, the outcome of which might be one vast central market for stocks and bonds. It would be a monumental change from the present.

As of now, there are exchanges spotted in various parts of the country—in Boston, New York, Philadelphia, Chicago, Salt Lake City, San Francisco, for example. Someday, it is foreseen, they will be more closely tied to each other.

Whether or not these ties actually will bind them into one exchange is at this time hypothetical. While it might happen, all that can be stated positively is that they will at least be more interrelated.

There is, therefore, a good deal of jockeying for position. The NYSE is by far the biggest, most powerful of these exchanges and it hopes to stay that way in any reshuffling. It is, in its own view, The Exchange, among exchanges.

The view is vigorously disputed by the so-called regionals and by the American Stock Exchange, who maintain that many innovations originated with them and were later accepted by NYSE.

Predict 23 road deaths

COLUMBUS, Ohio (AP) — Traffic during the three-day New Year's holiday weekend in Ohio will claim 23 lives, according to the State Highway Safety Department.

That's two less than last year's New Year's toll and four less than the 27 killed in Ohio over the recent Christmas holiday.

Director Peter O'Grady said the prediction is lower this year because the holiday falls on a Sunday when motorists may have less access to open bars.

The holiday period starts at 6 p.m. Friday and extends until midnight Monday.

Alligators and crocodiles eat nothing but meat.

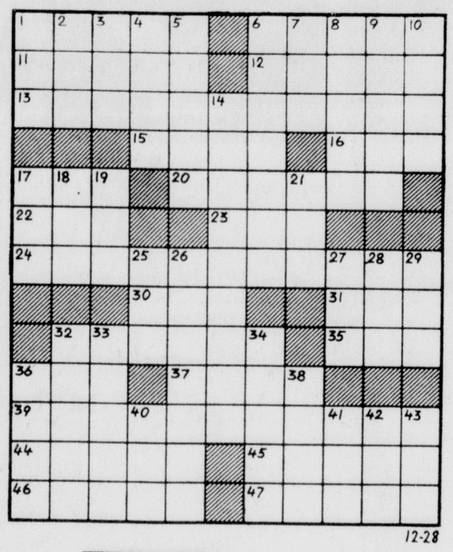
Yesterday's Answer



DAILY CRYPTOQUOTE – Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

State continues struggle with ambulance service

CLEVELAND, Ohio (AP) — The funeral home hearse that doubles as an ambulance may be the last of a dying breed— Ohio funeral directors say they're anxious to get out of the ambulance business.

Most say they have always lost money on ambulance services, and a number say proposed state regulations requiring mandatory ambulance standards and training for attendants will make costs prohibitive.

The state Health Department conducted a poll last spring and found that 64 per cent of the funeral directors contacted wanted out of the business.

"I never made a poll, but from talking to others and from my own experience, I know most of us would get out if we could," said Charles R. Boring, president of the Ohio Funeral Directors Association.

Most funeral homes are in the business now because their hearses are the only available vehicles in many areas that can carry patients lying down, he said.

"We can't get out of it because there is nothing to take our place. Until ambulance service is taken over by local government, I am stuck with it."

The federal Highway Safety Act of 1966 demanded that every state write minimum standards for ambulance service but state officials in Ohio say they already have postponed that until at least 1976.

Without any state requirements on the books, there's nothing to stop anyone with a station wagon and a cot from going into the ambulance business, admitted Dr. Thomas A. Gardner of the Health Department.

But it's "a matter of deciding whether any ambulance service is better than no ambulance service at all."

"If strict standards were written as they have been in a couple of states, you would have chaos—either because the rural funeral homes would have to pull out, or the law would contain complicated exceptions."

The immediate answer will be upgrading local fire and rescue squads to handle the load, he said. That has already begun.

During the last three years, the state has channeled $2.5 million in federal funds to rural Ohio areas to upgrade ambulance services.

"In three years, we've bought 124 ambulances, fitted them with thousands of dollars in medical equipment and supplies and set up vehicle and base radio communications," he said.

Mark Hodge again jailed for assault

FINDLAY, Ohio (AP)—Mark Hodges of Leipsic who was arrested and charged Wednesday with assault with intent to kill a young Findlay woman Dec. 22, is being held under $50,000 bond here.

Hodges, 31, is charged with assaulting a woman in her late teens or early 20s on a southern Hancock County road.

Sheriff William Bell said Hodges used a red light on top of his car to pull the woman over to the side of the road and take her from the car. She was injured in the scuffle that followed.

Hodges was arrested in Putnam County, Wednesday and taken to Findlay where acting Municipal Court Judge Robert T. Walker set the bond.

Hodges is the same man charged in November 1970 with the killing of Karen Kern of Sylvania, the niece of AFL-CIO chief Frank King. He was acquitted.

He was charged, too, at about that same time with shooting with intent to kill Denise Fortner, 17. Miss Fortner was riding a motorbike when she was forced off the road by a car. The driver of the car returned and shot her. That trial ended in a hung jury. A second trial resulted in Hodges' acquittal.

He was acquitted two years ago of assault on a female in Union County.

Hong Kong is a Crown colony of Britain, situated alongside China at the mouth of the Canton River.

Tourism conference slated at Salt Fork

COLUMBUS, Ohio (AP) — The Governor's Conference on Tourism will meet for three days starting Jan. 16 at Salt Fork Lodge near Cambridge to seek ways to increase Ohio's tourist trade.

Pay bill signing set

COLUMBUS, Ohio (AP) — A bill raising the pay of state legislators, county officials, township trustees and clerks probably will be signed by Gov. John J. Gilligan later this week.

Gilligan's office said Wednesday that the governor would probably sign the bill Friday or Saturday before leaving Sunday for the Rose Bowl in Pasadena.

The bill has to take effect prior to Jan. 1 when most of the officials whose salary would be increased take office for new terms. The Ohio Constitution prohibits in-term increases.

Legislators would get an increase from $12,750 to $14,000 annually, county officials would receive from 20 to 22 per cent more, and township officials would receive varying amounts depending on the dollar size of the budgets they handle.

The measure carries an emergency clause that gives it immediate effect.

O'Neill to take oath

COLUMBUS, Ohio (AP) — C. William O'Neill, 25, will be sworn in by his father Jan. 1 as a member of the Ohio House of Representatives for the state's new 28th District.

His father is Chief Justice C. William O'Neill of the Ohio Supreme Court. The ceremony will be in the municipal building in suburban Upper Arlington.

GE DEALER RECOGNIZED — Dick Davies, co-owner of Robinson Road Appliance and Service Co., Fayette County's General Electric dealer, has been recognized by the manufacturing company as an outstanding dealer in a recent promotional sale. Davies sold 10 pairs of GE home laundry units in a span of a week for which he was recognized with a plaque (left.) Davies also was named an outstanding GE merchandizer, basically for advertising promotions, for which he received a commemorative plaque (right) symbolizing the flights of Mercury, Gemini and Apollo missions in the United States' space program. The plaque was designed by Claude Rose, manager of GE's advertising department in Cincinnati.

General Telephone hikes area budget

WILMINGTON — General Telephone Co. of Ohio today announced a record-breaking $1,374,816 construction budget for 1973 in the Wilmington district.

T. R. O'Neil, district commercial manager, said the major portion of the budget will be used to expand call-switching equipment and cable networks throughout the district.

"The goal of limiting new urban residential service to one- and two-party, and the reduction of rural lines to four-party service by year-end 1976 necessitates expenditures of this size," O'Neill noted.

The completion of a major $128,000 call-switching equipment addition here is under way. Completion is scheduled for early 1973. Another equipment addition will then be started. This $135,000 job is scheduled for completion late in 1973.

A total of $270,000 has been budgeted for the addition of aerial and buried cable facilities throughout the Wilmington exchange area.

"Other area exchanges also are to get major additions," O'Neil noted. "Blanchester is earmarked for two major cable jobs totaling $26,700. Greenfield exchange has additions of cable and switching equipment scheduled totaling $24,000, and Lynchburg exchange will have a major $33,000 plant addition.

"All exchanges within the Wilmington district will benefit in some way through the major additions planned for 1973," O'Neil explained.

The Wilmington district is comprised of 11 exchanges: Wilmington, Blanchester, Clarksville, Greenfield, Leesburg, Lynchburg, Martinsville, New Vienna, Port William, Sabina and New Burlington.

These exchanges serve 20,715 phones in a 746.5-square-mile area of Clinton, Highland and Ross counties.

Policemen stationed to prevent robberies

MINNEAPOLIS, Minn. (AP) — Plainclothes policeman armed with sawed-off shotguns have been stationed by the Police Department at various businesses in an effort to curb holiday season robberies.

Deputy Chief Carl Johnson said more than a dozen policemen will remain stationed at various city liquor stores, grocery stores and all-night gas stations through the first of the year.

Traffic court

Only one traffic case was heard in Municipal Court Wednesday by Acting Judge Walter Seifried.

Charlene E. Langley, 53, of 1349 Meadow Dr., was fined $35 and costs for failure to yield the right of way. She was cited by the Fayette County Sheriff's Department.

Rose Bowl bits

When you think of the Rose Bowl do you see the Southern California Trojans running all over the famed Pasadena turf?

If not, you should because Southern Cal's star-studded teams have been to the Rose Bowl so many times we suspect they have a permanent lease on the Pasadena field.

The upcoming New Year's Day classic which matches the unbeaten and top-ranked Trojans against the third-ranked Ohio State Buckeyes will mark the Southern Cal's 18th Rose Bowl appearance.

BESIDES ALL of Southern California's appearances in the New Year's Day classic, the Trojans own so many Rose Bowl records that most of them may never be equaled, much less surpassed.

Since the Big Ten and Pacific Eight became partners back in 1947, the Midwest teams have won 17 games. Of the nine wins copped by the West Coast schools, USC owns four.

When the Trojans went to the Rose Bowl for the 1970 shootout with Michigan, John McKay became the first coach ever to make four consecutive trips to the Pasadena saucer.

On his five appearances McKay won three, beginning with the Wisconsin scoring orgy in 1963. He also beat Indiana 14-3 in 1968, and Michigan in 1970. He lost to Purdue 14-13 when he refused to try for a tie in 1967 and was dumped by Ohio State 27-16 in 1969.

Five times USC has sent unbeaten teams to the Rose Bowl and they lost once. The loss came in 1969 to Woody Hayes to supply McKay with a revenge motive if needed for this New Year's Day clash.

McKay's personal coaching record against Big Ten opponents in 13 years at USC is 33-17-2. The Trojans are unbeaten in 16 straight games dating back to the last game in the 1971 season when UCLA tied them 7-7.

Southern California stands 4-4 against the Big Ten at Pasadena since the Rose Bowl became a private party in 1947. The 1952 Trojan version snapped a Big Ten winning streak by nudging Wisconsin 7-0 in 1953.

But, the Big Ten's overall Rose Bowl record is well ahead of the Pacific-Eight.

THE BIG TEN'S 17-9 series edge is doubly impressive when you recall that until two years ago the Big Ten would not permit any school, champion included, to make the trip two consecutive years. Three times the runnerup school got the trip ticket and three times the No. 2 team defeated the Pac-8 champ.

This will be Woody's fourth Rose Bowl adventure. The crafty Buckeye veteran has stacked up a 3-1 record and two of those wins were at the expense of Southern Cal.

Ohio State topped the Trojans 20-7 in 1955 and returned three seasons later to shade Oregon by a 10-7 score. In 1969, Hayes registered the aforementioned 27-16 verdict over USC, before being upset by Stanford 27-17 in the 1971 game.

Holiday tournament action keeps Ohio cagers busy

By THE ASSOCIATED PRESS

Holiday tournament action kept many Ohio college basketball teams busy Wednesday night, but Cincinnati in a non-tourney game gained the greatest glory, upsetting No. 8 ranked Penn and knocking the Quakers from the ranks of the unbeaten.

The Bearcats, now 5-2, used a needling zone press and a well-balanced offense to defeat Penn 71-65 and remain undefeated on their home court.

The tactics forced Penn into 23 turnovers and was its first loss in the last 20 games.

Cincinnati led most of the second half, often with leads of as much as eight points, and with a great assist from Loyd Batts who got 12 of his team-high 18 points in the last half. Guard Dan Murphy also had 11 of his 13 points in the final period and made four clutch free throws late in the game.

In out-of-state tournament action Miami of Ohio won over Florida 88-72, a victory that gave Miami the consolation game in the Gator Bowl Tournament.

At Findlay's holiday tournament, Rio Grande lost to favored Erskine, S.C. 63-57 while Babson, Mass., was defeating the host squad, 77-69. The winners and losers will meet tonight in two games.

Host Urbana defeated Huntington, Ind. 88-75 in its tournament and will meet Georgetown, Ky., tonight for the championship. Georgetown moved into the final game with an 88-86 squeaker over Northwood.

In an easy victory in the Muskingum Shrine Tournament, Muskingum beat Bluffton 62-52 while Mansfield State, Pa., edged by Elmhurst, Ill., 79-75.

In the Colonial City Class at Mt. Vernon, host Kenyon defeated Washington and Jefferson 67-53 and Wright State romped by Denison 72-58. The winners will meet for the championship tonight while the losers vie in the consolation.

Baldwin-Wallace had an easy time winning over Tusculum, Tenn., 75-46, in the Mt. Union Tournament but Hiram just barely edged by Mt. Union 84-83. A free throw by Larry McCall with 12 seconds left provided the margin.

Host Ashland also narrowly won over Geneseo State, 81-80, in its holiday tournament and will now meet West Virginia tonight for the championship. West Virginia knocked Earlham into the consolation round tonight with a 99-88 victory.

In other Ohio college action Ohio State easily defeated Yale 83-62, Ohio Northern romped past Adrian 63-43, and Norfolk State moved over the century mark in its 112-91 victory over Central State.

Marquette edges Widcats

By THE ASSOCIATED PRESS

"I'll tell you something that might shock you. I personally wish the streak had ended."

Al McGuire, coach of nationally third-ranked Marquette in college basketball, made the comment after the Warriors had won their 77th straight at the Milwaukee Arena by edging unranked Northwestern 89-85 in overtime Wednesday night.

"Everybody talks about our winning streak at home," McGuire said. "But we've won 26 of our last 29 on the road and that's what I'm proud of. As long as we won this was the best thing that can happen to us.

"You know the heads get out of proportion sometimes, even my own, when we keep winning."

The Warriors, one of the few major unbeatens, won their sixth of the season on four free throws each by Allie McGuire and George Frazier in the extra period. Northwestern, 1-7, missed its chance for a major upset when Rick Sund's long shot fell short at the buzzer ending the regulation game 81-81.

Larry McNeill led Marquette with 32 points and made a key interception with 17 seconds left. The Warriors led by only 87-85 at the time and Frazier's two charity tosses with six seconds to go sewed things up. Sund sparked the Wildcats from the Big Ten with 22 points.

Minnesota, Long Beach State and Missouri, ranked fifth, sixth and seventh, respectively, in The Associated Press poll, kept their slates clean, but Cincinnati knocked No. 8 Pennsylvania out of the unbeaten ranks 71-65.

Minnesota won its seventh straight by beating Washington State 41-35 in the first round of the Far West Classic, one of the many holiday tournaments that got under way.

Long Beach made it nine in a row with an 87-68 romp over Mississippi in the All-College and Missouri also made it nine straight by ripping Colorado 98-78 in the Big Eight.

Jacksonville won the first holiday tourney of the week. The Dolphins whipped Rutgers 84-71 in the final of the Gator Bowl.

Arizona upset Purdue 83-80 in the Las Vegas Holiday and Louisville whacked Fordham 100-73 in the Rainbow Classic. Oklahoma City whipped St. Francis, Pa., 109-81 in the All-College while LaSalle tumbled Southern California 77-72 in the Quaker City Classic.

It was Drake over Iowa 98-80, Ohio State over Yale 83-62 and Seattle over Dayton 92-71 in non-tourney games.

SPORTS

Grays bomb Blues, 27-15 in grid tilt

MONTGOMERY, Ala. (AP) — "We made mistakes and the Grays didn't. It was that simple," Coach Vince Gibson said after his Blue squad lost 27-15 in the annual Blue-Gray football game.

One of those mistakes came during the first minute of play. Defensive back Ken Phares of Mississippi State intercepted a pass from Tony Adams of Utah State and ran it back 34 yards for a Gray touchdown.

Quarterback Don Strock of VPI, who gained more yardage than any other college back this year, led the South to victory Wednesday night and was named the game's most valuable player.

Strock, who was also tops in passing, couldn't connect with a scoring pass in the game, but did pilot the South in their touchdown drives.

"Coach Charlie Coffey's squad was well prepared and played nearly flawless football. But we lost three interceptions and our receivers dropped too many passes and those blunders killed us," the North coach from Kansas State said.

Adams, who ranked just behind Strock nationally in total offense during the regular season, put together one scoring drive and climaxed it with a 16-yard touchdown pass to Doug Winslow of Drake in the first period.

The North's backup quarterback Dennis Morrison of Kansas State engineered another scoring march in the final two minutes with Martin Januszkiewicz of Syracuse diving over from the four.

Rice's Mark Williams kicked two field goals for the Grays besides booting two extra points.

Phares was selected as the Grays' most valuable defensive player.

The Blues have not won the college all-star classic since 1967 but the North and the South tied in 1969. The Grays lead the series 20-13-1.

Bobby Unser confident of 200 m.p.h. at Indy

NEW YORK (AP) — When cigar-chomping Barney Oldfield blazed around the crushed stone surface of Indianapolis Motor Speedway at 76.27 miles per hour in 1909, nobody ever thought of 200 m.p.h.

Now, 64 years later, Bobby Unser, who has gone faster on a closed race course than any other human, says confidently that the 200 barrier will be broken at the ancient speedway next May.

"I ran 197.5 there just a month ago during Goodyear tire tests," the Albuquerque speed specialist said in a telephone interview, "and I was doing it very easily.

"I am sure," he added, "that when we bring our Olsonite Eagle to the Speedway in May, the 200 m.p.h. mark will not be out of reach. In fact, we are gearing for it."

He no doubt will be proven right in his prediction. The never ending search for speed at the speedway has brought about dramatic changes in the last dozen years in race cars, tires and other accessories, and a breed of drivers who not only are fearless but more versed in engineering than the men who built the original speedway machines.

It was a 53-year struggle to get from Oldfield's 76.27 m.p.h. to the 150 barrier, then only 11 years to reach the threshhold of 200 m.p.h.

But the first round of qualifying for the 1972 Indianapolis 500 was a forecast of what could happen next May. On that first day of trials, the new one-lap, 2.5-mile record was held briefly by six different drivers and the speed jumped from Pete Revson's 179.354 of 1971 to 196.678 by Unser on his third qualifying lap en route to the pole position.

Buckeyes overpower Yale

COLUMBUS, Ohio (AP) — Ohio State's Buckeyes, dominating the boards and shooting six percentage points better than their average, overpowered the Yale Bulldogs 83-62 in college basketball Wednesday night.

The Buckeyes managed 35 out of 68 shots from the field for 51.5 per cent and held a commanding 52-43 edge on the boards, often limiting Yale to one shot at its own basket.

OSU Coach Fred Taylor expressed pleasure with his team's shooting, an item he has stressed in practice, but said the Buckeyes overall performance was unpolished.

He singled out Wardell Jackson, who hit seven of eight baskets in the first half and had a game total 16 points, his best performance of the season. Taylor also had praise for Allan Hornyak, who led the contest with 22 points before leaving the game with 4:56 remaining.

Hornyak, OSU's best point producer with a 23.3 average going in, suffered a muscle injury in his left knee, but team physician Dr. Luther Keith said it didn't appear serious.

Keith said he would examine Hornyak again today, but expected him to be ready for Saturday's trip to Creighton.

Taylor, looking forward to the weekend match, said he expects to "run into a real buzzsaw with Creighton."

McClain pops Adena for 2nd win in row

FRANKFORT — Greenfield McClain, behind a balanced scoring effort in which three players finished with double digit performances, posted its second straight win of the season Wednesday night by popping Frankfort Adena 75-45 in non-league action on the Warrior boards.

Head coach Sam Snyder's tiny Tiger cagers, who dropped their first four outings of the campaign, pumped their all-games worksheet to an improved 2-5 level with the win.

Slick-shooting senior backcourt ace Buddy Kennedy sparked Greenfield's balancing act with 11 field goals and one free throw for 23 points. Kennedy received ample backing from hard-working senior forward Larry Crabtree who netted 19 points and George Hamilton contributed a 16-point performance.

GREENFIELD zipped to a 16-8 first period advantage and bucketed 20 more points in the second frame to grab a 36-18 lead at intermission. The Highland Countians increased their bulge to 57-33 after three quarters and capped the win with 18 points in the fourth canto.

Randy Hill and Carl Hamman scored 10 points apiece for head coach Ron Hall's Frankfort Adena team which absorbed its seventh consecutive setback of the season.

The Greenfield game opened a five-game holiday schedule for the South Central Ohio League teams. In tonight's action, Washington C. H. will pay a visit to Hillsboro while Circleville invades Miami Trace and Franklin goes to Wilmington on Friday night. Miami Trace will entertain Madison Plains Saturday to complete the holiday card.

Score by Quarters:

Grn.	16	20	21	18—75
Adena	8	10	15	12—45

GREENFIELD — Hamilton (8-0-16); Crabtree (9-1-9); Trego (3-0-6); Kennedy (11-1-23); Raike (2-1-5); Carmen (0-2-2); Anderson (1-0-2); Strain (1-0-2); Totals (35-5-75).

FRANKFORT ADENA — Hill (5-0-10); Hamman (4-2-10); Gibson (3-0-6); Beverly (4-1-9); McCarty (1-0-2); Ragland (2-0-4); Barnes (2-0-4); Totals (21-3-45).

Reserves: Greenfield 50, Adena 45.

Houston Rockets smash Lakers in 136-104 contest

By THE ASSOCIATED PRESS

The Houston Rockets had stunned the Los Angeles Lakers by 32 points but winning Coach Tex Winter was worried, thinking it might be a bad omen for the next game.

"This score will be bad for us when Milwaukee reads it," Winter said after his Rockets had demolished the injury-plagued National Basketball Association champions 136-104 Wednesday night. "They'll say, 'Wow, look how much Houston beat LA.'"

The Rockets, red hot after a slow start, try for their sixth victory in seven games Friday night against the Bucks in Milwaukee.

In the only other NBA game Wednesday night, the Atlanta Hawks edged the Philadelphia 76ers 121-120 on Don May's 10-foot jump shot at the buzzer.

In the American Basketball Association, Carolina downed Indiana 122-114, Kentucky topped New York 105-101, Denver nipped Virginia 115-113, and San Diego defeated Memphis 106-102.

Mike Newlin led the Rockets with 24 points, while Jack Marin and Jimmy Walker had 23 apiece and Rudy Tomjanovich 21. Gail Goodrich netted 37 points and Jerry West 24 for the Lakers, who played without starting forwards Jim McMillian and Happy Hairston.

May came into the game for Atlanta with 11 seconds remaining and hit his winning basket after grabbing teammate Pete Maravich's rebound in the lane.

Lou Hudson paced Atlanta with 34 points, while Maravich added 25. Leroy Ellis and Fred Carter each scored 25 for the 76ers, who suffered their 10th straight loss and 34th setback in 37 games.

Carolina, leading the ABA East, blew an 18-point third quarter lead, before battling back to beat Indiana.

Price Commission probes grid ducats

WASHINGTON (AP) — The Price Commission is reviewing the National Football League's ticket prices for postseason playoff and championship games.

"The increase in prices has been called to our attention and we are looking into it," a commission spokesman said Wednesday.

Hitler parade limousine heads auto auction list

BY DALE BURGESS
ASSOCIATED Press Writer

AUBURN, Ind. (AP) — Auto auctioneer Dean V. Kruse keeps having this dream: lights and a crowd and he slaps the clamshell fender of a 22-year-old used car and chants:

"Going once, going twice, and sold to the gentleman with the diamond stickpin for $100,000."

He knows it's a dream, but he also knows it could come true.

Kruse and his three auctioneer brothers will offer Adolf Hitler's parade car to the highest bidder Jan. 6 at Scottsdale, Ariz.

The specially built Model 770K Mercedes-Benz is from the private collection of Tom Barrett, a Scottsdale developer.

Kruse and his brothers will sell more than 50 other antique, classic and exotic autos in the Scottsdale auction. They will include a 1912 Fiat, a 1915 Mercer, a 1910 Stoddard-Dayton, a 1925 Locomobile Sportiff special and a 1931 Isotta-Fraschini.

But the Hitler Mercedes is the top of the line.

Does Kruse actually think somebody will pay $100,000 for the armor-plated German mechanical jewel?

"That depends entirely upon how bad some museum or collector wants it," he said.

The Mercedes has to be one of the most looked-at cars in history.

Hitler transported himself, Mussolini, Baron Mannerheim and other notables in it on state occasions as millions heiled.

Der Fuehrer finally gave it to Mannerheim, who shipped it from Finland to Sweden to keep the Russians from getting it. The Swedish government seized it for taxes after Mannerheim's death.

The Swedes traded the car to an American importing firm for an undisclosed quantity of ball bearings. For a time it was exhibited in the Museum of Science and Industry at Rockefelier Center, New York.

The car has a retractable top, 2-inch-thick bulletproof door and windshield glass, armorplate doors and floor boards. It weighs 10,000 pounds.

A supercharged straight-8 engine, 467 cubic inches of piston displacement, reputedly can move the monster at more than 135 miles per hour.

Like a yacht, this is the kind of car you don't buy if you need to know the price. Its gas consumption is so voracious that it needs a 56-gallon tank.

Cincinnati fire fatal to 2 believed started by stove

CINCINNATI, Ohio (AP)—A two-alarm fire which claimed two lives and injured more than 15 people in a three-story apartment building here apparently started in a gas stove in one unit, Cincinnati Fire Chief Bert Lugannani says.

He added that the blaze which caused $45,000 damage Wednesday was apparently started accidentally "but we don't know what triggered it."

Theresa Samuels, 13, and Netta McCall, 6, died from smoke inhalation. The two were found on a mattress in a third-floor apartment in the 20-unit building. The older child had her arms draped over the younger child in a protective position, Lugannani said.

Only three of those injured remained hospitalized today. They were Melinda McCall, 18, and her son, Carl, 4; both listed in serious condition; and Delores Berry, 19, reported in fair condition.

Authorities said that Netta McCall was Melinda McCall's daughter. Charles McCall, Mrs. McCall's 3-week-old son, received only minor injuries after being thrown from a third-story window. Firemen said that the baby's fall was broken by an unidentified man.

Lugannani said that three children of Juanita Moreland hid in a closet on the ground floor and were rescued by firemen who walked past the closet several times before hearing the children. Mrs. Moreland, 20, jumped out of the building safely.

He said 10 other people were rescued with ladders.

Lugannani said the stove where the fire was believed to have started was on the first floor. He said that a metal fire door had been propped open and permitted the fire to spread upward.

The 3,986-mile-long border between Canada and the U.S. has been unfortified for more than a century.

Hamilton's transit system to change

HAMILTON, Ohio (AP)— After the first of the year, Hamilton's public transit system will be operated by Megacity Transit Lines, Inc. of Dayton, Hamilton City Manager Edward Smith says.

Smith said Wednesday that Victor Lehman, current operator of Hamilton's bus system, notified him he will not be able to continue the job next year under the present agreement with the city.

Computer detective brings big decline in burglaries

SEASIDE, Calif. (AP) — Following the advice of a computer, two policemen here have accounted for more burglary arrests in the past two months than the entire 54-man force has in any previous year.

"We were damn tired of reacting to burglaries after they happened," said Police Capt. Dale W. Anderson, who heads a burglary patrol which relies upon probability instead of manpower.

Since late October, the $59,000 program has yielded 27 burglary arrests, the recovery of $30,000 worth of stolen property and more than a 25 per cent reduction in burglaries, he said.

Police officials said the program, financed in part by a $39,000 grant from the Council on Criminal Justice, might serve as a model for other cities the size of this Monterey Bay community of 40,000.

Seaside's assault on burglary began in mid-1970 when a police reserve officer began feeding year-old burglary reports into a computer. By 1971, enough data on the times, place, type and manner of burglaries was gathered to permit an experiment.

A rented computer was used to assign a two-man, unmarked patrol car to areas most likely to be hit by a burglar during a specific time of the day and month.

Anderson said the results "even amazed us though we ran out of money after five months. But in that brief time we achieved a 15 per cent reduction in burglaries, and we reduced by half the loss people took from each burglary."

After the program was resumed, Anderson said the reduction has been even greater, with the city averaging about 45 burglaries per month, compared with about 70 normally.

Each week, the police department gets an updated computer readout predicting when, where and how burglaries most likely will be committed in that week.

The prediction is based upon detailed past burglary reports, which include type of property taken, means of entry and other details of modus operandi.

Windshield washer fluid still impounded

CINCINNATI, Ohio (AP)— Some 1,651 gallons of ChinaTown Windshield Washer AntiFreeze seized from the discount-department store's three locations here cannot be returned to the company until the substance is properly labeled, a judge says.

Judge Timothy Hogan of U.S. District Court here ruled Wednesday that the fluid was misbranded. He said the fluid contains methyl alcohol which is poisonous and was not labeled as such. The fluid was confiscated Dec. 2.

Man to appear in kidnap hoax

COLUMBUS, Ohio (AP) — Martin Alper, 21, of Columbus, will appear Jan. 4 on a charge of giving a false kidnaping report to police, a report which resulted in a two-state search for him.

Say movie cliches lead to hostility, job bias

SANDRA SHEVEY

By ANN HENCKEN
Associated Press Writer

NEW YORK (AP) — The antifeminist cliches and increased violence in today's films can lead to job discrimination and hostility between men and women, says 27-year-old film critic.

"It seems the vicious and violent cliches which keep woman in her place kindle feelings of antagonism between men and women. These evidence themselves in job discrimination, sexism and machismo," said Sandra Shevey, who is teaching the first course on women in films at the University of Southern California this year.

"When we see violence films which play out man's aggression toward women . . . men repress these instincts, and let them out in socially acceptable situations. The films reinforce hostile feelings," says Sandra, who calls herself "film critic in residence" for the National Organization for Women.

Sandra groups the cliche women's roles into The Virgin Cult, the Sex Symbol, the Career Girl and The Perfect Wife. She feels that today's films are just a cliche-ridden and even more violent than films of the past.

"The career girl is always crazy, neurotic, hell-bent on success, and she always learns her lesson," says Sandra, who groups the roles of Bette Davis, Ginger Rogers, Joan Crawford and Jane Fonda in "Klute" in this category.

GINGER ROGERS in "Lady in the Dark" gave up her job to a subordinate and married him after she was badgered by others in the office.

"The lesson learned is — give up your position and get married. You will be alienated if you aren't preoccupied with frills, fads and men," says Sandra.

That same message becomes more strident and the penalties for uppity women become death instead of derision in a current film like Hitchcock's "Frenzy," says Sandra.

"Two women are killed off in the most brutal way because they try to assert their female independence. It's still a lesson learned — except the male anger is more complete in the 1970s because women's struggle for liberation is greater," she says.

In virgin cult roles, the damsel is often made distressed by a man and then saved by him. The perfect wives are always the women behind the men.

"These are recurrent and consistent motifs. Rarely do you see a divergence," says Sandra, listing "Clockwork Orange," "Diary of a Mad Housewife," and Woody Allen's "Everything You've Always Wanted to Know About Sex . . ." as guilty parties today.

SHE CALLS on the movie industry to begin seminars on the image of women in film, so film makers can become aware of these "harmful cliches" and be able to make alternative choices.

"Maybe instead a movie should reinforce feelings of caring, sensitivity, not fear but faith," says Sandra, who can think of only one American film which does this — "Adam's Rib," with Tracy and Hepburn.

After Sandra gave her pilot program "Myth America in the Movies," at New York University last spring, she was asked to lecture at colleges across the country.

"Most people are incensed by these antifeminist images of rape and violence. They want to know how to strike out," says Sandra.

She suggests protests like boycotting the films, writing the director and the producer, complainng to the theater manager and throwing rotten tomatoes.

"You're you own best movie critic," she says.

They'll Do It Every Time

Speaking of Your Health...

Lester L. Coleman, M.D.

Periodic checkups essential

I have just found out that I have high blood pressure. Is it possible to have high blood pressure without knowing it?

I haven't been sick in 40 years and frankly, have not been to a doctor since I was 7 years old.

Mr. C. C.

Dear Mr. C.:

That, indeed, is an excellent health record, and one that should give your pride.

But there should be no pride in the fact that during all these healthy years you have not consulted a doctor for a general physical checkup.

Had you done so, your high blood pressure might have been discovered and treated earlier.

The basis for good medicine is the early discovery of a condition. High blood pressure, particularly, is related to circulatory diseases, heart conditions, and even strokes. When uncovered early, these complications can often be avoided.

A very interesting study recently performed in Chicago was reported in the Journal of the American Medical Association. About 20,000 industrial employes had volunteered for tests of their blood pressure. About 4,500 of these were found to have high blood pressure.

Almost 60 per cent of those people with high blood pressure did not know they had this disorder before these tests were made.

They were, of course, not being treated. If this study can be considered valid for other areas of the country, there must be thousands of people who benignly consider themselves in perfect health when actually high blood pressure exists.

This is, indeed, unfortunate because it violates the very essence of good, preventive medicine.

A complete medical examination is not an indulgence. It is a gift to one's self and one's family.

Is there any advantage in using medication such as benzoin in steam inhalations?

Mrs. M. M., Utah

Dear Mrs. M.:

Steam inhalations are very valuable and are used often in respiratory conditions.

Benzoin, aromatic herbs and flower concentrates are often used in the steam kettle. They may be very pleasant and give a "medicinal" aroma which could have some psychological effect. However, the real advantage is from the steam itself

One of the favoite substances used all over Europe is camomile, a concentrate of the earth apple. This, with steam, diffuses and gives a lovely odor. The medical value is minimal compared to the value of the steam itself.

Are they any new drugs that can reduce morning sickness in pregnancy?

Mrs. L. J., R. I.

Dear Mrs. J.:

The general attitude today is that drugs of all kinds should be avoided during pregnancy.

Only with a dictor's permission should any drug, no matter how simple, be taken.

Opening lead - two of spades.

To be a successful declarer, one must make assumptions during the play. Often these assumptions are based more on hope than expectancy, since there is not much point in playing a hand on the basis that the cards are divided so that you cannot make the contract.

Here is a sample of the theory at work. Let's say you're in four hearts and West leads a low spade. East wins with the ace and returns the nine, your jack losing to the king. Back comes a spade, which you ruff, and the question is how to play the hand.

Ordinarily, you would lead a heart to the king and finesse the jack on the way back, but this would be the wrong play to make here.

It is right to lead a heart to the king, but it is wrong to finesse the jack. Instead, you should go up with the ace. As the cards lie, this unaccustomed play succeeds beautifully — because the ace catches the queen and East later shows up with the ace of clubs — but how in the world are you supposed to know that playing for the drop is better than playing for the finesse?

The answer is that you have no chance for the contract unless East has the ace of clubs, and, once you make this assumption, you cannot also play East for the queen of hearts.

It is conceivable that East would have passed third hand holding the A-Q-10-9-5 of spades and the ace of clubs, but it is inconceivable that he would have passed had he also held the queen of hearts. It is therefore proper to assume that West has the queen and on that basis reject the finesse as a hopeless gesture.

Propane gas made available for Buckeye grain drying

COLUMBUS, Ohio (AP) — The Public Utilities Commission of Ohio said today nearly 1.7 million gallons of gas have been made available to Ohio farmers who urgently need it to dry their grains during this wet season.

Commission Chairman Henry W. Eckhart said 161,506 gallons of propane gas have already been delivered to Ohio distributors to assit the farmers with grain harvesting and drying.

The commission is presently trying to solve the transportation problems of getting the supplies to local distributors who will supply the farmers.

"As of noon today, 18 truckloads of propane with approximately 9,000 gallons per load have been picked up from the Columbia Hydrocarbon Company storage facility at Mount Sterling."

The Dayton Power & Light Company has made available one million gallons and Columbia Hydrocarbon another 500,000 gallons at its Lima facility.

The gas crisis developed when farmers were delayed by the rainy weather from harvesting their corn and soybean crops. Even after harvesting, the wet weather has delayed the drying of the grain crops at a time when businesses and homes need propane gas for heating.

The commission has established a temporary war room to pinpoint the greatest gas needs and provide adequate supplies.

A spokeswoman for the commission said the areas of greatest need are in northwestern Ohio near Lima and Toledo.

John T. Gordon, PUCO director of transportation, said ten of his field personnel are helping during this emergency by insuring that distributors are using the gas that has been allocated to them for farm drying purposes only.

Norwegian book publishers turned out 4,500 titles in 1971.

City Council approves 3-month appropriations

City Council Wednesday night, in recessed session, authorized year-end transfers of funds to balance accounts and unanimously approved an appropriations ordinance for the first three months of 1973 municipal operations.

Council also appointed a new member to the City Zoning Board of Appeals and presented certificates of appreciation to a resigning member of the Zoning Board and to Council Chaplain Gerald Wheat.

Councilman Donald E. Wood and City Solicitor James A. Kiger reported to Council on a hearing they attended before the Ohio Liquor Control Board in an effort to stop the issuance of a D-1 beer permit to the Mike Kelly Construction Co., of Oklahoma City, Okla., for the establishment of a Pizza Hut restaurant at 409 S. Elm Street.

The 30-minute meeting, the shortest of the year, was recessed at 7:30 p.m. pending annual reorganization at the Jan. 10 meeting in the new city offices. It was the last meeting to be held in the old Council chambers.

THE APPROPRIATIONS ordinance, which authorizes City Auditor Patricia West to draw warrants for the first three months of 1973, includes a general fund appropriation for that period of $149,600, including $86,500 for security of persons and property; $2,000 for social services; $2,000 for leisure time activities; $2,700 for community environment; $8,000 for transportation (street lighting); and $48,400 for general government.

Also included in the ordinance are these appropriations for the three-months period: $16,500 from the voted fire levy fund; $5,600 from the voted storm levy fund; $52,900 from the street construction, maintenance and repair fund; $15,000 from the Oakland Avenue bridge improvement fund; and $39,000 from the sewer revenue fund.

COUNCIL adopted a resolution of appreciation to be presented to Patrick C. Palmaccio, Mead Containers Corp. plant manager, who resigned from the Zoning Board of Appeals due to his transfer to Gardner, Mass.

Also recognized with a resolution of appreciation and a plaque was the Rev. Gerald Wheat, of the First Presbyterian Church, who has completed his second year as Council's chaplain. The chaplaincy is an annual appointment made by the chairman of Council.

Lee B. Lynch Jr., 1276 Dayton Ave., was appointed by Council to the Zoning Board of Appeals for Palmaccio's unexpired term ending April 12, 1975.

COUNCILMAN WOOD reported that he and City Solicitor Kiger presented the city's objections to the issuance of the beer permit to the Kelly Construction Co. at a hearing held before the Liquor Control Board in Columbus.

Wood reported that they gave arguments to Sterling Allen, a control board examiner, but that "we didn't receive much encouragement." He urged citizens to attend another hearing, scheduled for objections from the City School Board, in order to make the case against the license issuance a stronger one.

Wood and Kiger both told Council that "it's an unfortunate law — bad law — when the city and school board have no recourse for appeal." He urged, in the event the city loses its case, the matter should be taken to the Supreme Court as a test case.

COUNCILMAN Joseph O'Brien reported to Council that the city has an opportunity to purchase a second salt spreader for the Street Department at half its original cost, approximately $500 to $600. Council, at a meeting earlier this year, authorized the purchase of two salt spreaders at $1,200 each, but purchased only one at the time. The city manager, O'Brien and Richard E. Duffy, street superintendent, were authorized to purchase the piece of equipment if it is in suitable repair.

Councilman Wood reported that an anonymous citizen has donated $75 to the city for the purchase of potted plants and flowers for the new city offices for the next meeting of Council.

Councilman John E. Rhoads, who earlier had reported a rat problem near a sewer in the 400 block of E. Temple Street, commended Council as "a strong, thinking Council" in summation of a year's activity.

Referring to criticisms of Councilmen for doing business with the city, "even though minor transactions," Rhoads dramatically tore up three bills totaling $23.08 for services and materials his firm supplied the city. He also donated $1 to the general fund which he received in a letter from a citizen, he said, which was sent to him for reimbursement of campaign expenses when he was elected.

Rhoads, in summation, paraphrased the late President John F. Kennedy. He said: "It's not what your city can do for you, it's what you can do for your city."

City's School Board slates reorganization

The City Board of Education will meet at 7:30 p.m. Tuesday to elect officers for the coming year, including a president, vice president and clerk-treasurer, and to establish the time and meeting dates for regular board meetings in 1973.

Following reorganization, the board will consider a light agenda which includes a request for the superintendent and clerk to attend a seminar, a recommendation for additional music material for the seventh and eighth grades, a review of deferred salary increases for two custodians, repair of a restroom in the Senior High School building and the review of an inspection conducted in the district's buildings by the Ohio Industrial Commission.

Superintendent Edwin M. Nestor also will report to the board on the status of the school district's objections to the issuance of a D-1 beer permit to the Mike Kelly Construction Co. for the establishment of a Pizza Hut restaurant across from Eastside Elementary School on Elm Street.

The bellow of an alligator can be heard a mile away.

County receives money for relief

Fayette County has received a total of $10,107 in general relief subsidies for December, Auditor of State Joseph T. Ferguson announced today.

A total of $7,992,293.13 in general relief subsidies has been distributed to Ohio's 88 counties for December, Ferguson said.

The general relief subsidy is a state financed program to give counties support for their local welfare programs. The money is in addition to the programs financed by federal funds, such as aid for dependent children, aid for the blind and aid for the aged.

The size of the distribution ranged from $4,885.34 for Ashland County to $1,996,445.67 for Cuyahoga County.

Courts

DIVORCE GRANTED

Joyce A. McDaniel, 432 Earl Ave., has been granted a divorce in Common Pleas Court from Paul E. McDaniel, Hillsboro, on grounds of neglect of duty and cruelty. The parties were married March 14, 1965, in Washington C.H., and have one minor child, according to the petition. The plaintiff was granted custody of the child, but the matter of support payments was continued to a future date.

PETITION DISMISSED

A divorce petition filed in Common Pleas Court by Fred L. Coldiron Sr., 633 Perdue Plaza, against Gladys Louise Coldiron, 1229 Rawlings St., has been dismissed on motion of the plaintiff.

TRAFFIC HEARINGS

Linda K. Jackson, 15, dayghter of Mr. and Mrs. Bruce Jackson, Rt. 4, was found to be a juvenile traffic offender following hearing before Juvenile Judge Omar A. Schwart Wednesday. Judge Schwart approved a penalty already imposed by the parents. Miss Jackson was cited by the Sheriff's Department Dec. 2 for operating a vehicle without a driver's license.

James D. Haithcock Jr., 17, son of Mr. and Mrs. James D. Haithcock Sr., 1028 John St., received a 30-day license suspension on a State Highway Patrol charge of speeding. Haithcock was cited in Franklin County Nov. 18 and the charge was certified to the Fayette County court.

Blessed Events

To Mr. and Mrs. Robert Kirk, Bowersville, a girl, 8 pounds, 12 ounces, at 8:20 p.m. Tuesday, Memorial Hospital.

To Mr. and Mrs. Gary Hidy, 1140 Nelson Place, a girl, 8 pounds, 4½ ounces, at 4:16 a.m. Tuesday, Memorial Hospital.

To Mr. and Mrs. Dale Lynch, 794 Duke Plaza, a boy, 7 pounds, 7 ounces, at 2:20 a.m. Thursday, Memorial Hospital. The grandparents are Mr. and Mrs. Samuel F. Wilson, 919 Briar Ave., and Mrs. R. B. McCoy, Rt. 35 SE. The great-grandparents are Mrs. H. O. Noland, Mrs. Faye Lynch and Mr. and Mrs. Fred Burr, all of Washington C. H.

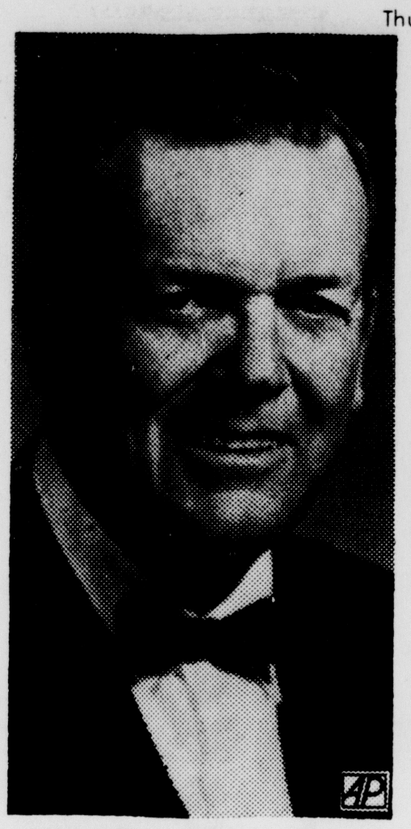
To Mr. and Mrs. John Byard, of Mowrystown, a boy, 6 pounds, 11 ounces, Dec. 20. The infant has been named John Traverse. The grandparents are Mr. and Mrs. Traverse Hollingworth, 5 Sunny Dr., and Mr. and Mrs. John Byard, of Wintersville.

Overdoses of pills send 2 to hospital

Two cases involving overdose of drugs were reported to the Sheriff's Department in the past 24 hours.

A 21-year-old Fayette County woman admitted that she had been taking medicine all day Wednesday for her nerves, the count toaling about 30 pills. She drove to the emergency room of the Fayette Memorial Hospital where she was treated.

A 15-year-old rural girl was treated and released at Fayette Memorial Hospital for an overdose of prescribed nerve pills. She was taken there by her parents after taking 10 of the pills. The incident was reported at 12:45 a.m. Thursday.



MAN IN MOSCOW — Alfred R. Wentworth, a senior vice president of Chase Manhattan Bank, has been appointed the bank's resident representative in Moscow. Wentworth, who is expected to open the bank office in January, would be the first American banker on permanent assignment in Moscow in more than 50 years. (AP Wirephoto)

Blackmore named chief of Scot's Inn company

George E. Blackmore, a Fayette County farm boy who got his start in the motel - hotel business when he built the Herefordshire Motel, CCC Highway-W, has been elected chairman of the board and chief executive officer of Scot's Inn Management Co., based in Columbus.

Blackmore founded the company in 1967 and was its first president. The company now operates luxury motor hotels in Columbus, Springfield, Lima and Piqua. A 278-room motor motel is in the final stages of construction at Orlando, Fla., near Disney World. It is expected to be opened next month.

Blackmore's responsibilities as chairman of the board and chief executive officer include determining the policies and objectives of the company. He also will assist in making decisions relating to real estate transactions and expansion programs.

The Scot's Inn board also announced the election of Jack D. Brown as president and chief operating officer and Jerry E. Neal as vice president of finance and treasurer.

The board said Brown will be responsible for total management and administrative procedures and implementation of policies and objectives of the board.

Neal will be responsible for all accounting and financial affairs of the company.

The board indicated that, under the new management, the company's management base will be expanded.

Brown, a Miami University graduate, previously was national sales manager for Tru Foto, a nationally operated film processing firm. Neal, an Ohio State University graduate, previously was associated with Price Waterhouse & Co. as an audit manager.

Dennis to head Senate Finance

COLUMBUS — Max Dennis (R-Wilmington) will be appointed chairman of the Ohio Senate Finance Committee during the 110th General Assembly session convening Jan. 1, it was announced today by Theodore M. Gray, chairman of the Senate Committee on Committees.

The post of chairman of the Senate Finance Committee looms as a top Republican policy position this session since a Democrat House controlled Finance Committee is not expected to materially change the governor's priority for expenditures.

"Max Dennis' cool head and responsible approach to legislative issues during his four years as chairman of the Senate Judiciary Committee is the type of approach we will need to properly evaluate the governor's spending policies," Sen. Gray stated in his announcement.

Currently serving his third term in the State Senate after having five terms in the House of Representatives, Sen. Dennis was previously city solicitor for the city of Wilmington and assistant attorney general of Ohio.

Since 1952, the governors-general of Canada have been native-born.

Theft, vandalism reports checked

A theft and two vandalism incidents were reported to area law enforcement officials Wednesday.

Shirley Forsha, 12 Fent St., Jeffersonville, reported that between 1 and 1:30 a.m. her 1969 Ford Torino, parked in the Bowland parking lot, CCC Highway-W, was the object of an act of vandalism. The right rear fender of the vehicle was kicked and dented.

Terry Garner, of Garner's Truck Service, Rt. 1, Jeffersonville, reported that sometime since last Friday a lock was cut off the chain that secured four tires belonging to the United Parcel Service. The mounted tires, valued at $800, were stolen. They were in storage at the rear of the Truck Service building.

Mrs. Leo Evans, 616 E. Temple St., reported to city police that at 8:27 p.m. she discovered three youths in front of her residence removing Christmas lights from the shrubbery. After accosting them, she said, the youths fled south on Delaware Street.

One of the first forts built on Navajo lands was Ft. Defiance in the northeast of what is now Arizona.

Exchanges cheerfully made . . . however, they must be made by January 1.
